

candies, and an orange, these things being contributed by the girls themselves, who each brought a child, and enjoyed the treat as much as the little ones. We are all much delighted to welcome Miss Ridley home from Germany, where she has been spending some months. The girls have been particularly interested in her account of her trip, and all feel that they have learned something by her experiences.

ALEXANDRA MACINNES,

*Secretary (pro tem.).*

ST. LUKE'S BRANCH.—We have had a most satisfactory year in this Branch, the girls all showing so much interest in the meetings, and being very regular in their attendance. We have been working all winter at a quilt, which we hope to sell and give the proceeds towards the debt on the Church. Our Communicants' Class, held once a month, has proved a great help in keeping the girls regular in their attendance at the Holy Communion on the first Sunday in the month.

No one knows with what regret my sister and I leave our G. F. S. work at St. Luke's, owing to our removal to Ottawa. During seven years we have had these girls with us every Friday evening and strong bonds of love and friendship have been formed between us; a great many girls have married during this time, but they have always retained their interest in the G. F. S., and attended the Communicants' Class.

LILIAN HAMILTON,

*Secretary-Treasurer.*

ST. PETER'S BRANCH.—There have been, during the past winter, twenty-six meetings of the Members of this Branch, at which there has been an average attendance of eleven, out of our twenty old members. Several of our candidates have become old enough to join as members during the year; some new Members have joined, and one has been commended from the Cathedral Branch, having come to live nearer this one. Including Candidates, Associates, old and new Members, we now number forty-five.

Our Members have joined heartily in talent work, that is, getting ten cents, and, by their industry and ability, endeavouring to in-
