Friday, Nov. 19—Port Stanley, Saturday, Nov. 20 — Aymer, Star Theatre.

WILL WAGE WAR ON CORN BORER

Entomologists Meeting At Guelph To Help the Farmers.

GUELPH, Nov. 17.—Prominent entomologists from various parts of Canada and the United States are at the O. A. C. today attending the annual meeting of the Entomological Society of Ontario, of which Arthur Gibson of Ottawa is president. The convention will not conclude till Thursday night. This afternoon interesting papers were read by Prof. L. Casser, of the O. A. C., on leaf bugs, dealing particularly with those which attacked the corn. Casser, of the Manitoba Agricultural College, and S. F. Middle, of the entomological branch, Ottawa, the latter dealing with the grasshopper outbreak in the West.

It was pointed out that the grasshopper outbreak in Western Canada this year was unusually bad, but so well had the fight against them been organized and carried out that it is estimated that \$17,000,000 worth of grains had been saved. Hundreds of tons of poisonous bait, of a white arsenic preparation, had been used. For every dollar spent on the bait and distribution, \$10 had been saved. The grasshopper eggs were so thick that in some places 3,000 eggs were found in the square foot. The speakers stated that another bad outbreak of grasshoppers was expected in the West next year, but it is believed that with another year's determined fight the pest will gradually disappear after that.

An important subject to be dealt with tomorrow is a discussion on the methods to be adopted to fight the European corn borer, which has made its way to America and has even made its presence felt in Ontario. Among the speakers on this subject are W. H. Walton and L. T. Worshley of the United States Entomological Department at Washington.

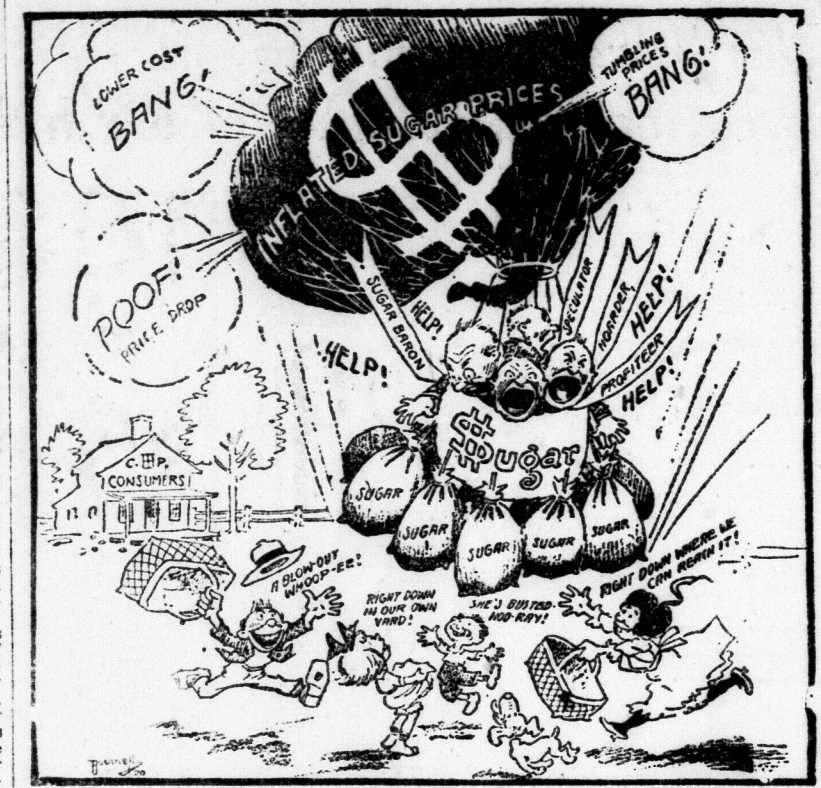

ACCEPTS CALL TO CHURCH IN LONDON

Rev. G. T. Watts Coming to Wellington Street Methodist Church.

ST. THOMAS, Nov. 17.—Rev. G. T. Watts, pastor of Grace Methodist Church, has accepted the call from the congregation of Wellington Street Methodist Church, London. The local quarterly board, although averse to parting with their popular pastor, extended to Mr. Watts their appreciation of the good work done by him during his three years' pastorate, and congratulated him on his translation to so an influential and important church.

