S. R. WAKEMAN,
MANUFACTURER OF ORGANS & PIANO-PORTES,
Corner of St. Joseph and St. Henry Streets,
MONTREAL.

WOULD respectfully call public attention to the large and complete assortment of Rosewood and Mahogany PIANO-PORTES which he is now offering, the largest Piano-PORTES in the style of the Harmonie; Grand Square and Concert Style, six, six-and-a-half, and seven Octaves, with Metallic Frame.

These instruments being of his own manufacture, he has no hesitation in saying, that, in brilliancy and volume of tone, durability of workmanship, and excellence of sound, they are inferior to none imported into this Province.

From great increased facility for manufacturing, he can offer to state, that the above instruments will be sold at a great reduction from former prices; and that all orders for Pianos, Church, Parlour Reed Organs, Autoharp, and Harmonicas, of any size and capacity, will be executed with promptness, and warranted to give entire satisfaction. He has just had a fine beautiful and fine-toned Mahogany, in Rosewood and Mahogany, from four, four-and-a-half, to six Octaves—the inspection of which he would invite the Musical Commissioners of Montreal.

S. R. W. invites those who are in want of such Instruments, to call and examine the quality and price of the above before purchasing elsewhere.

\$100 REWARD.

WANTED.—A REPORT for UNIVALENT, MURKIN'S, and other CHAMBERS of DAMAGED TEA, and of all descriptions of Tea, &c., &c., which have been sold in this City, were to be given to me, I hereby offer a REWARD of \$100 to any person who will bring me evidence of their having been sold in this City, and of the amount which it was held, and, in addition to before my representations.

It is well known that the English Trade in Canada, is now established in the market, and that the English Tea is now held in the same position which it now holds, and, therefore, the amount of tea imported by the English, is now, in excess of the total importation of tea, and, that variety necessary to good living.
