Here and There

A grant of \$25,700 to the Salva-tion Army to aid Canadian emigra-tion work in Great Britain has been authorized by a Canadian Order in Council

According to information received by the Canadian Pacific Railway at Winnipeg, sixty-three bushels of wheat to the acre has been harvested on the farm of T. M. Ballantyne, three miles north of Lacombe, Al-berta. The wheat graded No. 1 and weighed 64 pounds to the bushel.

Weighing 3,170 pounds, a steer, said to be the largest ever received in Winnipeg, arrived at the union stockyards from Wainwright, Alberta. It was sold for \$250, the highest selling price of any steer in Winnipeg since the war.

The Canadian Pacific S.S. "Bruten," which arrived in Liverpool on September 5th, put up what is considered to be a record in the speady discharge of cargo when she sailed the following day, Sept. 6th, at 7 p.m., having discharged over 2,000 tons of cargo.

It is announced that the Canadian Pacific Railway will increase the size of its irrigation headgates at Kimball, in southern Alberta, by 50 per cent in anticipation of an increase in area of 40,000 acres in the Lethbridge district. Water will be turned into the ditches of the Lethbridge Northern project, it is expected, some time this fall.

Buffalo steak will be abundant in Canada this fall. A herd of 2,000 surplus Buffalo wandering on the range in the National Park at Wainwright will be slaughtered by an Order-in-Council, and the meat and skins sold. For several years the Government has paid special attention to the preservation of the buffalo and the work has been so successful that the National Parks are now overstocked.

There have been large increases in the number of pure bred animals in Canada during the decade between the last two censuses. The increase in the number of pure bred horses between 1911 and 1921 was 44 per cent; of cattle, 139 per cent; of cent; of cattle, 139 per cent; of sheep, 75 per cent, and of swine, nearly 44 per cent. The number of pure bred horses in the Dominion in 1921 was 47,782; cattle, 296,656; sheep, 93,643, and of swine, 81,143.

A conservative estimate of the amount of money spent in Quebec by tourists reaches \$2,358,750. From the beginning of May until the first of September, 15,000 motor tourists had called for information at the offices of the Quebec Auto Club. Taking an average of four people to each car, this meant that at least 60,000 people had come to the city by automobiles. Of this number there were approximately 3,000 by automobiles. Of this number there were approximately 3,000 camping parties, or 12,000 people.

At the Chateau Frontenac, Quebec, recently, Colonel J. S. Dennis, Chief Commissioner of Colonization of the Canadian Pacific Railway, outlined in a detailed speech existing conditions in Canada and prospects for the future. He emphatically stated that there was no cause for discouragement, but, on the contrary, every prospect of a renewal of rapid development including an increase in our population and the development of our latent natural resources in such a way as to inevelopment of our latent natural seconders in such a way as to in-ore, in the comparatively near uture, that we should be out of he woods, and progressing rapidly of a large population and favorable usiness and financial conditions.

So far the epidemic has been only of a mild type but it is sufficiently widespread to fill all of London's nursing homes and to commandeer all trained nurses.

One newspaper intimates that there are 3,000 cases in London. It has been officially announced that there are 2,000 at Aldershot one of the largest army camps in England with the result that many barracks have been converted into hospitals and quarantine regulations are in force.

Medical science is alarmed at the regular recurrence of influenza At a dinner given in his honor by the Vancouver Board of Trade, E. W. Beatty, President of the Canadian Pacific Railway, announced that the Company proposed immediately to add two large modern steamers to its coast fleet in order to take care of its increasing tourist traffic over the Company's Pacific Coastal lines. To Investigate

At a meeting of the Town Council of the Town of Campbellton it was decided to go on with the investigation into the conduct of Fred O'Leary, who, until recently, was the town collector of electric light and water bills.

The council decided to advertise in the local newspapers asking all persons who had electric light bills in their possession and who have any doubts as to the correctness of these accounts to turn their bills in to the town offices not later than Feb. 5th; the bills will then be checked up with the lists turned in by O'Leary An auditor will be appointed to go over all town accounts in connection with these collections, and the auditor's report will determine what form the investigation will take and whether or not a criminal, civil or any action at all will be brought. In the meantime,

O'Leary remains under suspension The rest of the meeting was taken up in appointing standing committe for the ensuing year.

GERMANS WANT COLONIES BACK

Unconditional restoration of German's colonies and pre-war rights is the price demanded by the German Colonial Society for a new remedy for the prevention of sleeping sickness. The society expreses the belief that Germany in the remedy has a powerful political weapon inhand which places her in a position to force revocation of the colonial mandates executed under the Versailles

"Germany holds the key to Central Africa in the remedy," says Dr.Zache, well known as a lonial expert. He exp belief that the remedy for sleeping sickness tsetse & fever is destined to convert Central Afriac into a prosperous, fertile country inhabited by an industrious people.
