

BRISCOE STREET BRIDGE IS URGED BY RATEPAYERS

Highland and Manor Park Residents Present Petition For Circulation.

DELEGATION PRESENT

A delegation from the local Sons of England Lodge was in attendance at the regular meeting of the Progressive Ratepayers' Association held in the Manor Park schoolhouse last night with the object of ascertaining whether the members were in favor of the installation of a bridge over the ravine in the Manor Park district of the city in the parks.

Mr. Moore, an official of the local lodge addressed the meeting at some length, outlining the aims, objects, and ideals of the society, and pointed out to the meeting the advantages which would accrue to the district with a bridge right on the park. Mr. Moore's address was very well received and from expressions registered by members, the lodge will, if organized, secure a large initial membership.

Much routine business was disposed of and a petition was circulated and largely signed, for presentation to the township council at its next sitting, for the erection of a bridge over the ravine. The need of this bridge is keenly felt in view of the large increase in building now under way, and necessity of eliminating the danger for new residents.

The meeting adjourned at an early hour, and the remainder of the evening was spent in a social way, by card playing and a sing-song. Mrs. R. Brown acted as accompanist. The president of the association, Mr. B. Whiteley, occupied the chair.

WOMAN 100 YEARS OLD HAS HER HAIR BOBBED

Associated Press Despatch. Los Angeles, March 20.—Mrs. Elizabeth Goodrich, who journeyed west from Beaver Dam, Pa., in a covered wagon in 1822 and who has her hair bobbed in a Los Angeles shop in 1924, celebrated her 100th birthday at her Montebello home, near here today.

GOVERNMENT TO PASS ADULTERATION BILL

Canadian Press Despatch. Ottawa, March 20.—An act to forbid the adulteration of butter, shorts, and other milk feeds will be brought down by the government this session. It was stated in the House yesterday.

PROTEST PUSHED IN HYDRO RATES FOR PARKS AREA

Ratepayers Express Dissatisfaction With Reply From Sir Adam Beck.

ACTION IS URGED

Refusing to accept as sufficient justification for the proposed change in hydro rates, the reasons advanced in reply to their protest by Sir Adam Beck, chairman of the Hydro-Electric Commission, the Progressive Ratepayers' Association of Highland and Manor parks is now confronting the chairman with two direct questions: Can they hope for any reduction in the service charge, or is there any alternative measure which would, in the estimation, be satisfactory to the commission and to the residents of the district.

Pulling an amicable adjustment of the hydro rates difficult, the Ratepayers' Association, according to a letter signed by their secretary, W. L. Wright, will not hesitate to place the onus of the non-advancement of the rates on the Hydro Commission—a body, they say, whose principle is progress.

In his reply to their protest, Sir Adam Beck gives detailed information with regard to the Hydro Commission's grounds for making a change in the rates for London Rural Power District, No. 25, that of Highland and Manor parks.

His letter states: "Previous to the leasing of rural lines, the municipalities were permitted to serve as the consumers residing in the adjacent suburban areas as possible. With the adoption of legislation providing for government bonusing of rural lines, districts were formed, and the distributing centers, and in order to comply with the legislation it is necessary to place all those consumers residing outside the municipalities on rural rates. This is being done in all other districts, and you will agree that no exception can be made to the district about London."

Explains Further. The chairman of the Hydro Commission explains further: "I am of the opinion that if a separate accounting were made of the districts of Highland and Manor parks, that it would show quite clearly that the rates now charged would not be sufficient to cover the cost of service. This is pretty well borne out by the rates in force in the Broughdale and Oxford park areas, where separate accounting is kept and the rates based on actual consumption. In this connection also, Sir Adam Beck states that when the old London electric lines are remodelled, it is quite possible that these rates may have to be raised to meet the operating costs.

The costs are quoted as follows: Domestic service charge, 6c per 100 sq. ft. minimum 1,500 sq. ft.; maximum 3,000 sq. ft.; domestic consumption charge, 4c per kilowatt hour for 3 kilowatt hours for each 100 sq. ft. of floor area charged to the consumer. This is pretty well borne out by the rates in force in the Broughdale and Oxford park areas, where separate accounting is kept and the rates based on actual consumption. In this connection also, Sir Adam Beck states that when the old London electric lines are remodelled, it is quite possible that these rates may have to be raised to meet the operating costs.

