**HIGGINS' ETERNAL INK**

Writes Everlastingly Black

THE fact that Higgins' Eternal Ink is a CARBON writing fluid—black when written and black forever afterward—and not a CHEMICAL product made of iron and nutgalls, that becomes dim with age, has given it a high place in the estimation of banks, business houses and individuals generally. For legal and corporation work, for state, county and town records, and for general correspondence where absolute permanence is an essential element, this ink stands unrivalled. It writes black from the pen point, and is hence easy

to the eye. It flows readily, does not corrode, and is absolutely unchangeable—neither age, air, sunshine, nor chemicals will affect it. May be diluted for use in fountain pens. OF HIGGINS' ETERNAL INK it may truly be said: "Once a user, always a user."
