

Every medical man depends upon proper diet as a means of complementing the treatment of his patients.

LACTO-GLOBULIN

presents a combination of the highest nutritive value with extreme assimilability.

In the Treatment of Gastric and Intestinal Disorders, in all Forms of Mal-nutrition, the Inherent Digestibility and Natural Soothing Action of Lacto-Globulin make it an Ideal Food.

A perfect adjuvant to the treatment of Tuberculosis, Diabetes, Rheumatism, Neurasthenia, and all ills arising from Defective Metabolism.

The food that gives definite results when used with intelligence.

ALL DRUGGISTS SELL IT.