The letter concludes: "You must bear in mind that the rates are set on the standard of a demand of 15 kilowatts per mile, and are adjusted each year to supply service at cost. As the standard of demand is not known until tomorrow, and as the farmer lines must secure the same demand, they are certainly not a burden to you, but a help in securing a greater demand and, therefore, a greater dividend. If you compare the hamlet rates with those of the farm services, you will find, no doubt, that they pay their full share."

It is stated also that Class 1C service, which covers service to a home in which a range is installed, would cost the consumer approximately \$8 per month, which means he could operate his range for slightly over \$5 per month, "which I think is not exorbitant."

Ratepayers Reply. In replying to this explanation from Sir Adam Beck, the ratepayers, through their secretary, characterized the information contained therein as very unsatisfactory, and state that it in no way offers mitigation of the problem which confronts their district.

They claim that they are unable to reconcile the difference between the rates for hamlet service and those for farm service, and if they say the farmer is slated roughly \$9 per horsepower, while the hamlet service is listed at \$20.50 for one horsepower with the statements given out by the Hydro Commission, which claims equitable charge throughout the system.

The ratepayers state that they are looking for a more equitable service other than the chairman's letter has, and that there is a solution for the difficulty, but that at the proposed rates, hydro for range purposes will be in the luxury class for persons residing in that district, and that there will be no alternative other than the installation of gas appliances, unless the way of solving the difficulty is hit upon.

They suggest, as one means of solution, that hydro be sold to the district in the block system, and inquire whether the only further concession as the amount required, if the district could not be given a special rate on this amount. It is pointed out also that, as the lines are already constructed, the only further construction necessary would be the additional transformers. The ratepayers state that this would seem to be the logical solution of their difficulty.

A final and definite ruling on the question is urged at once.

TRADE PACT SIGNED. Teheran, Persia, March 20.—A despatch received here from Moscow announces that Russia-Persian trade agreement has been signed.

Mounted Yaqui Indians entering the Mexican town of Guadalajara after their capture by advance troops. They are under the command of General Antano, an Indian soldier, and a very determined fighter.

ADELAIDE CHOIR GIVES PROGRAM

Residents of Victoria Home Are Treated to Splendid Entertainment.

The choir of the Adelaide Street Baptist Church gave a fine musical entertainment at the Victoria Home on Grand avenue on Tuesday evening. The parlor of the home was well filled with appreciative listeners. The opening number by the choir was an anthem, followed by two splendid readings by Miss Marjorie Percy, entitled "Our Minister Said" and "Uncle Abe and Aunt Marie."

The selections on the harp by William Maynard were repeatedly enjoyed. Mrs. Arthur Brown, soprano soloist, was in excellent voice and was heard to advantage in several fine solos. The male quartet, with Mrs. Brown as soloist, sang the hymn, "What a Friend We Have in Jesus" to music set by O. Leo Herbert, who followed with several piano selections rendered with fine technique.

The choir finished a good program with a third number entitled, "Go Not Far From Me, O God." Miss Griffin, on behalf of the residents of the home, thanked the choir for its goodness in again providing an enjoyable time. After a dainty lunch the president of the choir, Mrs. James Dey, proposed a vote of thanks to the choir and the choir leader, at the piano, conducting.

The following members of the choir took part in the concert: Mrs. A. E. Brown, Mrs. J. Baldwin, Mrs. Wm. Maynard, Miss McEwen, Miss Gertrude Parr, Miss Marjorie Percy, Mrs. Frank Tuttle, Mrs. W. W. Wilmot, Miss Gilmour, Miss Louise York, Mrs. L. York, Mrs. Orth, Mrs. Miller, Mrs. Earl Rodgers, Mrs. W. Rowley, Mrs. T. Brown, Mrs. J. Dey, Miss Marjorie Dey, and Messrs. T. Brown, W. Maynard, C. Murray, Fred Norton, Geo. Mason, J. Stephens and Allan Robertson, with O. Leo Herbert, A.T.C.M., the choir leader, at the piano, conducting.

