

THE Rain Convention at Millers, South Dakota, was largely attended, and as a result it is believed that twenty counties will accept the offer of a Kansas artificial rain company to produce rain during the crop season at \$500 a county, on the understanding that if there is no rain there will be no pay.

THEY are experimenting with a new pavement at London. This, used in the same manner as ordinary pavements, is formed of cork and bitumen, compressed together. The principal advantage of these pavements is their elasticity; they furnish a good footing for horses and are comparatively noiseless.

ACCORDING to the observations of M. A. Muntz, the rain-water and the herbage of elevated regions are much poorer in sodium chloride than those of the lowlands, and the milk and the blood of animals feeding on the mountains contain a decidedly less proportion of the salt than are found in similar animals from the plains.

A WORK on the great earthquake of Japan, by Prof. John Milne and Prof. W. K. Burton, is now in the press at Tokyo. It will be illustrated by twenty-five large photo-plates. For the sake of comparison, there will be two plates showing on a small scale the effects of earthquake in Italy and other countries. All the plates are to be on the finest quality of Japanese paper.

AFTER THE GRIP convalescence is very slow, and to recover the health-tone a good tonic is absolutely necessary. Hood's Sarsaparilla has been used with wonderful success as a building-up medicine and blood purifier after attacks of the Grip, after Typhoid Fever, Scarlet Fever, Diphtheria, Pneumonia or other prostrating diseases. It possesses just the building-up effect so much needed; it vitalizes and enriches the thin and impoverished blood, and it invigorates the kidneys and stimulates the liver so that they resume regular and healthy action. Thousands of people have taken Hood's Sarsaparilla as a preventive of the Grip with success. Thousands have found in its restoration to health and strength after this dreaded complaint. For instance, Mr. Jacob Knapp of Tipton, Iowa, a well known business man, says he had the Grip twice, leaving him very weak and with a bad cough. Hood's Sarsaparilla gave him a splendid appetite, made him feel strong and as well as ever.

"German Syrup"

The majority of well-read physicians now believe that Consumption is a germ disease. In other words, instead of being in the constitution itself it is caused by innumerable small creatures living in the lungs having no business there and eating them away as caterpillars do the leaves of trees.

A Germ Disease. The phlegm that is coughed up is those parts of the lungs which have been gnawed off and destroyed. These little bacilli, as the germs are called, are too small to be seen with the naked eye, but they are very much alive just the same, and enter the body in our food, in the air we breathe, and through the pores of the skin. Thence they get into the blood and finally arrive at the lungs where they fasten and increase with frightful rapidity. Then German Syrup comes in, loosens them, kills them, expels them, heals the places they leave, and so nourish and soothe that, in a short time consumptives become germ-proof and well. ☉

Minard's Liniment Cures Diphtheria.

A DETROIT MIRACLE.

A GREAT TRIUMPH FOR CANADIAN MEDICAL SCIENCE.

Particulars of One of the Most Remarkable Cures on Record Described by the Detroit "News"—A Story Worth a Careful Perusal.

DETROIT, Mich., Jan. 29th, 1892.—A case has just come to light here, the particulars of which are published in the *Evening News*, which will be read with considerable interest by all Canadians, as it records the remarkable achievement of a Canadian medical discovery, which has already, in its own country, won great and enduring fame. At this added triumph there is no doubt the fellow countrymen of the proprietors will rejoice, as it sheds lustre on Canadian science. The story is told by the *News* as follows:—

The following paragraph, which appeared in the *News* a short time ago, furnished the basis of this information—a case that was so wonderfully remarkable that it demanded further explanation. It is of sufficient importance to the *News*' readers to report it to them fully. It was so important then that it attracted considerable attention at the time. The following is the paragraph in question:—

"C. B. Northrop, for 28 years one of the best known merchants on Woodward Avenue, who was supposed to be dying last spring of locomotor ataxia, or creeping paralysis, has secured a new lease of life and returned to work at his store. The disease has always been supposed to be incurable, but Mr. Northrop's condition is greatly improved, and it looks now as if the grave would be cheated of its prey."

Since that time Mr. Northrop has steadily improved, not only in looks, but in condition, till he has regained his old-time strength.

