H. J. Childs, druggist, 682 Dundas. Hoover Saves Hydro!

In days of power shortage use only those appliances that operate at the highest efficiency, doing their work thoroughly and quickly.

"The Hydro Shop" will make a generous allowance for your old vacuum cleaner on a new Hoover. Your old machine probably uses more power and takes longer to accomplish a cleaning that the Hoover can do in a matter of minutes, and with an inconsequential power consumption.

Only the Hoover raises the rug or carpet, flutters it over a thousand times a minute upon a cushion of rushing air, and the first time over draws from it thoroughly the wearing, ground-in grit.

The Hydro Shop is selling only appliances that use very little power. Hoover suction cleaners, washing machines and other motor-driven equipment are in that class.
