George Freeman has signed an agreement o take the Syracuse Baseball Club and arry it through the season, and the fran-hise and players have been turned over to im. The club will at once be strength-need.

Just as Joe Knight stepped up to the plate in the first inning of Saturday's game at Culver Park a lad approached and handed him a handsome bouquet, the gift of admiring friends. It is usual under such of admiring friends. It is usual under such circumstances for a player to immediately strike out, but Joe didn't do that. He pounded out a long fly to left which active young Gunshaunon gathered in with a smile of fiendish delight. Knight tried hard, but the bouquet was a hoodoo and he couldn't get a safe hit during the game.—[Rochester Herald.]

It is that impurity in the blood, which, accumulating in the glands of the neck, produces undightly lumps or swellings; which causes painful kunning sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the crigin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption or cancer alone, for scrotula comblines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be cured? By taking hood's Sarsaparilla, which, by the cures it has accomplished, often when other modicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla; in sunqualied, and some of the cures it has effected are really wonderful. If you suffer from scrofuls in any of its various forms, be sure to give Hood's Sarsaparilla a trial.

Hood's Sarsaparilla: Rochester Herald.

HONOR TO A HERO.

The City Council Presents Eli H. Griffith with a Geld Watch.

The Offer of Messrs. F. E. and C. W.

Engineer Graydon to Get \$1,500 a Year — The Western Fair Granted \$500-Minor Busi-

A pleasant little affair varied the monotony of City Council business Monday night. After the disposal of the communications Mayor Taylor stepped from his dais and, calling in Mr. Eli H. Griffith, presented him with the handsome gold watch purchased by the Council as a testimonial to his heroism. In doing so his worship referred in complimentary terms to the bravery of the recipient in rescuing one of the Pritchett children from a watery grave in the Thames, and expressed the pleasure it afforded him to hand over the well-merited token on behalf of the Corporation of the City of London.

The young hero was greeted with a round of applause from the aldermen and the large crowd of spectators as he accepted the honor. He modestly thanked the mayor and Council for their handsome gift and assured them that he would alway gratefully remember the citizens of London. He was applaused again on retiring.

applaused again on retiring.

applaused again on retiring.

NUMBER THREE COMMITTEE.

By Ald. F. J. Fitzgerald, chairman:

1. We submit estimates for current year.

2. We report progress on Gurney & Co.'s communication and on fire alarm extension in northeast part of city.

3. That copies of new market bylaw re forestalling be printed and distributed on market.

4. That sufficient assistance be rendered the market clerk to enable him to carry out market bylaws.

The report was adopted. Mr. Guymer was heard in connection with the latter portion, and protested against his treatment and against being moved from his old stand. His appeals produced no action on the Council's part.

NUMBER TWO COMMITTEE.

By Ald. Connor, chairman: 1. We report progress re drinking fountains. 2. That house connections on Richmond street be put in by the city and charged to properties equally on each side of street. 3. We refer M. Shea's statement of gravel delivered in No. 6 ward to No. 1 Committee. 4. That a wire broom be purchased for street sweeper at \$60. 5. We submit estimates for present year. 6. That a small plot be laid out at the junction of Richmond street and Park avenue, and a fountain be placed thereon. NUMBER TWO COMMITTEE.

This report was also carried without an objection, and Ald. Connor was laughirgly applauded for his luck.

for consideration, and in connection with it the application of Mr. R. Ironsides for appointment as assistant engineer.

Ald. Connor moved that the engineer's salary be \$1,500.

Ald. Ivey said it was not customary to give a new man immediately the same salary as his predecessor. There was much information that could not be obtained at the engineer's office because Mr. Graydon and rurally had not everything at his fingers' ends, Mr. Tracy had it at Vancouver; there were many things the late engineer carried in his head which should have been on file in the office here.

Ald. O'Meara claimed that Mr. Graydon did more work now in one day than Mr. Tracy did in two.

Ald. Ivey moved that Mr. Graydon receive \$1,200 a year, \$100 for a horse, and assistant six months in the year.

Ald. Connor's amendment carried, and Mr. Ironsides' communication was referred to No. 2.

Ciause 7 was referred back to the committee in view of the probable appointment

of an assistant engineer, who could perform

BOARD OF HEALTH.

