COMMERCIAL CLUB FOR NEWCASTLE

An informal meeting of some of the business men of Newcastle was held in the Council Chamber last Wednesday evening at 8 o'clock. Those present were Mayor D. P. Doyle, Ald. Wm. L. Durick, Chas. Morrissey, J. R. Lawlor, C. P. McCabe, Ed. Dalton, A. J. Bell, H. Williston, H. R. Moody, E. A. McCurdy, G. G. Couds, A. G. Putnam, G. G. Stothart, D. W. Stothart, A. McTavish, G. M. Lake and A. H. Cole. Mayor Doyle was elected chairman of the meeting. After considerable discussion it was unanimously decided to form a Commercial Club in Newcastle the purpose of which will be for the promotion of everything beneficial to the community, and to work in conjunction with the Board of Trade. It was decided to appoint the following temporary officers, a President, Secretary, Treasurer, and an Executive Committee of five. On motion the following officers were elected. President C. G. Couds, Secretary A. H. Cole, Treasurer, Geo. M. Lake, Executive Committee, Wm. L. Durick, G. G. Stothart, E. J. Morrissey, H. R. Moody and A. G. Putnam. It was further decided to hold the next meeting at 8.30 o'clock p. m. on Wednesday Dec 1st.

ZERO WEATHER EXPERIENCED MONDAY

The first zero weather of the season occurred at this place Monday night. The temperature as recorded was nine below zero. This is not unusual in this section, a period of zero weather usually coming on or about the first of December. There was no wind but the first cold weather of the season nevertheless was felt. As usual there were numerous thermometers in the town which registered several degrees below that temperature, a considerable variation being shown.

Fuel in Demand
 The first really cold weather of the winter has caused a brisk demand for fuel, both wood and coal being wanted. The snow has resulted in a brisk movement of wood of various kinds toward the town. Much is brought in from neighboring points on sleds. So far the price has been high but there are indications that the price will fall.

An Article Worth Reading

"We welcome every \$10 check to care for one child, and every hard-earned dollar given by those who can give no more. God sees and blesses 'the widow's mite,' and we earnestly hope that not a single man, or woman, or child will withhold the small gift because it cannot be as large as the loving heart that prompts it. But, oh, to those who can give largely, the appeal is urgent. Do not be satisfied with even so precious a thing as the life of one little child. The lives of hungry children, shivering in tatters in the cold winter's wind are very long. There are three and a half millions of them. That little girl or boy you would gather into your arms and give food and another one by hand, just as hungry and cold and another was crowding close behind, and another, and another. Will you stop with one jewel when you can have a hundred or a thousand? Will you turn only one cry of suffering into laughter if you are able to put the light of health and happiness into many wan little faces?"

INDIAN POLICEMAN KILLED AT BURNT CHURCH SUNDAY

Police Officer DeDam of the Indian Reserve at Burnt Church was killed last Sunday night in a fight at the Reservation and two brothers, Peter and Frank Mitchell, members of the Indian colony are suspected of the crime.

How the terrible affair happened is not yet known here, but it is thought that there was a fight among the Indians and the policeman was done to death. Word of the tragedy was phoned to Chatham Sunday night and Coroner Benson gave permission to move the body to the man's residence. In the meantime Col. Sheridan of Buctouche, who is Indian Agent for this district, was notified and no doubt he will at once take steps to thoroughly sift the matter.

The Newcastle Police have been notified to be on the look out for the two Indians and a thorough search in this vicinity is being made.

**LATER
 MURDERERS CAPTURED**
 The two Indians who are suspected of killing Policeman DeDam were arrested last night by Constable Arthur Doran, who brought the two men to Newcastle and lodged them in the County Jail.

Million-Dollar Oil Blaze is Real Scene In Serial Thriller

One of the greatest oil well fires that ever occurred contributes a thrilling spectacle of Vitagraph's latest super-serial, "The Silent Avenger." The conflagration took place recently in an oil field near the coast.

The story of "The Silent Avenger" has its later important settings in an territory.

When the time came for the filming of the scene, the real fire was reported nearby. William Duncan, star of the picture, and a large company travelled immediately to the scene of the blaze and staged their exploits under the shadows and within the glare of the vast blaze that was destroying millions in wealth.

Duncan is seen caged with Edith Johnson, playing the heroine's role, inside of a house, around which a stream of oil has flowed. This small river of oil becomes ablaze from the torch of a conspirator. Besides the thrilling plight of the characters, the tremendous spectacle of the real blaze makes the scene remarkable.

"The Silent Avenger" will be shown at the Happy Hour Theatre on Friday and Saturday.
