### Meeting of Firemen.

A meeting of about 100 firemen took place last night at their rooms in the Star Hall to discuss the trouble between the Union and the Red Cross Steamship Agents here. Firemen who had been paid off on the S.S. Stephano the last trip submitted their complaint against the captain. It was also reported to the meeting that a new gang of stokers that had been taken on in New York were to be paid off from the Florizel this morning at Harvey's. The men who were discharged from the Stephano said that they were unfairly treated and that they had performed their duties well and faithfully. The ship- ping of the foreign stokers was caused by a false telegram sent to New York to the effect that the St. John's Union intended to hang up steamers to do this. "The meeting grew in- creased as the discussion proceeded and the majority wanted to record a vote and call out all the firemen on the Red Cross line. Hon. M. P. Gibbs, the solicitor of the Union, who was present, threw oil on the troubled waters and dissuaded the fire- men from their intention. Finally it was agreed to adjourn the meeting till 8 o'clock to-night in order that the Red Cross Agent here may have time to reply. The men are firm in saying that they will "go out if the affair is not arranged satisfactorily, and that they will be backed up by the Longshoremen's Union, who will refuse to handle the cargoes of the

Red Cross boats." The firm of Cros- tie & Co. was placed on the Union "black list." No Union men will en- gage on their ships. The Channel branch is in a prosperous condition.

### Bankers Arrive.

The Lunenburg banker Parona ar- rived here yesterday afternoon with her canvas considerably torn in re- cent stormy weather on the Banks. She left Lunenburg on June 12th, and for a long while was up on the S. W. coast looking for a caplin bait- ing, but could obtain none. She will get her damaged canvas repaired here. She is now on her third trip, has done poorly, and yesterday came here from Fernese to get supplies. The Lunenburg banker Calavera arrived here also yesterday for bait and supplies. She is fishing since the latter part of June and has to date 700 qtls of fish, 500 qtls of which she has landed, and which was caught in the spring. The vessel has been at North Harbor, P.B., Placentia, Carbonear and other places looking for bait, but was unsuccessful. Cap- lin are reported at Torbay and she will go there for a supply.

The Lunenburg banker Alma Nel- son arrived off the Banks yesterday afternoon for bait and supplies. While on the Banks she found fish very scarce. When she secures bait she will leave here for another trial. Job Bros. are outfitting her.

**T. J. EDENS,** Duckworth St. and  
Military Road.

### B.I.S. Defeat Feildians

The match between the Feildians and B. I. S. though poorly attended was nevertheless interesting. The weather was fine but a high wind blew down field and made it difficult to shoot straight, so that but one goal was scored, and this fell to the Irish. Both teams worked hard in the first half to score, the Feildians defend- ing the western goal, but the Irish put up a good defence and the twines had not been reached once when the sides changed. In the second half the Irish were often down on the Feildian goal, but the good work of the backs and erratic shooting, owing to the high wind, rendered it next to impossible to get the ball in the net. This, however, Andy Duffy did shortly before the match closed, re- sulting in a win for the Irish by 1 goal to nil. Mr. W. J. Higgins re- ferred.

### Fire at King's Road.

A fire broke out at a house on King's Road at the corner of Cow- street last evening. It is believed that boys who were playing in the rear of the building set fire to a heap of old straw behind the kitchen. Messrs. Cullen, Hand, Carrigan and Boland who were engaged painting a house on King's Road heard the cries of fire from the neighbours, left their work and ran to the spot. They set to work and getting buckets of water put out the fire in a few minutes. Sergt. Sparrow and Constable Lee also came on the scene and helped to avert the danger. If Messrs. Cullen and his fellow employees had not been there no doubt there would have been a big blaze.

### Regatta Wrinkles.

"It is generally conceded the world over that the best place to see 'style' and correct dress is at the Derby; hence we give you this gen- tle hint to see that your garments are in keeping with the occasion; and it is our business to help you out. Send your suit to SPURRELL BROS., 58 New Gower Street, and have it clean- ed and pressed; or Phone 574 and we will call for and deliver. Phone or send as early as possible on Mon- day—July 28th."

**RETURNED HOME.**—Most of the clergymen who had been in town at- tending the Consecration services re- turned home by the express last evening. The guests from the Dio- cese of Antigonish went out, viz., Rev. Dr. H. P. McPherson, Rev. Dr. Thompson, Rev. Fr. McAdam and Rev. Fr. McKenzie. They were high- ly pleased with their visit.

**MINARD'S LINIMENT CURES DIS- TEMPER.**

### Grand Bruit Notes.

The S. S. Glencoe on her last trip landed quite a large freight for R. Moulton's firm; she also brought some passengers, amongst whom was Mr. Louis Anderson, of West Point. Mr. Anderson left West Point for the States some years ago and has been successful in Uncle Sam's country. He looks well, and with his wife is spending a few weeks with his par- ents, Mr. and Mrs. George Anderson, before visiting the home of his wife in P. E. I. We wish him a happy stay. A large number of sportsmen have been fishing in Bay de Nord River this month, and everything goes to show that we are going to have a large number in years to come. And we fail to see why we shouldn't as our rivers on this coast offer splendid sport to the one who enjoys salmon or trout fishing.

A few weeks ago Mrs. A. Parsons came back from Gloucester where she had been spending the winter with her daughter, Mrs. Smurriage. Mrs. Parsons enjoyed the trip and had the pleasure of meeting lots of old friends who left our shores long years ago. She speaks in glowing terms of all she saw, and says that our boys are doing well in that country, but to Mrs. Parsons there is no place like home.