CHURCHILL PINS HOPE ON CARS FOR VICTORY

Has Over 200 Cars Taking Voters To Their Respective Polls.

Associated Press Despatch. London, March 19.—Unusual interest centered in the by-election today in the Abbey division of Westminster, as the result of which will not be known until tomorrow.

As already stated, Winston Churchill, independent candidate, admits his chance of victory lies in securing the votes of those electors who ordinarily never trouble to go to the polls. Today he had over 200 automobiles engaged in carrying voters to the polls, although no point in the constituency is more than five minutes' walk from a poll.

The Conservative candidate, Otto Nicholson, has a large number of cars, but Scout Duncans, Liberal, and Penner Brooks, Labor, had very few cars at work.

INCREASE IN SALARY HEATEDLY PROTESTED

Mutinous Laborites Profit by Opening Afforded in British Commons.

Associated Press Despatch. London, March 19.—The mutinous Clydeside Labor contingent profited by the fine opening afforded when a vote was introduced in the Commons, increasing the salary of J. R. Clydeside, lord privy seal, from £2,000 to £2,500.

G. Buchanan (Labor, Glasgow) heatedly contended that the proposal was a hollow mockery. Two thousand pounds, he declared, was enough for any minister. The government, he added, ought to set an example and remember the men who were trying to live on sixteen shillings a week.

The vote was carried.

LISTOWEL MERCHANT DIES OF SCARLET FEVER ATTACK

Special to The Advertiser. Listowel, March 20.—Joseph Vandierck, Jr., son of Mr. and Mrs. S. C. Vandierck, died this morning of scarlet fever. Mr. Vandierck, who was a furniture merchant, was at business and in good health on Saturday, and on Sunday was seized with the disease. He was a veteran of the great war and was 29 years of age. Mrs. L. Champ of Dundalk and Miss Lillian Vandierck of the Bank of Commerce, Hamilton, are sisters. Cecil Vandierck of the local Bell Telephone is a brother.

News From City Churches

HYATT AVE. LADIES' AID.

The Ladies' Aid of Hyatt Ave. Methodist Church held a successful tea on Tuesday afternoon at the home of Mrs. R. H. Read, 835 King street, with the president, Mrs. George St. Clair, in the chair. A notable feature of the meeting was the presentation of a life membership certificate to Mrs. A. T. Braithwaite, during which an address of appreciation was given by Mrs. St. Clair, and the presentation made by Mrs. Collinson. Mrs. D. N. McCamus gave a very helpful and instructive address on "Christian Stewardship," and Mrs. Paul, Mrs. Wright, Mrs. Watkins and Mrs. Walters. A solo by Mrs. Bennett was a delightful feature. A hearty vote of thanks was tendered to all who contributed to the success of the meeting. Refreshments were served at the close by the hostesses and her group of workers.

NEW ST. JAMES' S. S.

A meeting of the teachers and officers of New St. James' Church Sunday School was held recently at the home of Mr. and Mrs. McCachren, Regent street. The important business of the evening had to do with a rearrangement of the Sunday school rooms, and it was decided that separate classrooms should be formed by dividing the main room by means of curtains. Mrs. R. J. Webster was made convenor of a committee to attend to this. J. D. Omond was appointed to confer with the music committee with reference to special Easter music.

HAMILTON ROAD C. G. I. T.

Florence Wilson and Rose Hale were in charge of this week's meeting of the Hamilton Road C. G. I. T. and prepared a splendid program. Miss Hale gave an interesting paper on "Formosa," the subject of missionary study for the year, and Miss Rose, a short talk. Mary Henderson read the Scripture lesson, and devotional exercises were conducted by Evelyn Lee.

CENTENNIAL W. M. S.

The regular monthly meeting of the

In Canada's Parliament

Canadian Press Despatch. Ottawa, March 20.—Today in the Commons: Private members' motions will have order of precedence.

Estimates for the financial year 1923-1924 were presented to parliament by Hon. J. A. Robb, acting minister of finance. The total estimates amount to \$400,571,850, which represents a reduction from 1922-1923 main estimates of \$26,939,385. Practically every branch of the public service shows a decrease.

