**SEVENTH DROP
EMPIRE SHOOT**

This Year's Holiday Event Will
Be a Purely Local
Competition.

VALUABLE PRIZE LIST

Members of the Seventh Regiment will participate in a rifle match at the Cove ranges on the morning of the 24th of May. The officers are making a new departure this year in holding this shoot, for which only members of the Seventh Regiment will be eligible. Previously the regiment has always entered the Daily Mail shoot, a competition which is empire-wide, teams from all over the Empire entering in the contest, the results being cabled to London, England. One of the officers stated to the Advertiser that the reason for the change was that many of the men felt that they had no chance in a competition of such wide scope, and so the officers are substituting a purely local contest, hoping to stimulate keen rivalry among the members of the regiment. The shoot will be known as the Empire Rifle Match, and a valuable prize list is being prepared.

**Centennial Church
Had Healthy Growth**

Various Activities of the Church Report to the Congregation.

The annual congregational meeting of the Centennial Methodist Church was held on Thursday evening, and reports from the various activities of the church were read. The reports from the Women's Missionary Society, Ladies' Aid, Mission Circle, Epworth League and Sunday school show that a healthy growth was made. The membership of each society and of the church increased. Increases from R. Wright, A. Allen, R. Willis, D. L. Hardy, William Brooks.

Operations are expected on the new building in a few days.

DISALLOW APPEAL IN MACDONALD ELECTION CASE

Petition Will Now Be Filed
and the Protest Heard
in Courts.

Supreme Court Upheld the
Former Judgments in Every
Particular.

Ottawa, May 21. — The supreme court today disallowed the appeal in the Macdonald by-election case, instituted by Alexander Morrison, the member-elect, against the judgment of Mr. Justice Cameron of Winnipeg, on the preliminary objections to the petition contesting the election. The appeal was dismissed with costs, and the judgment of the trial judge upheld in every particular, their lordships of the supreme court not even bringing down reasons.

Protest May Be Filed.
The petition can now be filed and the protest against the election heard as soon as Parliament prorogues.

The original objections taken to the petition before Judge Cameron numbered about twenty. Before the supreme court, however, those chiefly relied upon were respecting the status of the petitioners, Andrew W. Myles and John E. Woods; the form of the petition; alterations made therein after the affidavit had been sworn to; the attestation of the affidavit; the fact that the petitioners had been actually sworn to by the persons who purported to have made it; the service and presentation of the petition; and the alleged failure to publish the petition in full with the notice that it had been presented.

Mr. Hogg's Contentions.
Wm. D. Hogg, counsel for the appellant, contended on the latter objection that although the controverted elections act provides for the publication of particulars and a copy of the petition. The court of Manitoba had made no rules under the Canadian act, therefore it was contended that the English rules requiring the publication of particulars, etc., should have been observed.

Their lordships unanimously decided that the objections should be overruled, without hearing counsel for the respondent, who urged that the judgment of the trial judge, being the judgment of the trial judge, and dismissed the appeal with costs.

**Thousand Miners
Seeking Protection**

Big Coal Strike in West Virginia Not Yet Settled.

[Canadian Press.]
Charleston, W. Va., May 22.—Disputes in the West Virginia coal fields took a new angle last night when 1,000 miners employed in the New River coal field, with their families, left their homes and sought the protection of the United Mine Workers of America. It is said that all of them intend to live in tents.

Thos. Cairns, president of District No. 17, United Mine Workers of America, brought the report of the trouble to this city. He had been visiting the New River field, where a few days ago the miners organized District No. 29, United Mine Workers of America, with a membership of 15,000. The action of the New River field in beginning a strike is said to have complicated a situation that is already mixed and serious.

The coal strike organization in the Kanawha coal fields has been in existence for a long time, and has been proclaimed, and is still in effect, although 20 soldiers are in that field.

Throughout the entire strike trouble has run a period of bloodshed and rioting. It has been impossible to check the violations, as they were committed in isolated mining spots.

