CHILDREN PREPARE GIFT OF POTATOES

Ontario Schools Organized to Grow Vegetable Crops for Red Cross.

A UNIQUE CAMPAIGN

Motors Will Parade in Streets Selling Direct to Consumer.

The school children of Ontario, under the direction of the department of agriculture, are preparing a unique contribution to the patriotic funds of the empire.

There are now 245 school fairs held annually, and this year 45,000 children have been organized by the department of agriculture to carry on this special work.

It has been suggested that the sale be accompanied by patriotic demonstrations, and that huge motor buses, flying banners and flags, parade through the streets advertising the potatoes.

It is estimated that the sale will be accompanied by patriotic demonstrations, and that huge motor buses, flying banners and flags, parade through the streets advertising the potatoes.

Making garden beds is just exactly like keeping house—there is a proper way to do everything, and the sooner you learn that proper way the sooner you will learn to do it.

The making of a proper garden bed is not easy, especially if it is a bed that is being prepared for the first time.

In the first place, try to have your beds of proportionate size and shape, and in a suitable situation.

FOR A BAD COUGH. Here is a fine old-fashioned recipe for coughs, colds or catarrh trouble that is absolutely unequalled from your druggist's 1 oz. of Peppermint (Double Strength) and add to it 1/4 pint of hot water, 1/2 oz. of granulated sugar. Take one tablespoonful 4 times a day.

No more racking your whole body with a cough. Clog your trachea with open, air passages of your body. It is easy to breathe freely. It is easy to take. Anyone who has a stubborn cough, hard cold or catarrh in any form should give this prescription a trial.
