PORT WILLIAMS

The Pic Social here on Monday evening under the auspices of Sons of Temperance, was a decided success. The only drawback was the lack of pies. The neat sum of \$19.00 was realized.

The foundation is being prepared for the erection of Christian Church here early in the Spring. It will be built on land procured from S. P. Benjamin facing the road leading to Starr's Point. With considerable filling in and etc., it will be made a good situation.

The Baptists are preparing to give their church building a much needed coat of paint. The present coat has stood the storms of over 20 years.

The shipping has been stirring of late. Two good sized schrs. Omega and Delta owned by Captain Pratt of Cheverie, have loaded potatoes here of late. Smaller crafts have also been discharging coal here.

A. F. Newscombe is away on a fortnight's trip to Boston.

Miss Iomene Newcomb left Thursday for Pembroke, Me., where she will spend the winter with her cousin, Mrs. Dr. Best.

A bride and groom in the Port and as yet, the small boy has not blown his horn. We are certainly making rapid strides in civilization as such an omission was never heard of in former years.

Sore arms are plentiful and the question "Did it take" is getting some what stale. However we will not complain of the lesser evil.

Ducks are said to be plentiful at Starrs Point and enthusiastic sports from here make midnight sorties in quest of them, but as yet the shots have proved harmless.

Mr. Hector VanBaskirk of Kingston, has the position of mail clerk at J. W. Fullerton's and bids fair to keep up the record of the obliging officials of the past.

The service in Temperance Hall on Sunday evening next, will be prayer meeting on account of pastor R. E. Stevens preaching elsewhere.

Evangelist Roming has gone to Halifax.

There will be a Missionary Concert in Baptist Church on Sunday evening. The programme will consist of exercises by the W. B. M. U. and the children. Music led by church choir, also by the children and an address by Pastor Hatt who always has something new and interesting. A silver collection will be taken for missions.

There was quite a fire here lately when Dr. Fullerton's cooperage establishment was burned with considerable stock. Had the night not been suitable for fire, the whole place would probably have been wiped out, as there is no water supply. Oct. 29.

PALE YOUNG GIRLS

HOW THEY MAY GAIN BRIGHT EYES AND ROSY CHEEKS

The Story of a Young Girl Who Suffered from Headaches, Dizziness and Fainting Spells—Her Health Became so Bad that She Was Forced to Give up School

Miss Catherine McLellan is a young lady well known in Charlottetown, P. E. I., and greatly esteemed among her acquaintances. Like so many other young ladies throughout the land, Miss McLellan fell a victim to anæmia, or poorness of blood, and although several medicines were tried, she found nothing to help her until she began using Dr. Williams' Pink Pills for Pale People. Miss McLellan tells the story of her illness, as follows:—I am now eighteen years of age, and for a considerable time suffered much from anæmia. My blood had almost turned to water, and I was very weak and pale; in fact could not undergo the least exertion. My appetite failed me; I suffered from headaches; if I stooped I would become dizzy, and frequently I suffered from fainting spells. I tried several kinds of medicine and doctors prescribed for me, but instead of getting better I was gradually growing weaker, and eventually had to discontinue going to school. About this time I read the testimonial of a girl whose condition was similar to mine, who had been cured by Dr. Williams' Pink Pills. I then decided to try these pills, and have every reason to be gratified that I did so, as they have completely restored my health. Every one of the symptoms that had made my life so miserable have disappeared, and I am now enjoying as good health as any girl of my age could wish, and shall always have a good word to say for Dr. Williams' Pink Pills.

Miss McLellan further stated that while she was not desirous of publicity in matters of this kind, she nevertheless felt that her experience, if known might be the means of bringing health to some other sufferer, and it is this very praiseworthy motive that has induced her to give the above statement for publication.

Dr. Williams' Pink Pills make rich, red blood, and give tone to the nerves. In six hours after taking Doctor Loomer's Small Pox Cure the pains ceased, the swelling went down in the tongue and throat so she could speak; she had been blind for three days and speedily recovered. My two children were taken with the same disease one not being vaccinated, they took the remedy when it first showed the spots on the face, and were not sick afterwards. The spots dried in two days without leaving one mark. I was in the house all this time and took the remedy myself and did not take the disease. I believe it is a sure cure and preventative. I therefore recommend it to all.
