DISCOVERY OF FRAUDS IN NEW YORK IN CONNECTION WITH RECRUITING.—The outbreak of the war and the necessity of raising an immense army in a very short time, of course opened the door for all kinds of frauds. The easiest appear to have been those practised by, or in the names of parties, who recruited till they could join their camps. In every grocery shop became a recruiting office, and every grogshop became a recruiting office. A tavern keeper had a bill: As these bills and reasons could not be disbursed at the moment they fell into the hands of the brokers, the tavern keepers increase the numbers very greatly in excess of the number supplied. Of course officers were more or less implicated in all these frauds. It was necessary to have a very large number of officers, and many who pretended to military rank and who held it till they lost it for bad conduct, or because they brought a certain number of recruits. It followed that such men were very apt to grant certificates for much larger services than had been really rendered, some of them were not men of business, others because they were a business of sharing in the swindle. The Tribune Commission commenced to investigate the frauds placed in his hands a bill, collected in Washington by the Colonel of a regiment, who had made a sworn affidavit to it. The bill was accompanied by a great number of sub-vouchers, and it was found, on examination, that out of the whole number only two names were forged; the other men had no existence what they were. The Colonel had perjured himself and committed forgery. This led to an investigation of the affairs of the Union Defence Committee, and the General Government, and that he had made out of his hands probably \$100,000; that he had turned over his commissions; and engaged in a wholesale system of swindling of the man will be subject to trial by Court Martial. It is stated that in New York alone, Government has been swindled to the extent of \$700,000 and this amount has gone on throughout the United States. Bounties have been paid for batteries of 400 men, when it is not a hundred men in a battery; and tavern keepers have only accommodated one hundred men, and paid for the board and lodging of men of a regiment had left.

PUBLIC NOTICE. IS HEREBY GIVEN that during the NEXT SESSION of the PROVINCIAL LEGISLATURE, APPLICATION will be made by the SAINT PATRICK'S SOCIETY of MONTREAL for an ACT OF INCORPORATION. P O'NEARA, Recording Secretary of St. Patrick's Society. Montreal, Oct. 10, 1862.

THE peculiar taint or infection which we call SCROFULA, lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unwholesome food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children upon the third and fourth generation; indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients some of which exceed the best of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corporations that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease. This has been so long used and so universally known, that we need no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass. Sold by all druggists everywhere. Lyman, Clark & Co., Montreal. Montreal Nov. 7.

MR. CUSACK, PROFESSOR OF FRENCH, 71 GERMAN STREET. FRENCH TAUGHT by the easiest and most rapid methods, on moderate terms, at Pupils' or Professor's residence.

COLLEGE OF ST. LAURENT, NEAR MONTREAL. I. This Institution is conducted by Religious priests and Brothers, of the Congregation of the Holy Cross. II. It comprises two kinds of teaching: 1st Primary and Commercial, in a course of four years. This includes reading, writing, grammar and composition, arithmetic, the elements of history, ancient and modern geography, book-keeping, linear drawing, algebra, geometry, mensuration, the elements of astronomy and of general literature; in a word, every branch of knowledge necessary to fit persons for occupations that do not require a classical education. The French and English languages are taught with equal care. 2nd. Classical studies, such as are usually made in the principal colleges of the country. This course comprises seven years, but pupils who are very assiduous, or endowed with extraordinary ability, may go through it in six or even five years. Nevertheless before a pupil can be promoted to a superior class, he must prove by an oral examination and a written composition, that he is sufficiently acquainted with the various branches taught in the inferior class.

III. No pupil can be admitted to a course exclusively commercial, unless he has first acquired a correct knowledge of those branches usually taught in Primary Education. IV. No one can commence the Latin course until he writes a good hand, and is able to give a grammatical analysis of the parts of speech of his mother tongue. V. Every pupil coming from another house of education must present a certificate of good conduct, signed by the Superior of that Institution. VI. There will be a course of religious instruction suited to the age and intelligence of the pupils. VII. In conformity with the rules of the Institution great care will be taken that the classical instruction is governed by the Catholic spirit, and a careful selection will be made of those authors best adapted to develop that spirit.

VIII. CLASSICAL COURSE 1st Year—Rudiments of Latin, French Grammar, English Grammar, Sacred History, Geography, Writing, Arithmetic. 2nd Year—Latin Syntax, French Grammar, English Grammar, History of Canada, Geography, Arithmetic, Calligraphy. 3rd Year—Method, Greek Grammar, English and French Exercises, Ancient History, Ecclesiastical History, Geography, Arithmetic, Calligraphy. 4th Year—Latin Versification, Greek, French, and English Exercises, Roman History, Natural History, Algebra. 5th Year—Latin, Greek, French, and English Belles-Lettres, Medieval History, Natural History, Geometry. 6th Year—Rhetoric, Elocution, Greek, Latin, French and English Exercises, Modern History, Geometry, Astronomy. 7th Year—Philosophy, Physics, and Chemistry.
