

Useful Hint.

Sipping cold water will often allay the craving for alcohol in those who have been in the habit of taking too much of it and who may be endeavoring to reform, the effect being probably due to the stimulating action of the sipping.—'People's Health Journal.'

EXPERIENCE
COMMANDS
ATTENTION.

"To my mind, and judging from my own experience, no product of the cereal (wheat) can be compared to "Shredded Wheat." In a word, I bear willing testimony to its excellence as nutritive, both for those of delicate digestion and those in robust health, and I feel sure a fair trial would convince the most skeptical of its value."