It had been hinted to the writer of this article, who was acquainted with Mr. Northrop, that this miraculous change had been wrought by a very simple remedy called Dr. Williams' Pink Pills for Pale People. When asked about it Mr. Northrop fully verified the statement, and not only so, but he had taken pains to inform any one who was suffering in a similar manner when he heard of any such case. Mr. Northrop was enthusiastic at the result in his own case of Dr. Williams' Pink Pills. It was a remedy that he had heard of after he had tried everything he could hope to give him relief. He had been in the care of the best physicians who did all they could to alleviate this terrible malady, but without any avail. He had given up hope, when a friend in Lockport, N.Y., wrote him of the case of a person there who had been cured in similar circumstances by Dr. Williams' Pink Pills for Pale People. The person cured at Lockport had obtained his information respecting Dr. Williams' Pink Pills from an article published in the *Hamilton, Ont., Times*. The case was called "The Hamilton Miracle" and told the story of a man in that city who, after almost incredible suffering, was pronounced by the most eminent physicians to be incurable and permanently disabled. He had spent hundreds of dollars in all sorts of treatment and appliances only to be told in the end that there was no hope for him, and that cure was impossible. The person alluded to (Mr. John Marshall, of 25 Little William St., Hamilton, Ont.) was a member of the Royal Templars of Temperance, and, after having been pronounced permanently disabled and incurable by the physicians, was paid the \$1,000 disability insurance provided by the order for its members in such cases. For years Mr. Marshall had been utterly helpless, and was barely able to drag himself around his house with the aid of crutches. His agonies were almost unbearable and life was a burden to him, when at last relief came. Some months after he had been paid the disability claim he heard of Dr. Williams' Pink Pills and was induced to try them. The result was miraculous; almost from the outset an improvement was noticed, and in a few months the man, whom medical experts had said was incurable, was going about the city healthier and stronger than before. Mr. Marshall was so well known in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was thus, as before stated, that Mr. Northrop came into possession of the information that led to his equally marvelous recovery. One could scarcely conceive a case more hopeless than that of Mr. Northrop. His injury came about in this way: One day nearly four years ago, he stumbled and fell the complete length of a steep flight of stairs which were at the rear of his store. His head and spine were severely injured. He was picked up and taken to his home. Creeping paralysis very soon developed itself, and in spite of the most strenuous efforts of friends and physicians the terrible affliction fastened itself upon him. For nearly two years he was perfectly helpless. He could do nothing to support his strength in the least effort. He had to be wheeled about in an invalid's chair. He was weak, pale and fast sinking when his timely information came that veritably snatched his life from the jaws of death. Those, who at that time saw a feeble old man wheeled into his store on an invalid's chair, would not recognize the man now, so great is the change that Dr. Williams' Pink Pills have wrought. When Mr. Northrop learned of the remedy that

had cured Mr. Marshall in Hamilton, and the person in Lockport, he procured a supply of Dr. Williams' Pink Pills through Messrs. Bassett & L'Hommedieu, 95 Woodward Avenue, and from the outset found an improvement. He faithfully adhered to the use of the remedy until now he is completely restored. Mr. Northrop declares that there can be no doubt as to Pink Pills being the cause of his restoration to health, as all other remedies and medical treatment left him in a condition rapidly going from bad to worse, until at last it was declared there was no hope for him and he was pronounced incurable. He was in this terrible condition when he began to use Dr. Williams' Pink Pills, and they have restored him to health.

Mr. Northrop was asked what was claimed for this wonderful remedy, and replied that he understood the proprietors claim it to be a blood builder and nerve restorer; supplying in a condensed form all the elements necessary to enrich the blood, restore shattered nerves and drive out disease. It is claimed by the proprietors that Pink Pills will cure paralysis, rheumatism, sciatica, palpitation of the heart, headache, and all diseases peculiar to females, loss of appetite, dizziness, sleeplessness, loss of memory, and all diseases arising from overwork, mental worry, loss of vital force, etc.