CHATHAM.—Eighty thousand dollars worth of debentured, bearing 8 per cent interest, will be placed on the market early in December, according to a statement issued by City Treasurer T. E. Cottier.

SOMEBODY'S GOING TO GET BUMPED GOOD—BUT WE SHOULD WORRY!

Tobacco Growers Score Apathy of Government

Hot Criticism Aroused Over Manner in Which Ottawa Is Alleged To Have Neglected Interests of Farmers—Crop Valued At \$2,500,000 Is Without a Market.

WINDSOR, Nov. 17.—With a reported surplus of 12,000,000 pounds of Burley tobacco alone, valued at \$2,500,000, in Essex County, tobacco growers of the district are decidedly irate at what they declare is the inefficiency of the tobacco division of the Dominion department of agriculture, and meetings are being held at various centres in the county this week to discuss the situation. Unless immediate and effective steps are taken, a loss will be sustained by Essex growers, they claim, which will seriously cripple the industry in this district. Criticism is levelled at the department in that its officials are said to have neglected securing a market for the export of the crop.

TOTAL YIELD OF ROOTS IN CANADA EXCEEDS 1919 CROP 2,000,000 BUSHELS

This Increase Exists Despite Fact That the Area Planted in 1920 Was 27,000 Acres Smaller Than in 1919—Hay and Clover Fall Off.

OTTAWA, Nov. 17.—(By Canadian Press).—The total yield for Canada for turnip and other roots is estimated by the bureau of census and statistics at 114,081,000 bushels from 206,286 acres in 1920, as compared with 112,288,600 bushels from 317,296 acres in 1919. The average yield per acre for the Dominion is 323 bushels, as compared with 324 bushels last year, and 322½ bushels the average for the ten-year period, 1910-1919.

The yield of hay and clover this year is below that of 1919. The total in 1920 is estimated at 13,378,900 tons from 10,379,292 acres, as compared with the record 1919 total of 13,248,000 tons from 10,350,383 acres. The yield per acre this year is 1.30, as compared with 1.33 tons in 1919, and 1.30 ton the decennial average.

Alfalfa yields up. Alfalfa yields 616,700 tons from 238,556 acres this year, as against 494,200 tons from 226,869 acres, the yield per acre being 2.59 tons, as against 2.16 tons last year, and 2.40 tons the ten-year average.

The total yield of sugar beets is 314,000 tons from 26,288 acres, against 340,000 tons from 21,500 acres in 1919, an average of 8.54 tons, as compared with 9.50 tons in 1919, and 9.10 tons average for the ten-year period.

Fodder crop yields. Fodder crop yields 5,064,000 tons from 288,977 acres, an average of 0.15 tons, as against 0.12 tons last year, and 0.13 ton the decennial average.

Area Was Small. The total area under root and fodder crops, including potatoes, turnips, etc., hay and clover, alfalfa, fodder corn and sugar beets amounted to 13,317,943 acres, as compared with 12,048,581 acres in 1919.

The total values of these crops, as local prices paid to farmers, amounting in 1920 to \$84,624,000, as against \$80,151,600 for 1919. The average price per ton for hay and clover for Canada are \$25, as against \$20.72 last year, the price for 1920 being the highest on record.

LESS WHEAT SOWN. OTTAWA, Nov. 17.—(Canadian Press).—The area sown to fall wheat in Ontario has fallen off this year by 7 per cent, according to a bulletin from the Dominion Bureau of Statistics, covering average sown to fall wheat, condition of crop, and acreage planted this fall. The total area sown to fall wheat in Canada for 1921 is estimated at 792,200 acres. In 1919 there were 846,800 acres sown, and 814,133 acres harvested in 1920.

In Ontario the area sown is 738,000 acres, a decrease of 7 per cent from the 794,100 acres sown in the fall of 1919. The crop is reported to have made good progress, its condition on October 31, being given, in percentage of the decennial average as 102 for all Canada, 102 for Ontario, 88 for Alberta, and 104 for British Columbia.

WHEN RHEUMATISM HITS YOU HARD! Sloan's Liniment should be kept handy for aches and pains.

WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, eczema, or lumbago to make you quit work when you should have Sloan's Liniment handy to help curb it and keep you active, and fit, and on the job?

Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest is the most economical; 35c, 70c, \$1.40. Made in Canada.

