The four-year old child of Mr. Cantwell, of the Mechanical department of the railway, was somewhat severely burned about the arms and face one day last week. The little one, unnoticed by anyone, was throwing paper in the stove when its clothes caught fire. The child ran to the mother who immediately smothered the flames by throwing a mat around the child. In doing so Mrs. Cantwell had one of her hands burned.

An Ottawa despatch of the 5th says: The widows and orphans of other dependants of the Canadian soldiers who died in South Africa will be provided for out of the Imperial Patriotic Fund. This is shown by the following telegram from Mr. Chamberlain to the Governor-General: "Questions of pensions for widows and orphans of non-commissioned officers and men are now being considered by the committee. Widows and dependants of Canadian soldiers who died through the war are eligible for grants from the Royal Patriotic Fund."

The Canadian Express Company of Montreal, announces that W. H. MacGowan, of Moncton, N. B., a well-known young man of that place who until recently, had acted as the Company's express messenger between Moncton and Halifax, had lately confessed to abstracting over \$300 from the packages carried over the I. C. R. by the company. The young man, who is only about 23 years of age, was discharged by the Express Company and turned over to the Guarantee Company to be dealt with.

The expense account cost incurred in connection with the recent riots in Valleyfield has been made up and submitted to the Government, through Col. Roy, D. O. C. It amounts in round figures to \$4,000. This includes the pay for the volunteers, who were allowed fifty cents per day while on duty. The Cotton Company spent about one thousand dollars in incidentals. Besides this the Company estimates its loss by the strike at between \$4,000 and \$5,000. The Government will pay the legitimate expenses and endeavor to collect same from the town council of Valleyfield, which will consider the matter at its next meeting. The total of the ten ringleaders of the strike commenced at Valley Field on Friday.

Five more cases of smallpox are reported in Northumberland, two at Derby, two at Newcastle and one at a point below Rose Bank. Proper precautions are being taken to prevent the spread of the disease, but a fear now exists that it will break out in other parts of Northumberland. There appears to be an impression in some quarters that cases of smallpox exist at Shediac. This is an erroneous impression. There is no smallpox within forty miles of Shediac, and the place is as much isolated from the infected districts as any other place. About eight miles down the Cape Road a barrier has been placed across the road and men are kept on guard night and day to prevent communication with the eastern end of the county. —Moncton Times.

The store of Messrs. Carvell Bros. of this city was broken into about 11.30 Sunday night. The alarm was given to the police by a woman who heard the sound of breaking glass. The two policemen to whom the alarm was given ran down the street in time to see a man running from Carvell Bros. around the corner of Nicholson's tobacco factory. Just as they reached Carvell's door they heard more glass breaking and found a man emerging from a side window. They arrested the man, who it was found was Bernard Murphy, a man with a bad record. Three cans of salmon were found in his possession. He refused to tell the name of his accomplice, who has not yet been arrested. Murphy was arraigned before the magistrate on Monday and on the evidence taken was ordered to be sent up to the Supreme Court for trial.

The coal miners of Springfield and Pictou Westville, Stellarton, and New Glasgow are out on strike, and have been for over a week. On Friday they returned to work, but owing to a misunderstanding in the negotiations they again struck off. The story of the failure of negotiations and the renewal of hostilities is briefly as follows. The miners had demanded an increase of fifty cents a day for mechanical work, a general increase of two per cent. for the miners. They state that they understood Mr. Fergus's offer as granting a general increase of two per cent. for the miners and on the strength of that they agreed to call the strike off. On Saturday, however, they learned that the manager would only grant an increase of one per cent. Upon straight increase of twelve per cent. of this they joined issue. Manager Co. of the Annapolis Coal Co. has refused to grant the fifty cents a day raise to the mechanics. The result is that Drummond men will go out again. (Later advices state that the men's demand have been granted and the strike is now over.)

On the first day of the six days bicycle race which started in Boston last week, quite a number of accidents occurred. The first happened while the riders were bunched. Kaiser's wheel slipped and he fell, with the other riders piled on top of him. He was picked up and carried from the track. Kaiser's wrist was fractured as a result of the accident, but he returned to the track. The other riders scarcely had returned to the track when Frederick Ryser, Miller and Fischer went down in a heap and were removed from the track. Gough, McEachern, McLean, Edmonson and Downey all gained a lap. McEachern ran into a post and was obliged to leave the track. He was severely injured. Frederick came back just before 4 o'clock. Ryser fell, severely hurting himself and was carried off the track, and soon after Downey followed him, being taken from the track in an unconscious condition. McLean, it was reported, fractured his shoulder. After having splints applied he resumed his wheel. The race finished Sunday night and was won by Waltham, of Atlanta, Ga., the southern champion and 73 hours champion. He did not let himself out until the last lap and when he did it did not seem as if any others were riding at all. Stinson, of Cambridge, had second, McEachern, Toronto, 3rd. The distance was 1099 miles and two laps.
