The EXPANSIVE TREE PROTECTOR

Has been on the market

For three years

TESTED AND APPROVED

Endorsed by Park Commissioner John Chambers, Toronto;

R. L. Huggard, Central Experimental Station, Whitby, Ont.

It works while you sleep. Always on guard.
It expands with the tree. Will not tear, break, loose or rust.

It is durable, will last for years, making it cheaper to use than any horse-made device.

It both repels and kills. No crushing or burning of insects.

It is hooked round the tree; no nailing or defacing. Once put on it stays. It works automatically.

The "insecticide" with which this band is saturated meets every demand for relief.
