LONDON, July 31.—Mark Lane Miller—Wheat—Foreign dull with a moderate business; English quiet but steady. Corn—American quiet; Danubian nominally upchanged. Flour—American dull; English dull.

CHICAGO, July 31.—Suow's crop report for Aug. 1 shows an unsatisfactory situation for all grain crops. Condition of corn 82.8 or more than two points lower than on July 1, in spite of heavy increase in acreage. The situation does not warrant a present crop expectation of above 2,850,000,000 bushels, or about 100,000,000 bushels less than that of last year.

Soving wheat condition declined five

to-day and fluctuated within a narrow limit, there being only a moderate trade, local in character, and the set-timent was of a bearish nature, but traders were not conditions no damage can result from a black rust, and northwestern markets were weak. A prominent statistician placed the northwest prospects at 240,000,000 bushels, which is only slightly less than last year and brought about a weak close. Present indications are that the news will continue bearish for some time, and we would not be surprised to see a lower level temporarily. see a lower level temporarily.
Corn and Oats-Were fairly active and strong thruout the session. This was especially true of oats, and there was good buying by commission houses, which attracted considerable attention and resulted in a fair advance. We look for higher prices for covers or with