The chairman of the Board presented a brief report setting forth the advisability of a proper sewer on Queen's avenue, and asking that the Council pass a bylaw regulating the distance of water closets from

dwelling houses.

The report was referred back to the Board, which, it was considered, had power to deal with the matter.

Ald. Charles Taylor moved that hereafter the city engineer control all foremen.
Carried, with the addition, "subject to the
approval of No. 2 Committee."
By Ald. Judd—That the notices of publication for the registration of the bylaws for
raising moneys for local improvements be
published. Carried.
By Ald. Garshore—That the city engin-

published. Carried.

By Ald. Gartshore—That the city engineer call for tenders for the Hamilton street and Maple avenue Grain. Carried.

By Ald. Judd—That No. 2 Committee take into consideration the re-naming of separate streets bearing the same names. Carried.

the much-talked-of vehicle being left in statu quo.

At the suggestion of the city clerk the printing of what is known as the school lists will be discontinued.

There were present at the meeting: Mayor Taylor, Aldermen Wyatt, Connor, Taylor, O'Meara, Ivey, W. W. Fitzgerald, Winnett, Skinner, Gartshore, Spencer, J. Fitzgerald, Scarrow, F. J. Fitzgerald, Bartlett, Wilkey, Thomas, Judd, Shaw, City Clerk Kingston, Commissioner Grant and Chief of Police Williams.

Homeway measure is a Mana and the founds of Richmond Street Stree

IS IT WM. HARTEL?

A Probable Clue to the Mysterious Affair East of Toronto.

Mrs. Hartel, of This City, Fears the Victim Is Her Husband—The Descrip-tion of the Body Tallies with His Appearance—What the Anxious Wife

In connection with the body found last week floating inside the bar at the mouth of the Rouge River, down the lake from Port [Union, east of Toronto, the following telegram was received Monday by the Toronto chief of police:

London, Ont., Aug. 3.

Chief of Police—If body found in Rouge River Thursday has not been claimed please send photograph to 284 South street. Reply.

An Advertiser reporter saw Mrs. Hartel

A Cat Catches Fish and Frogs.

MIDDLETOWN, N. Y., Aug. 4.—James E. Norton, of Bristol village, has a mighty blight cat that earns her own living at fishing. She gets a lot of fish and frogs daily. She lies down on the brink of a neighboring trout stream and dangles her forepaw in the rippling water, and alongs comes a fish wondering what curious thing it is wriggling in the flood. Pretty soon the fish rub against the lpaw, for all fish like to be tickled, then suddenly there is a swish, pussy's needle-like-pawsare fastened into her prey, and the fish is dexterously flirted out on the bank. It is very much easier for her to catch frogs. She creeps up within range of one and then pounces on it with a slong spring. She devours both frogs and fish with equal relish, and it's a poor day for fishing if she doesn't bag enough for three square meals.

VOICES OF THE PEOPLE.

The Law Regarding Fences.

To the Editor of the Advertiger:

Will you kindly define the law regarding fences for the division of town or city lots, viz.: Whe pays for the same, and in what proportions; the placing of the necessary posts on either side, and the style of fence required or recognized by the law?

Citizen.

ing lands in Ontario are by statute required to make, keep up and repair a just pro-portion of the boundary or line fence between them, such just proportion has been held to mean one half. If any dispute tha matter is settled by award of the fence viewers, which specifies the locality, quantity, description and lowest price of the fence and the time within which the work shall be done, also by which of the by an account of the common of An Advertiser reporter saw M.s. Hartel this afternoon. "I feared it was my husband, William Hartel," she said, "because the description published tallied so exactly. I have not heard from him for over a year, during which time, from what I have gathered, he has been working in several places. He was a wagonmaker, and was living in Ingersoll when I last heard of him."

The reporter showed her an article in a Toronto paper to the effect that the remains were identified as those of a German named August Werner.

Work shall be done, also by which of the parties the cost of proceedings are to be paid. In making the award regard shall be had by the fence viewers to the nature of the fences in use in the locality, the pecuniary circumstances of the fence to their wants. Fence viewers are appointed by the council in each municipality. In London the city engineer, the street commissioner and the health inspector are ex-officio the fence viewers. The city bylaws also provide that a lawful fence shall be at least four
