DRY GOODS

Where, When and How to Buy Them.

Now that buying time has come, and the approach of cold weather reminds you of your wants and warns you to prepare, the first question to arise is,

WHERE

can I spend my money to the best advantage? The answer is a household word with thousands; yet there may be some who are strangers, or who have not had an opportunity of shopping, and are not aware of the great difference in prices asked for the very same article in many stores. To such we say, that in every instance you will find T. F. KINGSMILL the cheapest. Any doubt you may have in the matter will be removed by making a comparison of his prices with those asked elsewhere.

WHEN

to purchase is the next question to be decided. As is too often the case, many ladies defer their shopping until necessity forces them to do so, especially while the weather remains as warm as it has been this week, and are thereby at a disadvantage when the rush begins. As our Fall Importations are complete in every department, NOW is the time to make a selection; NOW you can choose from the newest and most fashionable goods before the best are sold; NOW you can spend more time in making your choice, and we can give you more attention; NOW you can buy as cheaply as in a month to come, and have warm, seasonable garments in time of need, and save yourself a hundred ills by avoiding the most dangerous of all delays—insufficient clothing.

HOW

to buy is already decided by the solution of the former questions. Having discovered where the finest stock is to be seen, where you can be served best for the least money, and when it is most to your advantage to do your shopping, the only matter of importance remaining is to find the right store. And just here we wish to warn our customers. Do not ask another dry goods dealer where T. F KINGSMILL'S store is. They are all envious of our success, and would rather not answer. Follow our directions and you can readily find it, and having found it once, the smaller stocks and higher prices elsewhere will always tell you when you are not in T. F. KINGSMILL'S.

Our store has large plate glass windows placed diagonally, and the front of the building is black and gold. It extends from Dundas to Carling st., and on Carling st. we have the largest Carpet Warehouse on the continent.

T. F. KINGSMILL

The following are a few lines of great value we are showing:
