## Holloway's Cintment.

"This wonderful" Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ilcers and erup-tions of the skin; when rubbed on the surface it pene-trates and purifies each tissue on its passage, and exerne the most wholesome influence over the internal structurets It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent oure...

#### Gout and Rheumatism.

To sufferers from the racking pains on sneumatism and Goat this continent will prove invaluable. After fomen-tation with warm water the soothing action of this Oint-ment is most remarkable; it seems at once to lesson in-flamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above com plaints Holloway's Ointment and Pills are infailible spe-

#### All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofuls or King's Evil, and the most inveterate skin diseases to which the huraan race is subject. They can not be treated with a safer or more speedy remed withan Holloway . geware of this dangereus and stealthy complain . I seware of this dangereus and stealthy complain which frequently creeps upon us by slight squeamishness or trilling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked ior in the liver and stomach, therefore set to work earnessity by taking Holloway's famous Pills ac-cerding to the printed instructions and rubbing the Oint ment very effectively over the pit of the stomach and right side where those organs lie. Most dropscal cases will readily yield to the combined influence of the Oint-ment and Pills.

#### Piles, Fistulas, and Internal Inflav dation.

These complaints are most distressing to both body and mind, fause delicacy concealing them from the know-dge of the most intimate friends. Persons suffer for ears from riles and similar complaints when they might se Holloway's Oint nent with instant relief, and effect heir own care without the annoyance of explaining their allment to anyone

By the timely expul-sion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural

if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no tasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be con-centrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled. by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they these have been trauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla. which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken ac cording to directions on the bottle. 0 PREPARED BY
