RELIEF FROM RHEUMATIC PAINS.
"I suffered with rheumatism for over
two years," said Mr. Roland Curry, a
patrolman, of Key West, Fla. "Some
times it settled in my knees and lamed
me so I could hardly walk, at other
times it would be in my hands and
feet so I was incapacitated for duty.
One night when I was in severe pain
and lame from it my wife went to the
drug store here and came back with a
bottle of Chamberlain's Pain Balm. I
was rubbed with it and found the pain
had nearly gone during the night. I
kept on using it for a little more than
two weeks and found that it drove
the rheumatism away. I have not had
any trouble from that disease for over
three months." For sale by W. A.

MAKING CHARACTER
What the Y. M. C. A. Stands for—
The Predilections of Its General
Secretaries.

Thomas Longboat ran at Boston as
a member of the Toronto West Young
Men's Christian Association. His sen
sational achievement in breaking the
world's record for the distance natu
rally draws attention to the organiza
tion whose colors he bore to victory.
Of course, there is no need in dwelling
on the moral side of the young man.
A. save to say that athletics is not
cultivated more than the intellectual
and moral side of the young man. The
main desire of the organization is to
make young men that will stand the
strain, young men with a character
rather than a reputation. The general
secretaries usually are found of men of
this type, and their fondness often ex
tends to household articles. For ex
ample, when the secretary of the Victoria
Y. M. C. A. wanted a piano some
three years ago he bought a Goulay.
He was looking for character rather
than reputation, for then the Goulay
was not well known. Now, however, it
has both character and reputation.
The instrument has been so thorough
ly satisfying that he recommended his
board to purchase a Goulay, when
nineteen other instruments were under
the notice of the directors. His recom
mendation was accepted, and recently
the firm of Goulay, Winter & Leeming
received the following letter from him:
"The piano arrived safely a few days
ago, and we have just had it set up. It
stood the long cold journey well
and is in splendid tune. Our directors
are justly proud of it, and think it
away ahead of all competitors."
Other Y. M. C. A. officials in other lo
calities are also looking for character
in a piano is indicated by the follow
ing letter from the secretary of the
Edmonton branch: "The piano arrived
in first class order. It came through
the coldest of the winter and landed
here without showing the least sign of
an effect from the cold upon either
case or action."

Truro, April 17.—Fred L. Fuller,
manager of the Nova Scotia govern
ment farm at Bible Hill, Truro, suf
fered a serious accident this morning
while loading stock on the cars at
Truro station. There was a defect in
the car door, in which he was fasten
ing the axle. An iron strap, as a
stay, was bent outward, he was look
ing up the track as an engine and
other cars passed. The moving train
caught the projecting iron and brought
the car door to with force, jamming
Mr. Fuller's head, bruising one cheek
and jaw and tearing off one ear. As
soon as possible he was removed to a
doctor's office. The ear was reattached
by stitching and his other wounds
dressed. So quickly was the work done
that Mr. Fuller will suffer no perma
nent injuries. He remained under the
doctor's hands two hours, and with
stood the stitching of his ear without
administration of anaesthetics.

VERDICT FOR THE HERALD.
Mayor Macleith, of Halifax, loses
Suit Brought Against That Paper
For Libel.
Halifax, April 21.—The jury on Sat
urday brought in a verdict in favor of
the Halifax Herald in the suit for libel
brought against it by Mayor R. T.
Macleith, who is agent of the de
partment of justice for Nova Scotia.
The Herald charged Macleith with re
ceiving "\$4,115 graft" in connection
with transfer of properties for the new
round house site in this city. William
Dennis, managing director of the Her
ald, who wrote the article complained
of, admitted under oath that the
charge was not in accord with the
facts, and it was shown in the evi
dence that Macleith received only five
hundred dollars for legal services in
searching the titles and making the
transfers of the properties in question.
No evidence was offered by the defense
to show that this charge was excessive.
It is expected that an appeal will be
taken on the ground that the verdict is
contrary to the weight of evidence.

Kings' Co. Notes

Miss Margaret McFadden, daughter
of Mr. Charles McFadden of Canard,
who went to the Northwest a few
months ago, has secured a government
position in Regina. Miss McFadden
will be remembered in Cornwallis as
one of its successful public school
teachers.

Wiley G. Church, son of Mr. and
Mrs. C. Church, Canning, N. S.,
graduated from Veterinary School, Hus
son, N. J., and will leave soon with
his wife for Malden, Mass., where he
will practice. We wish the young doc
tor success.

The farm of the late Rev. P. M. Hol
den was sold on Monday at Sherin
sale and was purchased by James
Rooney.

Yesterday W. J. Brown, his brother,
Samuel Brown, and wife, left Kentville
for Halifax and embark from there
this week for Belfast, Ireland. A large
number of friends bade them adieu
and wished them a pleasant journey
and a return to Nova Scotia at a
future date. Mr. Brown has resided in
Kings Co. the past eleven years and
has been universally esteemed.

Business is booming at Kingstons
with its five stores, viz. W. Figgott, F.
Smith, F. Northup, M. & E. Power,
and H. D. Woodbury. The millinery of
H. D. Woodbury will soon be attract
ing a great deal of attention.

Mr. Parks, lately of Cornwallis, who
purchased the Bishop Inglis property
is putting in a saw mill on the hill
facing old Aldershot and has cleared
fourteen acres of fine pine land on his
North Mountain property for his sum
mer sawing. We wish good luck to all
enterprising men.

