# EXTRACTS FROM MILITIA GENERAL ORDERS OF 31st JULY, 1885.

Continued from page 103.

### MEDICAL REGULATIONS.

A medical inspection of every officer, non-commissioned officer and man is to be made, if possible, before the men leave the corps' headquarters; when that is not possible, then the medical examination must be made immediately after the corps goes into camp, and a full report relating to each man shall be made in a written return to the Commanding Officer.

This inspection is with a view of ascertaining, 1st: Whether the man is labouring under disease of any kind at that time, such as rhoumatic affections; diseases of lungs or heart; or of any of the viscera of the abdomen; or under any form of the syphilitic disease; or is short sighted; or has disease or injuries of any of the joints; or badly shaped feet or overlapping toes, which would prevent his marching; 2nd. If the man has any predisposition to any of the above diseases, or has recently suffered from any of them, or if he has any other disqualifications which may render him unfit for service, or predispose him to become inefficient from exposure.

Such men, if any be found, are not to be permitted to go to, or remain in camp, as well for their own sakes, as to prevent claims for compensation being made upon the public on account of illness on the part of men who are not fit for service.

The Surgeon of each Battalion and Field Battery will make out a sick report every morning, and transmit a copy to the Commanding Officer.

The Surgeon of each corps will keep an admission and discharge book of all cases taken into Hospital, according to Form B. (No. 283.)

Each Surgeon will give a receipt for all articles of medical equipment which may be issued to him for the use of his corps, for the care and proper expenditure of which he will be responsible; and on being relieved from duty he will return all medical stores, articles of equipment and medicine remaining unexpended into the District Stores, with a list of the materials which have been expended by him, on complying with which his receipt will be returned to him.

Such wine or spirituous liquor, as may be prescribed for use in cases of illness must, if procured, be paid for by the person requiring the same.

No expense to be incurred by medical officers on account of government,

without previous authority for such being obtained.

### CASUALTIES.

In any case of serious illness or accident, t'e medical officer shall, in conjunction with the commanding officer of the corps, make such immediate arrangements as may be necessary, sending the patient, if possible, at once to hishome or the nearest hospital. He will make a minute report to head quarters of all circumstances connected with the case.