Mr. J. P. Chetwynd made a short visit to his home a few days ago. He has been a very busy man during the past few months, as he does a large business in exporting fresh salmon, etc. Since he left Mrs. Chetwynd has gone to Sydney for a visit. We wish her a happy stay in Cape Breton and trust that the little baby boy that has come to make home even more brighter may be made strong by the aid of medical skill.

The home of Mr. and Mrs. Fred. Parsons has been made sorrowful by the death of their little baby. Bessie May was only a few months old, but showed signs of being a bright, in- telligent child. Her little smile seemed to cheer the home, and when sickness came and it was seen that the child was to be taken from earthly care, the parents seemed to be distracted with grief. On Sunday we laid her little corpse in the dust to await the final call which we hope to see her again. May the God of Heaven com- fort the lonely parents.

We were very sorry to see by the papers that death had claimed the be- loved wife of the Editor of the Even- ing Telegram, and although not per- sonally acquainted with Dr. Lloyd, would be the opportunity of ex- pressing our sincere sympathy with him in this great sorrow that has fallen upon him.

"MICRON."

Grand Bruit, July 18, 1911.

**GETTING CANVAS REPAIRED.**—The schr. Mary Duff which is dis- charging her molasses cargo at Har- vey & Co.'s is having her sails repair- ed here, and on discharging will pro- ceed to Carbonear where she will load fish for Europe for W. Duff & Sons.

### FALSE HUNGER

A Symptom of Stomach Trouble Cor- rected by Good Food.

There is, with some forms of stom- ach trouble, an abnormal craving for food which is frequently mistaken for a "good appetite." A lady teach- er writes from Carthage, Mo., to ex- plain how with good food she dealt with this sort of harmful hunger.

"I have taught school for fifteen years, and up to nine years ago had good, average health. Nine years ago, however, my health began to fail, and continued to grow worse steadily in spite of doctor's prescriptions, and everything I could do. During all this time my appetite continued good, only the more I ate the more I wanted to eat—I was always hungry."

"The first symptoms of my break- down were a nervousness, nervousness and a loss of flesh. The nervousness grew so bad that finally it amounted to actual prostration. Then came stomach troubles, which were very painful, constipation which brought on piles, dyspepsia and severe nervous headaches."

"The doctors seemed powerless to help me, and I was overworked, and at last urged me to give up teaching, if I wished to save my life."

"But this I could not do. I kept on at it as well as I could, each day growing more wretched, my will- power alone keeping me up, till at last a good angel suggested that I try a diet of Grape-Nuts food, and from that day to this I have found it delicious always appetizing and sat- isfying."

"I owe my restoration to health to Grape-Nuts. My weight has returned and for more than two years I have been free from the nervousness, con- stipation, piles, headaches, and all the ailments that used to punish me so, and have been able to work free- ly and easily." Name given by Cana- dian Postum Co., Windsor, Ontario.

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

### McMurdo's Store News.

FRIDAY, July 28, '11.

We have just got hold of something extra choice in the way of a small sachet. There are two odors—Violet and Sweet Pea—each of which will have its votaries. The sachets are blyon silk packets, and the odor is delicate and very lasting. Price 15c. each.

Johnson's Foot Soap—of Borax, Iodine, and Bran is a splendid sub- stitute for ordinary soap during the hot weather, for the purpose of keep- ing the feet clean and easy. It re- moves all tenderness, burning and itching and makes a long tramp a much easier proposition. Price 30c. a bar.

**A HANDSOME CUP.**—In Mr. Mark Chaplin's window to-day there is an exhibition of a handsome and massive silver cup, imported by Hon. J. D. Ryan, to be awarded to the winner of the Marathon race, which will be held in connection with the Star- C. C. sports. It will indeed be worth competing for.

### Bankers Doing Fairly.

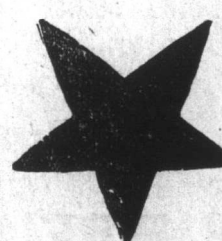

The banker Victoria, owned by Geo. Bartlett, of Burin, arrived there a few days ago with 300 qtls. of fish, and has now 700 qtls. for 7 dories. Am- brose Bennett's vessel also got there with 200 qtls., and has 400 qtls. to date for 4 dories. The Grace Day ar- rived with 250 qtls., and has 450 to date. They report fish not as plen- tiful as it was on the Banks. The traps have been all taken in and the fishery about Burin was a total fail- ure. At Grand Bank the schr. Edith Pardy arrived with 800 qtls. after a three weeks' trip, and has 1,400 qtls. to her credit. The Bessie McDonald got in with 700 qtls., and also has 1,400 qtls. to date; and a few smaller vessels arrived with between 200 and 300 qtls. each.

### War Risks Heavy.

Special to Evening Telegram  
LONDON, This Afternoon.  
The necessity of insuring thousands of vessels against the risk of capture, should a European war break out, is putting both the British and Conti- nental shipowners and shippers to heavy expense. German shipowners and merchants are the heaviest suf- ferers. Hamburg underwriters yester- day were charging ten per cent. for war risks on steamers and car- goes making the voyage between Am- erica and North German ports.

### WOOLWICH UNDER PRESSURE.

Special to Evening Telegram.  
LONDON, This Afternoon.  
Activity prevails in the Woolwich arsenal and the employees there are working under the highest pressure.

The Virtue of absolute Cleanli-  
ness in the handling and prepara-  
tion of

## "STAR" TEA