"I want to say," said Mr. Northrop, "that I don't have much faith in patent medicines, but I cannot say too much in praise of Dr. Williams' Pink Pills. The proprietors, however, claim that they are not a patent medicine in the sense in which that term is used, but a highly scientific preparation, the result of years of careful study and experiment on the part of the proprietors, and the pills were successfully used in private practice for years before being placed for general sale. Mr. Northrop declares that he is a living example, that there is nothing to equal these pills as a cure for nerve diseases. On inquiry the writer found that these pills were manufactured by Dr. Williams Medicine Co., Brockville, Ont., and Morristown, N.Y., and the pills are sold in boxes (never in bulk by the hundred), at 50 cents a box, and may be had of all druggists or direct by mail from Dr. Williams Medicine Co., from either above addresses. The price at which these pills are sold makes a course of treatment with them comparatively inexpensive as compared with other remedies, or medical treatment. This case is one of the most remarkable on record, and as it is one right here in Detroit and not a thousand miles away, it can be easily verified. Mr. Northrop is very well known to the people of Detroit, and he says he is only too glad to testify of the marvelous good wrought in his case. He says he considers it his duty to help all who are similarly afflicted by any word he can say in behalf of the wonderful efficacy of Dr. Williams' Pink Pills. If any of the *News*' readers want any further information, we feel sure Mr. Northrop would willingly oblige them, as he has the writer, in relating these facts to him."

It is not what its proprietors say, but what Hood's Sarsaparilla does, that makes it sell, and wins the confidence of the people.

AN EGYPTIAN CURIOSITY. — In July, 1881, there were discovered in the ancient city of Thebes, the mummies of Egypt's mightiest Pharaohs, among them that of Rameses the Great. There were also found seals, coins, statuettes, preserved food, and a few rolls of papyrus, some of the latter being of great value, curiously bound together, and, notwithstanding the mould and mildew of ages upon them, as easily read as if written yesterday. A queer little book entitled, "A Night with Rameses II.," has been executed so cleverly, that the oxidized seal, suggestion of mould, antique colouring, and partially decayed and ragged-edged papyrus carry at once to the mind the possession of a veritable relic from the dawn of civilizations. Mailed to any address on receipt of 6 cent. in stamps, by J. C. Ayer Co., Lowell, Mass.

AFTER THE GRIP and after typhoid fever, diphtheria, pneumonia, or other prostrating diseases, Hood's Sarsaparilla is just what is needed to restore the strength and vigour so much desired, and to expel all poison from the blood. It has had wonderful success in many such cases.

HOOD'S PILLS act especially upon the liver, rousing it from torpidity to its natural duties, cure constipation and assist digestion.

MESSRS. C. C. RICHARDS & CO.

Dear Sirs.—I took a severe cold in February last which settled in my back and kidneys, causing excruciating pain. After being without sleep four nights through intense suffering, I tried your MINARD'S LINIMENT. After the first application I was so much relieved that I fell into a deep sleep and complete recovery shortly followed.

Lawrencetown. JOHN S. McLEOD.

DR. T. A. SLOCUM'S

OXYGENIZED EMULSION OF PURE COD LIVER OIL. If you have Bronchitis—Use it. For sale by all druggists. 35 cents per bottle.

Minard's Liniment for Rheumatism.

Out of Sorts

Describes a feeling peculiar to persons of dyspeptic tendency, or caused by change of climate, season or life. The stomach is out of order, the head aches or does not feel right,

The Nerves

seem strained to their utmost, the mind is confused and irritable. This condition finds an excellent corrective in Hood's Sarsaparilla, which, by its regulating and toning powers, soon cures

Indigestion,

restores harmony to the system, gives strength to mind, nerves, and body, while it also purifies the blood and removes all trace of Scrofula, Salt Rheum, etc.

Fast Eating

And irregular meals are causes of Dyspepsia, which will soon become incurable except by careful attention to diet and taking a reliable stomach medicine like Hood's Sarsaparilla. Read this:

"Owing partly to irregularity in eating, I suffered greatly from dyspepsia, accompanied by

Severe Pain After Meals

I took two or three bottles of Hood's Sarsaparilla and entirely recovered, much to my gratification. I frequently have opportunity to praise

Hood's Sarsaparilla

and am glad to, for I consider it a great medicine." C. I. TROWBRIDGE, Travelling salesman for Schlotterbeck & Foss, Portland, Me.

N.B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion. Sold by all druggists. Price 25 cents.

PERFECT DIGESTION

INSURED

BY A

NEW METHOD

HIGHLY recommended by the most eminent and distinguished men of the medical profession.

Indigestion, Dyspepsia and all Nervous Complaints absolutely cured without medicine by this new and delightful method.

Free pamphlet sent on application, or to rapidly introduce this genuine article a sample will be sent postpaid to any address on receipt of 25 cents.

ADDRESS—

E. BELLINGER,
60 YONGE ST. TORONTO, ONT.
