

NEW YORK EXCHANGE.

QUIETER MARKET IN LONDON
LOWERS AMERICANS — DEAL IN N.
Y. C. AND PENN. DISCUSSION — THE
PUBLIC SHUNS INDUSTRIAL STOCK—
SPECULATION KEEPS PRINCIPALLY
TO R. R. STOCKS.

New York, April 5.

Americans in London slightly lower and market reported to be somewhat apathetic.

There is some pressure to sell B. & O. Arbitrage Houses will probably be moderate sellers.

The newspapers here continue to discuss the rumors of important deals by the Pen. and N. Y. C.

Yesterday's heavy trading in Pen. is thought to reflect that some important negotiations are on hand. A large portion of selling was through foreign houses, but it is believed that it was not on foreign orders but for a local banking house closely connected with Pen.

Theory is that the the Company sold something like 25,000 shares and that their total sales during past week at two aggregate some 100,000 shares.

The proceeds of these sales are to be used in payment for the purchase of large lots of Norfolk Common and pfd. Owing to the premium which has been received for this stock, there is a balance in favor of the Company between the dividends which will have to be paid on the stock sold and the dividends received on Norfolk pfd.

So far, the news papers do not appear to treat Admiral Dewey's announcement that he is a candidate for the Presidency with much seriousness.

This is due to the fact that he has so far failed to disclose on what platform he intends to run.

Apparently the Bryan leaders will stick to their candidate and the various telegrams received by the N. Y. Herald from different states indicate that so far only North Dakota has come out for Dewey.

Manipulation in the Industrials continue but the public is not coming in.

Sentiment with regard to Sugar is rather more bullish owing to estimates that are made that the existing differences between the Raw and Refined articles admit of a moderate profit.

The dominant feature continues to be rumors of R. R. deals. Consequently speculation promises to continue to run into the R. R. stocks.