The public debt shows a reduction of \$3,995,392 under the previous year. T. L. Churchill's resolution asking investigation of the financial companies in Canada was introduced and put over for future discussion. Most of the afternoon was given to debate on J. T. Shaw's resolution asking equality between the sexes in the granting of divorces in prairie provinces courts. Debate was unfinished.

CANADA PAYS IN FULL DEBT TO GREAT BRITAIN

War Account Is Completely Wiped Out by Cash Payments.

Canadian Press Despatch. Ottawa, March 19.—Most of Britain's indebtedness to Canada on war account has been wiped out by cash payments or adjustments and credits incident to Britain's handling of Canada's commitments overseas.

In February, 1924, Britain had been debited with \$66,880,496. She had been credited with \$62,000,000. The debt owed by other European countries makes a formidable total, and on these no payments have been made. They comprise: Roumania, \$23,969,720; Greece, \$1,174,274; Belgium, \$6,709,847; France, \$5,730,000; Russia, \$55,571. Including Britain's unpaid portion, this makes a total owed Canada on war account of nearly fifty million dollars.

RED CROSS WORK PROVES SUCCESS IN THE SCHOOLS

The Red Cross work introduced into the schools no longer is meeting with the best results in the schools which have taken it up. Classes are being held and conducted by the pupils in which they can discuss the various questions arising out of this work, and a great deal of interest is being shown by all classes. The principals and teachers in these schools are strongly in favor of the course and believe that the Red Cross practice learned in this way may be the means of saving a life some day, and in any case that it teaches the children important health rules and facts that are necessary.

EVANGELICAL MEETINGS.

Splendid results have been evident at the series of evangelical meetings held during the past three weeks at Ridout Street Methodist Church. The pastor, Rev. J. A. Agnew, has been assisted by various local clergy and each meeting has been excellently attended. Last night Rev. W. H. Cooper delivered the sermon, and tonight Rev. John Garbutt, pastor of Dundas Street Methodist Church, is speaking. Tomorrow night the service will take the form of a general congregational rally, at which the speaker will be Rev. A. E. Thomson, pastor of Centennial Methodist Church.

AUCTION OF "WILLIE'S" EFFECTS BRING LITTLE

About \$500 Realized From the Sale at Holland Home of Former Prince.

Associated Press Despatch. London, March 20.—The public sale of the furniture and her property used by the former German crown prince during his exile in Holland, which took place on Wednesday, will put little money in Frederick William's pocket, according to the Daily Mail correspondent at the Hague. The sale was held in the house occupied by the crown prince on the island of Wieringen.

The expected souvenir hunters did not arrive, says the correspondent, and with the exception of the newspapermen and photographers only a few persons were present. The goods realized about £190.

The furniture was shabby and hardly worth buying, while the personal articles fetched trivial prices. Three cigarette cases, one bearing the prince's monogram, totalling about 70 shillings, and the other things went at proportionate prices.

U. S. HUNTERS FACING HIGHER FEE IN ONTARIO

Game Committee Recommend That Americans Be Charged More For License.

Canadian Press Despatch. Toronto, March 19.—The fish and game committee of the Ontario Legislature meeting this afternoon decided to recommend to the government that Americans coming into Ontario be required to pay \$100 for license to shoot moose; \$50 for deer and \$25 for game birds. It was decided that the closed season for fish, martin and raccoon be lengthened two weeks, making it to April 15.

The partridge open season was lengthened and will be from October 15 to November 29 instead of November 5 to 20. The matter of a gun license was laid over until next year.

FIFTEEN PERSONS KILLED WHEN BUILDING FALLS

Lisbon, March 20.—Fifteen persons were killed when a four-story house collapsed here today. Thirty persons were buried under the ruins.

SULPHUR IS BEST TO CLEAR UP UGLY, BLEMISHED SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Menthosulphur, says a noted skin specialist. By use of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Menthosulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Menthosulphur may be obtained at any drug store. It is used like cold cream.—Advt.

CANADA PROTESTS WATER DIVERSION TO AID CHICAGO

The Congress Committee Will Endeavor To Get City's Drainage System Changed.

