The chairman then colled upon Mr. Rathburn, one of the trustees of the old band instruments, to give his report in regard to their present state. Mr. Rathburn said the band had been organized each time the instruments were returned they were in a more or less used up conchased by subscription were now in his hands, with the addition of two more. He stated that the snare drum, which had been lent to the Salvation Army and had been broken, was returned to him in

given out. The bass drum which had been broken at a garden party, had not yet been repaired, although the party who was responsible for the damage had promised to make it good. Some were more in favor of having the amount required to put the old drum in good condition applied towards getting a new one, as the old one never was of much account, and he was willing, and believed the other trustees were willing also, that the amount should be so applied. Concluding, Mr. Rathburn said he would like to see the band in good shape once more and would do all he could to aid it.

Mr. J. Harris, another of the trustees, was then called upon and said that so far as he was concerned he did not know much about the instruments as there never had been but one regularly called meeting of the trustees, and no particular business was transacted at that one

An animated discussion here took place etween Messrs. Rathburn and Harris as | pound-keeper. Carried. to the responsibility of the former in connection with the instruments.

Mr. N. Currie said it sould be better to let by g nes be by- and proceed to the business of or an ing a band. It was a long felt was and he would like to see it fairly started.

Mr. E. E. Adams said he did not know how many of the old instruments could be used, or what new ones would be required, but had heard that some of the old ones were still fit for service. thought it would be a good plan for the band to be organized by the firemen.

The chairman remarked that as the little drum had been saved by the Salvation Army, perhaps it would be a good the neck, which has been making he plan to send the other instruments there amongst the sheep in this locality.

It was moved by N. Currie, and seconded by W. R. Cook, that a band be formed, to be known as "The Firemen's Band." Carried.

Moved by N. Currie, seconded by J. P McMillan, that the Trustees be instructed to hand over the old instruments to the Fire Co., and that the canvassing ommittee hand over to the Chief what funds they might collect, to be used in the formation of a band. Carried.

Moved by J. P. McMillan, seconded by W. R. Cook, that the Trustees hand over with the instruments the sum of \$6 estimated cost of repairing the old drum.

After a vote of thanks to the chairman and secretary the meeting adjourned.

After years of suffering, persons who have vainly sought remedial help from other sources, have obtained the long desired relief from Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which puts a stop to the torments of dyspepsia, renews activity of the bowels and liver, relieves maladies incident to the gentler sex, and builds up failing health and strength, gives purity to the blood, and tone to the whole system.

NEAR STARVATION'S DOOR .- Mrs. Nelson W. Whitehead, of Nixon, was a chronic sufferer from dyspepsia and liver complaint, and was scarcely able to take the most simple nourishment. Even a swallow of water caused great distress. Two bottles of Burdock Blood Bitters cured her, when all else failed. She heartily recommends this remedy to all sufferers.

Wardsville.

The funeral of the late Richard Neal, who died on Wednesday morning last, took place on Friday afternoon. A large number of relatives and acquaintances from a distance, and also from the neighboring villages, were present, making the funeral one of the largest ever seen in our village. The deceased was in his eightysecond year, and had always enjoyed good health until the past year or two when the weight of years began to make itself felt until at last he ceased to be. Born near Mount Mellick, Queens Co., Ireland, he came to Canada with his tather's family in 1820, settling on the present site of the village of Wardsville. He had thus been a resident of this vicinity for over 66 years. There was but one house in the village at that time and none nearer than Thamesville and Delaware. The deceased leaves a wife, sister of Mrs. Carfrey, of London; an unmarried son, and two daughters, Mrs. Martin Ferguson, of London, and Mrs. Thomas Edwards, of Flint, Michigan. A brother and sister, Mr. Wm. Neal and Mrs. John Coyne, relict of the late John Coyne, are the only surviving members of the family of five—the youngest brother, Mr. Thos. Neal, having died last fall and the eldest sister, Mrs. Alex. Ward, some years ago. The services were conducted by the Rev W. J. Taylor in the English Church, of

which deceased was a member.

The funeral of Mrs. Hately, who died at the residence of her daughter, Mrs. John Archer, of Newbury, on Friday last, took place on Sunday. The Salvation Army conducted the services.

O'Brien; fourth, 1½ minutes, by F. Campbell and G. Berdan. Timed by Mr. J. A. McLean. Sports.

Kilmartin. Kilmartin, April 5 .- The reason we think spring is not far off is not because we see the beautiful birds flitting from the branches of the trees, nor the sound of their sweet voices echoing the sweet notes of spring, but we have another sign that assures us spring is close at hand. We have arrived at the time when the pleasant, genial, industrious, most accomodating and smooth-tongued gentlemen, who style themselves agents, are on the

warpath.
