

# Thoroughbred Poultry and Dogs

## SOLD ON CREDIT

### ONE YEAR'S TIME TO PAY FOR YOUR PURCHASES

We sell everything we raise on a year's time. We raise nothing else but Thoroughbred Poultry and Collie Dogs. We have the largest plant of its kind in the world. We issue a beautiful illustrated catalogue, which will give you full description of our plant and our method of doing business. The fact that we sell eggs for hatching and give you a year for paying for same, shows that we must sell good goods, or else we could not make such an offer.

### LET US GET ACQUAINTED

Send us your name and address on a postal card and we will send you our illustrated catalogue. It is absolutely free, and won't cost you anything to get it anyway.

### SCOTCH COLLIES

We have at the present time for sale, about 200 Scotch collie pups. They are sable and white in color, three months old, from our best pedigreed bitches and can enter the United States free of duty, once registered. Every pup is eligible for registration. We offer them at:

Dog pups . . . . .	\$25.00
Bitch pups . . . . .	\$15.00
A pair, dog and bitch, not related, for breeding purposes,	\$35.00

Terms, one year's time. Is that a fair offer? You can see what they are like, and you will know all about the pups before you have to pay for them, and most likely you will have a litter of pups before you have to pay for your own breeders.

---

Our catalogue is full of nice illustrations of collies. If you send for our catalogue you will get a beautiful photogravure of Champion Anfield Model, the champion collie dog of the world.
