

Among a goodly number of other Roman Catholics, who have occasionally attended our meetings, may be mentioned two young men who give fair hopes of coming to know the truth as it is in Jesus.

An intelligent and well read man, with tendencies to skepticism, has lately greatly delighted us by his assiduity in his attendance upon our services and his deep interest in the teachings of the Gospel, both from the pulpit and in the Sunday School. He also is a special object of prayers.

Among the young in our Sunday School there are some who are seeking Christ. Two, we have reason to believe, have already found Him, and may be expected soon to confess their faith by baptism.

The average attendance upon our services has been fifty-four in the morning, forty-four in the evening.

Our Sunday School, under the superintendence of our esteemed brother, Mr. W. Dalpé, B.A., has held its own; but we are contemplating its reorganization at an early day, so as to increase its interest, numbers and efficiency. By providing the Côte St. Louis Baptist Mission with an excellent teacher for one of their French classes, we have lost one upon whose services we were counting in our own School.

A Temperance Society has been organized in connection with our Church, and has held already two interesting meetings, at which quite a number have signed the pledge. It is our desire to do something to further the temperance reform by enlisting the young, and by winning those who may be tampering with the poisonous cup.

Our Treasurer's Report, at the Annual Meeting of the Church, showed the receipts for the year to be \$400. In addition to this, \$15 have been raised by Mrs. Therrien's S. S. Class for the Bible work in Montreal.
