## TRADES COUNCIL

Will Act When School Trustees Have Discussed Stevenson Matter.

The substitution by the board of education of R. J. Stevenson for Jimmie Simpson as one of the labor delegates on the industrial advisory committee of the board, caused great indignation among the members of the Toronto Trades and Labor Council at their meeting last pinks in the Act of the Toronto Trades and Labor Council at Toronto Trades and Labor Council at their meeting last night in the Labor Temple. Fred Bancroft, James Richardson and Jimmie Simpson had been appointed delegates by the council, but when the names were sent in to the board the council was later informed that B. I. The Quantity Mance immediately got in council or touch with Dr. Noble, chairman of the board, in connection with the matter, and was informed that it was not necessary for the board to recognize the delegates appointed by the council

When Secretary Mance announced this, one indignant delegate moved that the council march over as a body to the board's meeting and demand an explanation. Another demanded that Dr. Noble's contention he investi-gated as to its legal value, and another neved that Richardson and Bancroft be withdrawn, but the matter was settled when Jimmie Simpson asked that no resolutions be passed on the matter until the report of the board's meeting last night had been made known. "Then we can act," he said. "If Dr. Noble is looking for law he

## **VOTING EVEN ON** TRUSTEE PAYMENT

Board of Education Turns Down Motion to Recompense Members.

A goodly number of school teachers of both sexes put in an appearance at the meeting of the board of education last night, as it was understood there would be a discussion and a vote taken on a report of the advisory committee, that the salaries of the teachers, office staff and caretakers be increased by 25 per cent. The finance committee of the board sat up half of Wednesday night considering the report, but came to no definite decision on it. After a big petition had been presented on behalf of the increase, Dr. Noble, the chairman of the board, J. E. Middleton, Public Secretary for the United National Campaign. rather dampened the teachers' spirits, by announcing that there would be no discussion on the question of salaries at this meeting, and that the finance committee would meet again next Tuesday to further consider the ad-AT QUEEN'S PARK

Dr. Hunter moved his promised motion, asking for a petition to the legislative assembly for an act ploviding for the payment of the board members of \$600 per annum; payment Parliament Buildings Show of chairmen and standing committees, \$800 per annum; payment to the chairman of the board, \$1000 per an-Signs of Approaching Legis-

## WHAT IS THE BOOK OF MORMON

ELDER JENSEN SAYS: In 1827 an angel delivered to the Prophet Joseph Smith the gold plates containing the ancient history of America and the gospel as Christ had taught it to the "other sheep" (John 10). These plates were taken out of the ground in New York. Some of the characters from the plates, with accompanying translations, were taken to a linguist, who pronounced the characters true and the translations correct. He asked permission to translate the record on the plates. When he was informed that part of the plates were sealed, he replied: "I cannot read a sealed book." This book is now accepted by half a million people as the voice of a nation "speaking out of the ground." Have you read this story in the Bible?

Here it is prophetically told in the 29th chapter of Isaiah. The prophet declared that a nation which should "be unto the Lord" as Ariel should (Verse 2) "be brought down" and "speak out of the ground" (Verse 4); that the "vision" of this nation should come unto you as the words of a book that is sealed; that a learned man should be asked to read "the words of the book," and he would say, "I cannot, for it is sealed" (Verse 11); and that the book should be delivered to "one that is not learned" (Verse 12), and God would "proceed to do a marvel-ous work and a wonder" (Verse 14); and that the time of this "marvelous work" was to be a "little while" before Lebanon "shall be turned into a fruitful

field" (Verse 17). You know "Lebanon" has already been "turned into a fruitful field." Are you looking for the book that the "deaf shall hear in that day"? (Verse 18). The Church of Jesus Christ of Latter Day Saints brings it to you. It is the Book of Mormon.
