

THE ENGINE THAT MASTERED NIAGARA

What the Vikings of Newfoundland say about

"Ferro Engines."

The following Sealing Captains and others who have used "FERRO ENGINES" the past season recommended them highly for Reliability, Speed, Efficiency, etc.:

CAPT WM. WINSOR, M.H.A.

"My 7 1/2 H. P. FERRO Engine gave entire satisfaction the past season. No Engine made could run better. I am thoroughly pleased with it in every way."

CAPT. JOS. KEAN, S. S. Portia.

"The 15 H. P. FERRO I bought from you ran as regularly as a steam engine all summer, and gave no trouble of any kind. It is so simple to operate it a child can run it."

CAPT. NOAH BISHOP.

"I say from my heart with all sincerity that I would not sell my 7 1/2 H. P. FERRO for ten times what it cost. I knew nothing about a gasoline engine when I bought it, but with the aid of the instruction book I got with the Engine, I could do anything with it in a few days. I can confidently recommend FERRO Engines for fishing purposes. My FERRO was a great benefit to me this summer."

CAPT. DANIEL BRAGG.

"I want nothing better than a FERRO Engine. My 5 1/2 H. P. FERRO drives my trap skiff 8 miles an hour, and can tow my 56 ton schooner easily. I had no trouble of any kind with my FERRO all summer."

CAPT. GEORGE HANN.

"I cannot say too much in praise of my 11 H. P. FERRO. It gives me entire satisfaction, and I am recommending FERRO'S to the fishermen."

CAPT. WES. KEAN.

"I wish to say that no Engine could give better results than my 11 H. P. FERRO did the past season. My sharemen were so delighted with the amount of labor the FERRO saved them that they volunteered to pay for the gasoline we used."

CAPT. RICHARD FOWLOW.

"We took our 7 1/2 H. P. FERRO to Labrador this summer, and we never had a minute's trouble with it. It towed our trap skiffs and our 58 ton schooner 5 hours at a time at the rate of 4 miles an hour."

CAPT. BAXTER FOWLOW.

"The 11 H. P. FERRO I bought from you last spring ran 5,000 miles up to October 1st, giving perfect satisfaction all the time, although the man who used the Engine never ran one before."

MR. JOSEPH PARSONS, Newtown.

"I cannot speak too highly of my FERRO Engine. The wheel was never turned once the summer that she did not go, and never missed a stroke for the whole season. We used gasoline and kerosene with perfect satisfaction."

MR. DENIS MAHER, Flatrock.

"I'll never be without a FERRO. My 7 1/2 is a beauty. Never out of order, and always ready to go the minute she is wanted."

MR. P. J. BRYAN, of Tilting, writes:

"My 7 1/2 H. P. FERRO proved a success, and paid for herself well this summer. The FERRO is as good as can be made. Our boat is 33 feet on top, and her speed is 8 miles an hour."

MR. RICHARD ANSTEY, Little-Bay Islands.

"I knew nothing about Engines before I bought my 7 1/2 H. P. FERRO, but I found it so simple to operate, and so reliable at all times, that I cannot recommend it too highly for fishing purposes."

MR. MARTIN GOSSE, Spaniard's Bay.

"We had every satisfaction with our 7 1/2 H. P. FERRO this summer, and reckon it paid for itself this season many times over. We towed a large Norwegian barque of nearly 200 tons against a strong tide in calm weather."

CAPT. BAXTER BARBOUR, S.S. Fogota.

"The FERRO Engine I purchased from you ran perfectly. This Engine was also used by Mr. Stone of Pogo and Mr. James Adams of Jackson's Arm, both of whom speak highly of the efficiency and reliability of the FERRO."

These are only a few of the many testimonials we are receiving from men of practiced experience in the fisheries.

Is it any wonder, then, that there are more FERROS in use in our fisheries than any other make?

