

Next Season In The New North

Remarkable Period of Activity Anticipated in Opening Up of Yukon Country.

Something in Regard to Operations of the Victoria-Yukon Trading Company.

It is confidently anticipated by those most familiar with the Northern country—the New North—that developments there will be on a scale much more pretentious than in previous years.

showings of a character calculated to excite the interest of mining men the world over. It is recognized on all sides that the surface of that great country has only been scratched, and that the tremendous possibilities of the country as a mineral producer are only now becoming known.

The Victoria-Yukon Trading Company, which is responsible for its existence to the enterprise of Victoria capitalists almost solely, has been operating in the Northern country since January, and has large sawmill properties at Lake Bennett and commercial houses at Dawson, during the busy season now playing in all upwards of two hundred men.

who apparently spoke as in the confidence of the administration, when he had said that the passage of this legislation was preliminary to an appeal to the people, and that the government had been working out the bill for some time past.

about the Esquimaux district. There were many people in that district who had no representative whatever, and yet they spent a great deal of money there and produced a great deal of business. These people were a direct benefit to the farmers and cattle raisers of the district, and they ought to have representation in the house.
