Week's Net Advances in Some

Bank and Loan Company Issues, Toronto Railway and War Eagle

Leading Issues.

-Notes and Gossip. Saturday Evening, Jan. 21.

Saturday Evening, Jan. 21.

The wild movement on Wall-street has had the effect during the greater part of the past week of attracting attention away from Canadian securities and as a result our stock exchanges have been quiet. The list croses the week strong, however, with marked appreciations in some of the bank issues, the loan company stocks, Toronto Railway, War Eagle and London Electric. C.P.R. is heavy.

The built movement on Wall St, which reall began with the successful culmination of the Spanish-Ampèrican war seems to have no end. The rapid upward, trend of orices has continued in full force during the past week. There has been extensive liquidation on the part of some of the big interests, but on the other hand the public buying has been unabated, and money rates have become easier across the water. The volume of business done on the New York Exchange has been record-breaking and the prices of many stocks have wildly sought higher and sver higher levels. The rail-Exchange has been record-breaking and prices of many stocks have wildly sou righer and ever higher levels. The many issues have monopolized most of public interest, but some of the industrate also attracted attention. So the most noted net advances for week are: New York Central 13, Ur Pacific pref. 10½, Sugar 4½, C.B.Q. Northwestern 4½, Canada Southern 3½, Dani 3. Manhattan 6, and Rock Island in conservative quarters it is held that will movement has gone beyond all se ind reason, but on the other hand it is cointed out that conditions are absolutered.

A cable from London to Messrs. A. Ames & Co. to-day gives the following quations: G.T.R. 48, 784; G.T.R. firsts 68 and G.T.R. seconds 45½. American rails were very strong in Lodon to-day. New York Central advancing over 8 points over Friday's close. Illino Central 2½, St. Paul 1½ and Union Pacia preferred 4½ points. Fractional recession were noted in Erie, Reading and P. C. C.1 Consols advanced 1-16 in London to-day.

In Paris 3 per cent. rentes were at 10 French exchange on London 25f 19c. McIntyre & Wardwell say: Advance in Hamilton Prov ... 110 105 110 105 New York Central and rumors of an import-Huron & Erle. ... 171 ... 171 ant deal gave the market greater breadth do. do. 20 p.c. ... 161 ... 161

Editor World: The people of Toronto are long-suffering and put up with much inconvenience. Now is the time for the aldermen to fulfil their election pledges. Ald, Woods posed as the labor people's candidate, and now he is on the Board of Control he ought to do something to see that the Toronto Railway Company lives up to its agreement. What I specially complain of is the sending along at 5 o'clock in the afternoon of a single motor without a trailer. The working people are packed like cattle. It is the same in the morning from 7.30 till 8 o'clock. This is on the Bathurst-street line. There should be trailers both morning and evening.
