WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write our Association and receive free the advice of a physician of over 40 years' experience — a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write daily what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

BROOKE COUNCIL.

Alvinston Sept. 28th, 1912.
Council met pursuant to adjournment.
Members all present.

Minutes of previous meeting read, and on motion of Mr. Monro seconded by Mr. Fisher, were approved.

W. J. Bourne, Esq., reported the McLachlan tile drain completed; receipts \$834.15, expenditures \$713.74, overpaid \$82.60.

Fisher—Monro, that report be accepted and by-law prepared for submission at next meeting, authorizing the levy and collection of the deficit of \$82.60 on lots assessed for this drain, amount to be spread over two payments without interest.—Carried.

W. J. Weed, Collector for 1912, submitted the names of George Ross and Wm. Mellis as his bondsmen for the Collectorship.

Fisher—Monro, that names submitted be accepted, and Clerk instructed to see to the due execution of the bond.—Carried.

Mr. Hugh McLachlan, of Mosa, complained that water on Townline had been diverted and was now an injury to him. Council agreed to visit locality.

Wm. Shagg, sr., asked that a culvert be put in on 12 sideroad, con. 10, to replace one broken down. Left to Commissioner.

Darvill—Monro, that James Robinson be paid the sum of \$6.67, being two-thirds value of one lamb killed by dogs.—Carried.

Monro—Fisher, that Council open as a Court of Revision on the Smith-Patterson drain by-law. The Reeve in the chair.—Carried.

Declarations taken. Twenty appeals. Mr. Ingram, solicitor for the Canada Southern Railway Co., objected to their assessment. Besides assessment for culvert across their right of way, they were assessed \$233.50 for 16 acres of land, while lands adjoining were assessed at \$2.30 per acre. If we were assessed as these lands the assessment would be about \$40 or \$50. We ask that our assessment be reduced to about \$100.

F. E. Lovell said, assessment too high, do not use drain, it is only a cutoff and otherwise no good to me.

Henry Ormeron said, ditch costs too much, no one south of railway wants it. I have 40,000 tile in and all drain to 4th con. drain.

Andrew Atchison said, could not use this drain without crossing two farms to the west. I am assessed too high entirely.

Wm. Loosemore said, I do not want drain at all. I am assessed too high.

Wm. E. Wenden said, drain is no benefit to me, the sideroad drain is all I need. I want all my assessment struck off.

Hugh Kennedy said, my 50 acres in 2d con. were not assessed before. Parts of lot 12, con. 3, are not assessed and yet they empty water in ditch. Lot S half 10, con. 4, is assessed too high. T. H. Lovell gets off too easy.

Hugh Leitch said, drain no benefit to me. Cannot use it.

D. A. McIntyre said, when this drain is completed we still have to maintain the 9-10 sideroad drain. I ask that this drain be referred to another Engineer as Mr. Code has given conflicting reasons. Lands in 9th concession should be assessed.

Thomas Mogan said, drain no benefit, payment for bridge insisted, would not pay for plank for cover. If more water is brought down, will sue for damages yearly.

Robert Clark said, drain will be of little use to me.

Mrs. M. Coleman said, drain no benefit to me. Should have to maintain it.

Oliver Burgess said, I am only allowed \$39 per acre for land taken for drain, this is unfair, allow me \$50 per acre and I will be satisfied.

J. N. McVicar said, have plenty of outlet without this drain, let those that want it pay for it.

John Hudson said, drain is no benefit to me. Allowance for damages too small.

John S. Elliott said, he was assessed too high.

M. C. Zavitz said, he was assessed for 30 acres to this drain when 15 acres of it drained another way, the balance into Totten drain.

George White said, I am not allowed enough for old drain, should be allowed more. Do not wish to block drain.

Wm. Totten said, Water all runs to 9-10 sideroad and I am assessed too high.

Robert Watt said, Some parties are allowed too much for drain that they need themselves. I am assessed too much.

Fisher—Annett, that Court stand adjourned till 3 o'clock p.m. of Saturday, the 26th October, 1912, and that ordinary business be resumed.—Carried.

Annett—Darvill, that the Clerk be authorized to charge on Collector's roll each of the telephone subscribers, a rate of 50 cents per month, from the time they had connection with Central until 1st September next, when the debentures will be issued and all can start evenly to pay off the indebtedness in 1913.—Carried.

