

TWO THINGS THAT HURT THE EYES

A person has been known to say, "I have ruined my eyes by reading too much." Not so—the eyes were made to use. One sure way to permanently injure the eyes is

READING BY INTENSE LIGHT

The light should come through ground glass to soften it. Never use clear glass for either gas or electric light. Oil lamps give out a soft light, therefore clear glass chimneys.

READING BY DIM LIGHT

Take our advice—do not read or sew by a dim light—it will be a direct strain upon the sight centres of the brain. On these two things hang the fundamental laws of sight economy. Never use cheap or pick-up glasses—come to us for advice about things optical.

Everything needful here.

Take good care of your eyes!

ALL FIELD SEEDS TO BE OFFICIALLY GRADED

The Seed Control Act, administered by the Department of Agriculture at Ottawa, is undergoing amendment at the present session of Parliament. The amending Bill, after receiving the approval of the Agricultural committee has had its second reading in the House of Commons. The original Act provides for the compulsory grading only of timothy, alsike, red clover, and alfalfa. The grades of these seeds recognized are "Extra No. 1," "No. 1," "No. 2," "No. 3," and "Rejected." The amended act will extend compulsory grading to all kinds of grass and clover seed, flax, sorghum, millet, wheat, oats, barley, rye, corn, buckwheat, sunflower, field peas, field beans, and vetches. Provision is made for including seeds of other kinds of farm crops. The Bill also provides for the optional grading for commerce of field roots and garden vegetable seeds. Farmers selling seed on their own premises will not be required to grade seed grain. Grass seed and clover seed, however, sold from the farm must have been officially tested and graded on the basis of a control sample.

ALVINTON

A very enjoyable time was spent at Dolbear's school on Friday evening when the Eu-Brooke Club held their regular social meeting. A very interesting debate was staged during the course of the evening's program. "Resolved that men spend more money on pleasure than women," the affirmative side was upheld by Earl Grey and Stanley McLaughlin and the negative by Misses Florence Forman and Jessie Frayne. The affirmative won by a small majority. "Miss Nellie Holt gave a very interesting address on "Citizenship", after which Misses Vera and Renta Linton played an instrumental duet. Miss Margaret McCallum gave a very helpful and interesting paper on "Ideals", after which Robert Morrison rendered a very acceptable solo. Music for the evening was supplied by the Alvinton Orchestra. At the close of the evening refreshments were served by the ladies.
