Dear Principal Currie; As an old
McMillan I am thankful that you
take such a genuine interest in our
Canadian Soldiers and their dependants.

I was proud to find the name of my
noble son Lieut. H. S. Hughes in the
honor list on that tablet in front of the
Wits Building. Five members of my family
are graduates of McMill. I could entertain
your Student Body of today with a description
of the Bldg. and Professors in 1874.

I saw every Bldg. and where Sir William
Dawson lived and was entertained as and
saw as many a useful lesson apart from
the Glass Rooms. The four Divinity Schools
were full then and were a large part
of the Wits Body. I can name and describe
every member of the faculty those days.
I was a student under Sir William Dawson
and Rev. J. Clark Murray could never forget them.
I was a student in the old Wesleyan but we were
all brothers. Four of the new with the horns I sat in
class became Bishops in the Anglican Church.
I am still a minister in the United Church of Canada
and often go back and look over the old places.
Yours sincerely
L. J. Hughes