The following estimate of the expenditures for 1912 was submitted, viz:—
To meet grant of \$300 to each school section..... \$ 6042 50
To meet amount asked for by county..... 5696 26
To meet amount needed before taxes are levied..... 2000 00
Drainage funds overdrawn..... 2000 00
To amount needed for new bridges and culverts..... 3000 00
To division appropriations..... 1500 00
To gravel for roads..... 1000 00
To officers' salaries..... 1000 00
To Township's share of drainage rates..... 800 00
To special grants..... 500 00
To unforeseen expenses..... 500 00

Total..... \$ 24038 76
By-law to levy the annual rates was then introduced and read.

Monro—Sutton, that the by-law to levy the rates be filled in with a rate of two

and one-tenth mills for county purposes, two and three-tenths mills to meet the payment of the \$300 grant to each school section, and a rate of four mills for all township expenditures, a total of eight and four-tenths mills on the dollar. That by-law thus filled in be read a third time and finally passed. Carried, read and passed.

Sutton—Annett, that Council do now adjourn, to meet in the Village of Inwood on Saturday, the 26th day of October, 1912.—Carried.

W. G. WILLOUGHBY, Clerk.

TO PREVENT IS BETTER THAN TO REPENT.—A little medicine in the shape of the wonderful pellets which are known as Parmelee's Vegetable Pills, administered at the proper time and with the directions adhered to often prevent a serious attack of sickness and save money which would go to the doctor. In all irregularities of the digestive organs they are an invaluable corrective and by clearing the blood they clear the skin of imperfections.

"**'TIS WELL TO KNOW A GOOD THING**" said Mrs. Surface to Mrs. Know-well, when they met in the street. "Why, where have you been for a week back?" "Oh, just down to the store for a bottle of Dr. Thomas' Electric Oil," said Mrs. Surface, who hates puns, walked on. But she remembered, and when she contracted a week back there was another customer for Electric Oil.

Suburban Obsession.
The great-I have cut the grass! Amid the host of cheerless faces, That make a round of country life This is the cheerlesslest, by Jingo! I have the Jacqueminots to spray, The hedge to clip—may, do not scoff— The bean to pole, the peas to hoe, And when I plan an evening off It rains and rains and rains, and then I have to cut the grass again!

But there will come a time all right In some far summer as I pass When bent beneath the weight of years, I shall not have to cut the grass. And if at last the summons be, Not to some verdant realm of bliss, But to dry and bladeless house, A hotter suburb 'e'en than this (They say there's one), why, bah and tutt At least there'll be no grass to cut! —Judge.

An Unfortunate Abbreviation.
Cardinal Gibbons was discussing Gibmore and his band. "Gilmore," continued the cardinal, "was famous for his playing of Mozart's 'Twelfth Mass.' On one occasion he played it in a North Carolina town; and next day the local paper announced that he 'rendered with great effect Mozart's 'Twelfth Mass, chusetta.'"—Popular Magazine.

How Long Can He Stand It?
This is Mrs. Forbes-Robertson Hale's latest suffrage story: "A negro woman was arguing and arguing with her husband, and when she had finished he said, 'Dinah, yo' talk don't affect me no mo' than a flea bite.' 'Well, niggah,' she answered, 'T'gawna keep yo' scratchin'.'"—Woman's Home Companion.

His Limit.
"Queen of my heart," he softly sighed, "We'll travel fast and far Along the dewy country roads Within a touring car Or on a white, palatial yacht Beneath the moonlight pale Across the blue and breezy bay I'll take you for a sail."

Together in an aeroplane
We'll mount the azure sky And soar among the fleecy clouds And with the eagle fly, Or in a speedy motorboat We'll skim by cape and highland, And then they took a trolley car And went to Coney Island. —New York Times.

At Last.
Warren Chambers—So Cashier Morral has gone wrong? They say he has been stealing for fifteen years. Barclay Murray—Why, when they investigated his books a year ago I thought he came out of the ordeal unspotted. Warren Chambers—He did, but they have spotted him now.—Puck.

The Essential.
"You see, we have good streets, excellent lighting and shipping facilities. Trade conditions are good. We hope you will locate here." "I dunno," said the visitor. "Things look good. But tell me this." "Well?" "What kind of a ball team have you got?"—Washington Herald.

The superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children. Purchase a bottle and give it a trial.

Regularity

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills are entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Use
