KLONDIKE NUGGET.

THE RECENT ORDER.

It is to be greatly deplored that the government at Ottawa should have made such a glaring error as is now feared has been made in connection with the Klondike water grant to Treadgold and his associates. On the first casual reading of the order as Times. pulished in full in the Nugget of July 18th there is little to be seen of an objectionable nature, but closely studied, many objectionable features view of the statement made in the pubcome to light and prominent among them is the whole of section 10 of the order which reads as follows:

A dispatch from Dawson City says: that Gen, Delarey has informed the "An extraordinary feature was the Klerksdorp commando that there is no compliance of Governor Ross with a petition from American residents to declare the day a public holiday. In- their own account, asmuch as this is Canadian territory, the declaration of a public holiday by a Canadian governor was exceptional. Public offices did not all close, but many did, and Cauadians as well as Americans celebrated. The population of the camp is two-thirds American." The occurrence was not extraordinary at all. There was a time when the Fourth was celebrated in Victoria quite heartily. British people like to rejoice with all who are rejoicing when there is any sort of excuse for it. But our ardor has been somewhat dampened by the intolerance with which we are becoming so familiar. Very young nations, like very young people, are inclined to gush, and the Yankee adoration of the flag and jealousy of its honor are a trifle ridiculous to those who possess an emblem of established

reputation. The hysterically loyal in-

artistic effect of a pavilion has been compelled to undo his work. He has discovered that it was all a mistake. These goings-on are all the fruits of ignorance. Men appointed to responsible positions should be instructed in ordinary international courtesies. Sensible people merely laugh at such idiosycrancies, but serious trouble has been precipitated
