BY JOHN TALLIS & CO OF LONDON, THE LIFE AND TIMES OF THE LATE Duke of Wellington ;

August 16, 1853.

The earthly career of Arthur Duke wellington has closed; one of the greatest work must appeal to the best and proudest feelings in the heart of every Briton—the glory of his country, the honour of its name and position among the nations—nay his own existence as a freeman, are recorded and engraven in the annals of the "well fought fields," and " the deadly imminent breaches, the immortal battles and the glorious sieges in which Wellington and his Companions in-arms gathered untading laurels, placed their country's honour and renown on the highest pinnacle of fame and glory, and tore the victors's wreath from the oro vs of heroes decorated with the trophies

of Italy; Egypt, and Germany. To supply such a desideratum in English fiterature, the publishers of The Lafe and Times of the Duke of Wellington have determined to produce a book which shall present to the reader, not only the dry details which a mere biographical sketch would afford, but a comprehensive work, embracing the contemporaneous history of the period; exhibiting the circumstances which brought about the great events in which the Duke and his contemporaries were engaged, and giving to the reader a connected narrative of the lives and actions of the Warriors and Statesmen of the nine-teenth century; and this from the pen of one who was a companion in arms of the great hero, and participated with him in
