HOLDS JUDGMENT IN N. HURON VOTE

Judge Inspects 342 Disputed Ballots in Spite of Denison's Objections.

PRECEDENT CITED

Spotton, Conservative, Will Lose Seat If Votes Are Held Valid.

Special to The Advertiser

Toronto, Dec. 6 .- In spite of strenuous objections from Shirley Denison. K.C., counsel for George Spotton, Conservative candidate in North Huron, Mr. Justice Wright inspected the 342 ballots which were counted out by Judge Lewis, of Goderich, in the recount. The judge then reserved his decision. If the 342 ballots, which had the counterfoils attached, are counted it will mean foils attached, are counted it will mean the seating of J. W. King, Progressive. The throwing out of these ballots changed a majority of 161 for King, into one of 11 for Spotton.

N. W. Rowell, K. C., counsel for Mr. King, in opening his argument, cited the Argenteuil decision by the chief justice of Quebec, on Monday, which ruled that an appeal against the seating of Detroit Restaurant Keeper Sir George Perley might still be continued, in spite of the fact that the election writs had been returned to Ottawa. Mr. Rowell declared the cases

to be analogous.

He then went on to contend that the deputy-returning officer had violated the mandatory provisions of the elec-

Judge Wright over-ruled the objection and inspected the ballots.

Mr. Rowell cited numerous cases, going back as far as 1663, in which ballots with numbers on them, or other distinguishing marks, had been counted pant, with their guns, and after a hasty search of the front room, escaped with the counterfoils, and should have done the counterfoils, and should have done to give effect to the will of the so to give effect to the will of the so to give effect to the will of the so to give effect to the will of the solution o The provisions of the election act had been violated also when his client was refused the right to see the rejected had left the Central Savings bank brand was formed.