OTHER STATES ACTIVE

Associated Press Despatch. Washington, March 20.—Opposition of the Dominion of Canada to the further diversion of water from Lake Michigan for purposes of drainage and sanitation at Chicago was voiced at yesterday's meeting of the House committee on rivers and harbors. Appearing for the Ontario Hydro-Electric Power Commission, Arthur R. White told the committee that Canadian interests disapproved of any measure tending to perpetuate the policy of the Chicago sanitary district in taking from Lake Michigan a volume of water equal to 10,000 cubic feet per second, the amount that is regarded by the city as essential for the disposal of its sewage. Mr. White specifically addressed himself to the Hull bill, which proposes to legalize the diversion of water at Chicago to dilute as well as to move the city sewage southward through the Mississippi River.

Speaking for the Province of Ontario, Mr. White denied that power was being taken from the international boundary by the diversion of 45,000 cubic feet from the Niagara River, to generate power, instead of 36,000 cubic feet stipulated in the treaty between the United States and Canada.

This alleged diversion of water on the part of Canada was brought to the attention of the committee in the course of testimony offered by Robert L. Isham, vice-president of the Chicago Association of Commerce.

Representative Dempsey of New York, chairman of the committee, made it plain that congress was not likely to act on the Hull bill at this session. As a condition to approval by congress of the Chicago plan, Mr. Dempsey indicated that city would be required to give assurance that no time would be lost looking to the disposal of the city's sewage by means other than drainage through the use of water from Lake Michigan.

The attorney-general of Michigan, who said he spoke also for the states of Indiana, Ohio and Pennsylvania, registered a protest against the Hull bill. He insisted the Chicago's use of Lake Michigan water should be limited to 4,167 feet, as stipulated in a permit issued years ago by the secretary of war.

CHILDREN'S WORK CLUB PLANNING BIBLE SCHOOL

Preliminary Arrangements Are Made For Program During Coming Summer.

The children's work club of the city are planning to continue next summer the Daily Vacation Bible School, which they carried on so successfully last year. At a meeting in the Y. M. C. A. last night, the preliminary arrangements were commenced, and the board is planning to secure again the Hill Street Sunday School, which last year was made the center of the work.

Yesterday In Ontario's Legislature

Canadian Press Despatch. Further supplementary estimates to the total of \$1,652,285 were brought down. This includes \$500,000 for the expense of taking a vacation on the liquor questions, or questions.

House discussed agricultural estimates at length, the premier announcing that the government's plan of agriculture would go to Great Britain this summer to study market conditions and that the superintendent of education would visit Denmark to study rural education.

Bill introduced to return to Hamilton bonds held by the hydro commission in connection with Hamilton-Toronto hydro radial line. House adjourned at 6 o'clock.

GOOD HUMOR, VICTOR IN POLICE COURT CASE

Traffic Violator Promises Not To Make Second Appearance.

George Fortner's perpetual good humor and likable personality stood him in good stead at police court this morning when he appeared to answer a charge of violating the traffic bylaws.

The defendant seemed to brighten the courtroom with his merry smile and frequent loud chuckles as he recounted how he had passed a traffic signal while in his rig. He said he wanted to get ahead of another vehicle just in front of him and so he crossed the traffic post on the wrong side.

Magistrate Graydon joined in the merriment produced by Fortner's explanation of the affair. He was dismissed. "I don't think you'll ever catch me again," he assured the court.

CONDITIONAL GRANT HAS DISAPPOINTED HAMILTON

Hamilton, March 20.—Officials of the Hamilton Health Association expressed themselves last night as deeply disappointed at the announcement that the Ferguson government had approved of a conditional grant of \$50,000 to the Mountain Sanatorium.

If the grant is to be given to the institution without any strings then it will be gratefully accepted, but it is understood the grant is conditional upon the citizens of Hamilton raising a like amount, and the sanatorium throwing its doors to the regular patients from all over Ontario.

BISHOP ORDERS PRAYERS FOR LUXEMBURG DUCHESS

Associated Press Despatch. Luxembourg, March 20.—Grand Duchess Charlotte, ruler of Luxembourg, is expecting an interesting event shortly, according to a formal announcement to the country by Premier Reuter. The Bishop has ordered public prayers.