FERROS have the guarantee of the biggest Engine Factory in the world behind them. 40,000 FERROS are in use in different parts of the world.

Danger of massacre and looting in Constantinople appears to have abated. The cholera epidemic is now causing greater fears, although, if the Army is driven into the capital, no one can foresee what the disorganized soldiery may attempt. The Daily News' correspondent says that there seems to be a quarter of million of people dying from starvation outside the city walls, which will soon be surrounded by a pestilence-stricken and famished horde. Even now people are fighting with the soldiers for handfuls of grain. Every effort is being made to transport refugees to Anatolia, which is the only means of averting a ghastly catastrophe. (Anatolia is the district on the Asiatic side of the Straits of Dardanelles and the Sea of Marmora.) The German officers report the troops deserting because of hunger. Men are dying of starvation in the trenches.

To Europe By Train.

Several years ago a plan to tunnel under Behring Strait and connect the railway systems of North America and Siberia aroused much interest. At the time nothing came of the plan. Now, it has been revived in earnest with the result that it may some day be possible to travel by train all the way from New York to the capitals of Europe. Both in Alaska and Siberia long railway lines will have to be built to connect with the tunnel entrances. The tunnel itself will have to be forty miles long. The promoters propose to sink shafts from islands in the middle of Behring Strait, so that they can begin work at several points at the same time. These shafts would ultimately serve to ventilate the tunnel.

The other which was recently started is of the same dimensions and will store a similar quantity of paper. Over 150 men are at work putting up these erections.

We invite comparison, and will be glad of the opportunity to prove the merits of the "Humphrey" Lamp, which we will instal free of charge on trial.

Wedding Bells.

The wedding of Mr. M. Keough, of Ferryland, to Miss J. Williams, of Treassey, took place at the former place Sunday night. Both are popular on the Southern Shore and a large number of their friends participated in the wedding festivities.

Monday night, at Brazil's Square, Mr. Arthur Jeans, of Broad Cove, Bay-de-Verde, was united in Hymenal

Bonds to Miss Mary Annie Barrett, who for 14 years had been a trusted and faithful servant in the household of Hon. Jas. Baird. The nuptial knot was tied by Rev. J. W. Bertlett, and the happy couple received many valuable presents, including a substantial cheque from Hon. Jas. Baird. After the ceremony a number of friends of the bride and groom attended a sumptuous wedding supper. Mr. and Mrs. Jeans left for their future home in Broad Cove by yesterday morning's train.

DON'T WAIT.

During changeable weather in Spring and Fall thousands of children contract Sore Throats as result of exposure, getting feet wet, etc. A neglected sore throat is likely to develop into Tonsillitis, Quinsy, Diphtheria, or a chronic state of Rheumatism that will impair hearing. Often operations on the Tonsils become necessary because a simple sore throat is neglected. Stafford's Phoratox is the best preparation known for all sore throat troubles.

To Dr. Stafford & Son, St. John's, Newfoundland.

Dear Sirs,—I received the medicine you sent me for my child. I thank you very much for sending it so quick and believe it had just arrived in time to save my child as he was nearly gone. After giving the child a few doses, it completely cured him and now he is as well and hearty as a child can be. It was genuine medicine for that complaint. Wishing you prosperity. Yours truly, Signed,

Don't forget the name PHORATOX prepared only by Dr. P. Stafford & Son, St. John's, Newfoundland. Price 25 cts. Postage 5 cts. extra. P. S.—We have this letter in our possession and can be seen at any time—nov.12.12.

Happy, Laughing Child Shortly

If Cross, Feverish, Bilious and Sick Give Delicious "Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative physic should always be the first treatment given. If your child isn't feeling well; resting naturally; eating regularly and acting naturally it is a sure sign that it's little stomach, liver and 20 feet of bowels are filled with foul, constipated waste matter and need a gentle, thorough cleansing at once. When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, gripping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious fig taste. Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given to-day will save a sick child to-morrow. Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.
