An exchange says that a new religious sect has been started in Iowa, who have purchased about thirty thousand acres of land on the Rock Island and Pacific Railroad. They number about one thousand five hundred, cal themselves "Amanians," and are all Germans Property is held in common, and the affairs of society are managed by fifteen trustees. Each person is allowed to draw a certain amount from the co-operative store yearly, and no member is given any wages or money for personal expenses. Gov. Hoffman has appointed the Hon. Enoch L. Fancher, of New York, as Judge of the Su-preme Court, in place of Geo. G. Barnerd, reoved. The righteous conviction of Barnar has done much to give a blow to judicial bri bery. Mr. Fancher, his successor, has been an ent practitioner at the New York har for many years. He is a prominent Methodist, was engaged by the Book Committee to conduct its case in the trial of Dr. Lanahan, and in the Book Concern, controversy. He is a man of decided ability.

A Free Will Bantist Conference was Lincoln, Sunbury County, N. B., on Friday son. last. All the ministers were present, except one, residing in the Province. The meeting was harmonious and profitable. The report for the past year showed that all the ministers had been engaged, either the whole or part of the time. Nearly 500 converts have been baptized and united, with the churches. Rev. Mr. Knowles, delegate from the Free Baptist Conference, N. S., gave a verbal report of the state of the cause among them.

TORNADO IN WESTMORELAND, N. B .- The Amberst Gazetle of Friday contains the tollow ing:-So unusual are tornadoes in this country that if we could not youch for the correctness of the following it would scarcely be credited: On Tuesday morning of last week, at day-light, a tornado passed from the southward over Bayside, Westmoreland Co. The house of Mr. Joshua Allen, which was in its course, was quite demolished, the roof having been lifted off and deposited bottom upwards at ten rods distant, while the remainder of the building was capsized. Mr. Allen and wife, and two other persons, who were asleep in the upper storey, wonderfully escaped serio Mr. Allen, only, being slightly hurt. This seems the more singular as two cats and a dog which were in the house were killed. Another house in the vicinity, belonging to

Trees as large as a man's leg were twisted off, while fences were prostrated and in some cases the poles scattered several yards away.

A man who was in a boat in the Bay, near the mouth of the Gaspereau, heard the rush of the tornado as it passed over him, making a sound like that of thunder. The width of its but is believed to have been within 100 yards