King Declines Higher Salary

Associated Press Despatch. Brussels, March 20.—King Albert was the only state functionary who refused the recent increase in salary. It was made known today by Premier Theunis in a speech on the budget economies during the debate on the ministerial declaration in the chamber of deputies. The announcement was greeted with lusty cheers from the Liberal and clerical party benches.

LAYMEN TO SPEAK IN AID OF DRIVE

Twenty-Five Citizens Attend Session To Plan Church Program.

Owing to the illness of E. J. Jenkins, chairman of the speakers' committee of the London United Welfare Fund, Dr. H. W. Hill of the university, member of the committee, presided at the conference of welfare speakers held yesterday at the Y. M. C. A. The session was attended by about 25 of the city's laymen appearing before various clubs, societies and other organizations in the city in the interests of the United Welfare Fund. The speaking program is to reach practically all of the churches on March 30, when a layman is to be invited by the pastor to share the pulpit and deliver an eight-minute address on the London United Welfare Fund.

At this meeting a predicament of last year's campaign was divulged, when a devout lady of the city resorted to one of the leading churches to hear her favorite clergyman. On seeing one whom she supposed a stranger, she exclaimed, "What a pity, the good lady precipitately retired from the church, concluding that she was not to have the opportunity to hear from her minister. London has now become so accustomed to having a layman in the pulpit at least once a year, that no confusion will be caused by the presence of a layman in the pulpit, and no such strictly to the eight minutes, or such other restricted period as may be assigned in each church.

DRUG ADDICT IS GIVEN SIX MONTHS IN PRISON

Magistrate Concludes Useless to Grant Appeal For Suspended Sentence.

Sidney Sare, 48, with a long police record, was arrested by local constables yesterday and charged with being in possession of narcotics. Magistrate A. H. M. Graydon fined the prisoner \$200 and ordered him to be reformatory for six months.

Sare's craving for drugs is such that he becomes an extremely dangerous character while the desire continues unsatisfied, it is charged. He has been sentenced half a dozen times in the local police court, and on one occasion tried to assault a nurse who refused to give him "one little grain."

WHEN FOOD FAILS

Defective Digestion Is the Cause and Misery Follows. There are thousands of people who do not get the proper nourishment from the food they eat because their digestion is defective. Food that lies undigested in the stomach is not merely wasted, it will ferment and poison your system. Flatulence and all the troubles that follow and unless you are careful you will become a chronic dyspeptic.

By toning up the stomach to do better work, Dr. Williams' Pink Pills will remove the cause of the trouble. Nothing will more promptly restore the digestive organs than good new blood. But Dr. Williams' Pink Pills depend on the blood, and when it gets thin and watery they are at once weakened. It is because of their action in building up and enriching the blood that Dr. Williams' Pink Pills have proved successful in many cases of indigestion where ordinary medicines have failed. The action quickly tones up the digestive organs; the appetite improves and you are able to eat with comfort and get full nourishment from your food.

Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50c. a box from The Dr. Williams Medicine Co., Brockville, Ont.—Advt.

WHY PURE FOOD POISONS SO MANY

If you planned the elimination of your food as carefully as the way it is cooked you would nearly always get a good result. But the liver, the body's filter, to become sluggish, self poisoning results! The liver is not doing its part in removing from the system this poisonous waste.

This explains why many wake up dull and tired—tongue coated, bad taste and offensive breath. Why they suffer from such symptoms as bad digestion, gas on a sour, weak stomach, constipation, pains in the back and sides, and a nervous, rundown condition.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. Thacker's Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacker's Liver and Blood Syrup is sold and recommended by S. A. Mitchell, 114 Dundas street and Taylor's Drug Store, 300 Richmond street, in this block south of Dundas in London; J. W. Craig in Dresden; E. M. Crosthwaite and W. A. McIntyre in St. Marys; John E. Warner in Alvinston; by leading druggists in every city and town.—Advt.

Use Advertiser "Want" Ads consistently and they will be of the utmost assistance to you.