Sloan's Liniment (Pain Expeller)

SAVE ARMENIA, CECIL'S APPEAL BEFORE LEAGUE

British Delegate Anxious About Poland—Doherty Opposes Rousseau Tribute.

GENEVA, Nov. 17.—"Very much alive" is the condition of the League of Nations as shown by the report of the executive council, Lord Robert Cecil of England, sitting as a delegate from South Africa, declared at today's session of the league here. Speaking on the report made by the council to the assembly, Lord Robert Cecil remarked it has been said in some countries that the League of Nations is dead, the council's report shows it to be very much alive.

Referring to criticisms of the league that it was spending all its time on the nations as something Lord Robert Cecil said that a machine to work well must be set up well. He considered the report showed great progress has been made.

The cost of the league to date had been £200,000, the delegate said. "This sum, like a large sum to some minds, he continued, but compared with the amount with a single day of the cost of the war and you have a ridiculously cheap insurance rate."

Lord Robert Cecil made a fervent appeal to the assembly for some action to save the Armenians. "Do not let us separate after the first assembly of the league," he urged, "without having taken some practical step to secure some kind of action."

FOSTER PERSISTS IN EFFORT TO SPEAK DESPITE PRESIDENT

LONDON, Nov. 17.—(By the Canadian Associated Press).—The Daily Telegraph's special correspondent to the conference of the League of Nations at Geneva describes in today's issue of that paper the discussion consequent upon the election of a substitute being provided for members of delegations in the event of some being absent from the conference.

According to the correspondent Sir George E. Foster, minister of trade and commerce for Canada and delegate to the conference from Canada, rose to speak when a vote was being taken, but President Hymans for that reason did not allow him to proceed. Sir George persisted in his intention, but the president's refusal was put out a tatter.

The correspondent says: "The Canadian, raising his voice in a not altogether unequal contest, eventually managed to have his own way. It was not very important, because all he had to state was that he did not understand the resolution. The president had declared the motion carried, so Sir George, like the character in Bret Harte's poem, will find himself bound by things he did not understand."

DOHERTY OBJECTS TO TRIBUTES MADE WITHOUT CONSIDERATION

LONDON, Nov. 17.—(By the Canadian Associated Press).—The League of Nations conference at Geneva, Nov. Charles J. Doherty, Canadian delegate, is reported in messages in the Times to have discussed proposals which were brought forward by laymen. He went to the farm and questioned the suspect for several minutes. It was apparent the man knew nothing of the matter, but what he had read in the newspapers. He was eventually released and taken into custody. The provincial officials and city police are still at work attempting to solve the mystery.

ANOTHER CUT IN M. C. R. STAFF

Fifteen Men Are Laid Off At the Engine House.

ST. THOMAS, Nov. 17.—The Michigan Central has again reduced its staff, about fifteen men being laid off at the engine house. The officials explain the reduction of the number of employees in the departments is due to poor business on the road. The heads of the departments say that even with the decrease in the working staff which has been brought about within the last few weeks there are more men on the roll than there have been at normal periods. As yet the management has not been compelled to dispense with the service of any man who has had a year's experience in the shops.

WESTERN ONTARIO BRIEFS

GUELPH.—At the quarterly meeting of the directors of the Guelph Junction Railway Wednesday J. M. Taylor, president, the report received from the C. P. R. showed a slight decrease in the earnings of the road for the last quarter, as compared with the same period of a year ago. Notwithstanding, a dividend for a substantial amount was declared, and the city's check was ordered paid over.

WINDSOR.—A front window of Samsburn & Pashley's jewelry store was broken and six girls' and ladies' wrist watches stolen Wednesday. The robbery is supposed to have taken place between 7 and 8 o'clock in the morning. The loss is estimated at \$400. The store was not entered, the watches being extracted through a hole in the window.

CHATHAM.—The output of the board of works asphalt paving plant, No. 1, for the year, 1920, is 30,327 square yards of paving material. A great quantity of this material was used for repaving work to pavements other than asphalt, and it is expected more than the usual number of birds will be exhibited at this year's big exhibition.

CHATHAM.—The output of the board of works asphalt paving plant, No. 1, for the year, 1920, is 30,327 square yards of paving material. A great quantity of this material was used for repaving work to pavements other than asphalt, and it is expected more than the usual number of birds will be exhibited at this year's big exhibition.
