## BLAZE AT HAMILTON IN LIVERY STABLES CREMATES 23 HORSES

Supposed to Have Originated From Spontaneous Combustion of Shavings-Color Line at Ham-Uton Hospital Causes Trouble The \$200 For Firemen.

HAMILTON, Aug. 8.-(Special.)death in a fire which broke out at an early hour this morning in Sullivan's livery stable at 21 Charles-st. Spontaneous combustion from shavings stored in the loft of the building is thought to have been the cause of the fire. The firemen had a tough job in ubdiving the flames, and several near-y buildings narrowly escaped de-

struction.

It is expected that Sir James Whitney will set the seal of his approval on the candidacy of Gerdon Wilson, who will carry the Conservative banner in the Wentworth County constituency by making two or three speeches in the riding against the Laurier government, and in support of Mr. Wilson. The dates for the appearance of Sir James in the county will likely he set this week.

Gordon Wilson has been confined to is home in Dundas since last Satur-ay with an attack of quinsy. To-day was reported to be recovering rapid-and he will likely be able to attend the Wentworth County Conservative convention in this city next Saturday.

An application of the color line which may involve the city in an action for damages, was made by the hospital authorities last week. damages, was made by the hospital authorities last week. A young woman from Kingston, Jamaica, had arranged by correspondence to learn nursing in the institution. The fact that she was colored was not known to the hospital officials, however, and when the young woman arrived to enter upon her term of probation, it was found inconvenient to carry out the arrangements that had been made. The girl was so advised, and it was suggested that she go to a New York hospital where the color line is not observed. This the woman declined to do, and her brother who had accompanied her here threatened to bring action against the city for the trouble and expense to which the girl and her family had been put

bution from the provincial government to the Hamilton Firemen's benefit fund. This makes a total of \$200 which the local firemen have received from the government for their efforts in saving something like \$25,000 worth of property in the big fire at the asylum a week ago.

Accidental Death.

Coroner Anderson's jury to-night re-turned a verdict of accidental death in the case of Edgar Culp, the 11-year-old lad who was drowned while fishold lad who was drowned while fishing from the Turbinia wharf last week. It was suspected at the time of young Culp's death that he had been pushed off the wharf by some older companions, but the inquest to-night failed to dixlose any just grounds for such a suspicion. The jury added a rider to their verdict to the effect that all persons, except passengers should all persons, except passengers should be excluded from the wharf where the

Youth Arrested, Charged With Incendiarism-Crops Turn Out Badly--Suburban News.

NORTH TORONTO, Aug. 8.—(Special.)—William Windle, a youth 12 years of age, living on Gordon-street. North Toronto, was arrested to-day by Constable McIntyre, on the charge of setting fire to the stacks of hay belonging to William Darling and which were destroyed last night. At first the theory of spontaneous combustion was suggested, but later evidence pointed to young Windle, and his arrest followed. He was locked up in the Shelter pending his trial before Police Magistrate Ramsden.—Chief Collins is one of the busiest men in town these days, getting the firemen into line for the annual competition at Brampton. inderwent a severe drilling at the hands of the chief, and the speed developed and the fine soldierly appearance of the local fire fighters gives good grounds for believing that they will make a fine showing at Brampelon to-morrow. It will be no fault of the local men if they do not bring infinite credit on the home town. A special train leaves the Union Station at 8.55 a.m., taking the North Toronto volunteers and a large body of citizens who go out to cheer our men on to victory. Half fare is given on all trains to Brampton, and there will be a good service during the day.
