#### Personal Investigation.

PERSONAL INVESTIGATION.

Many prominent medical men have personally investigated the INTERNATIONAL THROAT AND LUNG INSTITUTE and express themselves satisfied that the Physicians comprising the Staff are thoroughly qualified medical men; that patients receive the latest and most scientific treatment, and that the Spirometer, invented by Dr. M. Souvielle, Ex-Aide Surgeon of the French Army, is really a valuable addition to Medical Science. Anyone suffering from Asthma, Bronchitis, Catarrh, Catarrhal Deafness, Consumption in its first stages, or Laryngitis, should consult the physicians of the Institute personally and be examined; if not, write for list of questions and copy of "International News," published monthly. Physicians and sufferers can try the Spirometer free. Consultations free. Address International Throat and Lung Institute, 173 Church Street, Toronto, or 13 Phillips' Square, Montreal, P. Q.

## WHAT IS CATARRH?

From the Mail (Can.) Dec. 15.

From the Mail (Can.) Dec. 15.

Catarrhis a muco-purulent discharge caused by the presence and development of the vegetable parasite anneba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of uberele, the germ poison of syphilis, mercury, toxomæa, from the retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fances, or back of the throat; causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, onding in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

So ne time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fain in absolutely and permanently eradicating this horrible disease, whether standing to one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers,

What the Rev. E. B. Stevenson, B.A., a Clergy-man of the London Conference of the Metho-dist Church of Canuda, has to say in regard to A.H. Dixon & Sm's New Treatment for Catarrh.

Oakland, Ont., Canada, March 17, '83.

Oakland, Ont., Canada, March 17, '83.

Messrs. A. H. Dixon & Son:
DEAR SIRS,—Yours of the 13th instant to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease, and never left better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that is hard for me to realize that I am really better.

I consider that mine was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel fully cured by the two seat me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks,

Yours, with many thanks, REV. E. B. STEVENSON.
