

Eustace left the arms of this foster-parent, at the breaking out of the second civil war, which took place during the King's confinement in Carisbroke-Castle. He was one of the first who appeared in arms, and after many bold, but unsuccessful efforts, he and Jobson were among the number who sustained that memorable siege in Pembroke-Castle, where, after holding out to the last extremity, a selected number of the brave defenders were sacrificed to republican revenge*.

I have already stated that the command of the army, destined to subdue the Welsh Loyalists, had been given to Lord Bellingham as a test of his fidelity,

* In the account of what passed at Pembroke-Castle, the author has not adhered to history or chronology ; but the similar barbarity and breach of contract, which took place at Colechester, justifies the narration.