Mr. King, mineral expert who is
digging a shaft at Rockville about 10
feet square, has gone down over fifty
feet reports excellent prospects for
hard coal. The quality is getting bet
ter and the quantity increasing, with
plenty of iron ore only a few rods
away. Expectations for the future of
Kingston is on stilts. Efforts are now
being made to have a branch of a
bank established here.

Norman Foster, of North Kingston,
has purchased the farm formerly owned
by the late Joseph Eaton of the
same place.

John Palmer is moving into the
house of his brother, Charles Palmer,
of Tremont, to take charge of the
Gilbert Ward farm which his brother
recently bought.

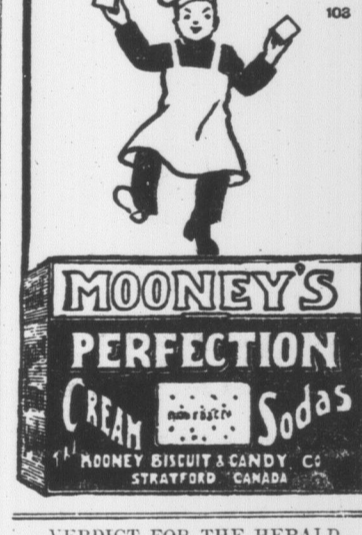

Dr. Mason Sheffield died suddenly at
his home in St. John, recently at the
age of seventy years. He was a son of
the late Aaron Sheffield, of Sheffield
Mills, in this county. In 1865 he be
gan practice in Berwick. In 1872 he
removed to St. John where his life
has since been spent.

Death of an old time Printer
(Digby Courier.)

The death of Thomas S. Robinson
occurred at his home in Barton at five
o'clock Tuesday morning, after a linger
ing illness, aged 64 years. The de
ceased was an old time printer, having
learned his trade with the late Mr.
Gidney, on the old Free Press which
was published at Bridgetown many
years ago. Later he went to the
United States, where he served in the
Civil War and was wounded while on
active duty. He was second Lieutenant
in the same regiment that the late
Capt. Augustus Anand served in and
was very popular among his comrades.
A number of years ago he returned to
Nova Scotia, purchased property at
Barton, Digby Co., and resided in that
village until his death. He was well
liked by all who knew him, was of a
charitable disposition and will be much
missed by his relatives and friends. He
is survived by a widow (his second
wife) and a grown up son. The latter
is at present in a Massachusetts Hos
pital suffering with a broken limb. He
also leaves two sisters in Barton, Mrs.
James Farnham and Mrs. Cozeman.
The remains passed through Digby via
yesterday's express and were interred
in the family lot at Bridgetown. The
Courier loses by the death of Mr.
Robinson a valuable friend and wishes
to extend its deepest sympathy to the
bereaved relatives in this county and
elsewhere.

Nervous
Prostration
IT IS WORRY THAT KILLS, NOT WORK
Work without worry usually tends to
prolong life. On the other hand, worry,
with or without work, is fatal, because
it uses up what the Doctors call the
"Leucin," a phosphorized fat which
is the chief constituent of the brain and
nervous system—a waste which, if not
stayed in time, means complete ner
vous wreck. The evident moral is
"don't worry"—advice easy to give,
and in these days of stress and strain
practically impossible to take. The
alternative is: find some way of re
placing the wasted Leucin—the
phosphorized fat. This absolutely
essential element will be found in
its most perfect, palatable and assimil
able form in

FERROL
an emulsion of Cod Liver Oil and
Phosphorus (phosphorized fat) together
with iron, the recognized blood builder
—making FERROL the ideal nutrient it
claims to be.
For the prevention or treatment of
nervous prostration FERROL is abso
lutely irreplaceable—it is safe, sure and
speedy.
The formula of FERROL is freely ex
posed, consequently
"You Know
what you take"
S. N. WEARE, BRIDGETOWN, N. S.

These are the days when the dis
contented farmer's fancy lightly turns to
thoughts of moving. The great railway
system of the west floods the mails
with manuals setting forth the beauties
and virtues of this and that region,
each claiming to be, par excellence,
the home seeker's paradise. Agriculture
has, in this respect, taken the place of
mining. In former times the "new
country" that offered the most attrac
tions to settlers from a distance was
that in which gold was taken out of
the ground in big yellow nuggets or
infinitesimal dust; in these later days,
the search is still for a quick fortune
but the medium exploited is the grow
ing crop, which can be turned into
gold—or greenbacks—by the slower pro
cess of planting, cultivating and har
vesting, and the pioneer has now for
his emblems the gang-plow and the
reaping machine, instead of the pick
and pan. Now, the advertising cir
culars teem with prints in which the set
tler's comfortable homestead and hap
py family are shown projected against
fields of heavy headed grain, trees
growing under apples and peaches,
proportionately as large as water
melons, and the cattle of a thousand
hills grouped in a pen by the side of
the railroad, awaiting rapid shipment
to markets where buyers stand in line,
longing for the chance to draw fat
checks in payment. While these pictures
attract the eye, few, if any, have ever
bettered their condition much by leav
ing our own fair country, and the most
of those who have left would only
be too glad to be back.

It is an old saying that the people
love to be humbugged. They are remin
ded of this by seeing pack-peddlers can
vassing the country with packages of
dry goods, etc. These goods are sold
for various prices, much or little, ac
cording to what the travelling mer
chant thinks his prospective customer
will put up. People forget how ex
tremely low all classes of goods are at
the present time and fall easy victims
to the travelling humbugs. They could
buy a much better class of goods of
our honest home merchants for less
money. These city sharks travel
through the country, paying no rent or
make a fortune out of shoddy goods.
A word to the wise should be sufficient.
These goods are dear at any price.