Early today the Government reiterated that martial law would be continued for the present.

**Five Killed When
Liner Struck Mine**

French Steamer Senegal Struck Hidden Bomb in Smyrna Harbor.

[Canadian Press.]
Smyrna, May 22.—The French liner Senegal, which struck a mine as she was leaving this port yesterday, was at once run ashore by her captain to prevent her foundering.

Five persons were killed by the explosion and six others severely injured. The explosion tore out one side of the ship at the forward end. The machinery, however, escaped injury, and owing to this the engineers were able to beach the vessel, and as a result in all probability saved the lives of most of those on board. The steamer was driven on shore near the fortress, and all the injured members of the crew and the passengers were landed in small boats.

**Immigration Officer
Tendered Resignation**

[Canadian Press.]
Washington, D. C., May 22.—Daniel J. Keefe's resignation as commissioner-general of immigration, tendered on May 3, has been accepted by Secretary Wilson, of the department of labor, to take effect at such time after May 31 as the President might designate.

Mr. Keefe was appointed by President Roosevelt. During the closing days of the Taft administration Secretary Nagel recommended the official's dismissal, and that evidence relating to his official conduct be laid before the department of justice.

President Taft took no action, leaving the matter to be handled by the incoming administration. It was announced that Anthony A. Caminetti, of California, has been selected to succeed Mr. Keefe.

Declares Death Was Not Due to Drowning

Surprise Sprung Following Inquest Into Death of Mrs. Larue.

[Canadian Press.]
Sault Ste. Marie, Ont., May 22.—A surprise was sprung at the adjourned inquest into the death of Mrs. Josephine Larue last night, when Dr. McCrea, who performed the autopsy, declared that the woman must have been dead when she was put into the water, and that her death was not due to drowning. The lungs, he said, were in a good state of preservation, and readily floated when placed in a pail of water. There was no water in the lungs, and the symptoms of death by drowning were totally lacking. The husband was committed to the district jail on an attorney's warrant, and parts of the body will be sent to Toronto for examination. According to Dr. Larue, he was walking home from the theatre with her on the night of March 13, and asked her to walk ahead while he got a drink, and he would join her in a minute. He declares that was the last he saw of her. One witness testified she had heard Larue repeatedly threaten to kill his wife if he discovered any unfaithfulness.

Claim Best Offer Was Not Accepted

Proposed Mexican Loan of \$100,000,000 Is Being Warmly Criticized.

[Canadian Press.]
Mexico City, May 22.—The discussion of the remaining articles of the bill authorizing the issue by the Mexican Government of a loan of \$100,000,000 at 6 per cent, led last night in the Chamber of Deputies to a hitch which may delay the completion of the transaction.

The charge was reiterated by many deputies that the best offer for the loan had not been accepted by the Mexican Government, and the assertion was made that the Minister for War, General Manuel Mondragon had negotiated a better offer. A resolution was then passed by the deputies to call him to the Chamber and ask for a declaration on the subject.

At 10 o'clock last night the deputies declared the chamber in permanent session until the matter had been settled by an amendment.

Provisional President Huerta had in the meantime sanctioned the acceptance of the offer of a loan by French financiers which had been agreed to yesterday by the members of the cabinet, and also in principle by the deputies.

TARIFF FIGHT

Committees Are Busy Bringing in Resolutions of Manufacturers.

[Canadian Press.]
Washington, May 22.—The tariff fight in the Senate moved another step today, when Senator Penrose made ready to bring up his resolution for the printing and circulation of the list of the tariff questions among manufacturers, proposed by Senator LaFollette.

A sub-committee, composed of Senators Simmons, Stone and Williams, was ready to propose a substitute list as an amendment. Senator Simmons was ready to agree to the plan of sending out questions if the substitute was agreed to.

Sub-committees of the finance committee continued hearing manufacturers. All such hearings will be closed Tuesday. Senator Stone's sub-committee is still working over the wool and metal schedules.
