ANGLICAN CLERGYMEN FORBIDDEN TO SERVE

Consequently Thousands of Clergymen Petition for Change in Church Law

ANXIOUS TO ENLIST If War is Righteous, They Contend They Should Be Allowed to Actively Participate.

LONDON, Jan. 15.—The petition which over a thousand curates and clergy are presenting to the Bishop of London, brings to a fresh stage the question as to whether clergymen of the established church (Episcopalian) should be allowed to enlist. According to the established rule of the Anglican Church, clergymen are forbidden to serve in the fighting forces except as chaplains or non-combatants. The clergymen signing the petition to the bishop are of military age and would have enlisted long ago, they say, but for violating the law of the church.

A discussion has been carried on in the open letter columns of the newspapers for some time in this regard. Opposition to enlistment by the Archbishop of Canterbury and the various bishops rests on the theory that by ordination the clergyman is dedicated for ever to God's service, and that the profession of a soldier is incompatible with the priesthood. This finds some support in the church and the laity. But the more popular point of view is that there are war conditions and a righteous cause is one of the ideals of the church.

"They tell their people every day," writes the rector of Stockbridge in regard to the clergy, "that every man who offers himself as a soldier saves the lives of many of his countrymen; it is therefore necessary, if more and more lives are to be saved, that more men must offer. We are also preaching that this is a righteous war."

He then asks: "Should not the clergy lead in the promotion of righteousness? And is it true that by the war the principle of righteousness will be more firmly established than ever before? If so, then work for a priest, or even a bishop?"

The clergymen signing the petition address the following letter to the Bishop of London: "We, the signatories of this letter, believing that the needs of our country demand the most efficient utilization of the nation's resources, respectfully request your lordship to:—1. Consider the possibility of so re-

organizing the work of the diocese as to permit of the largest number of clergy being set free for whole or part time for work directly in connection with the war.

2. Invite all clergy of military age to offer themselves for those branches of national service for which your lordship deems them suitable, and to undertake whatever work may, in accordance with this action, be allotted them.

3. Consider if it be not possible to waive the rule which at present prohibits clergy from serving in the combatant ranks."

Toronto reports to Bradstreet's say that most lines of trade continue fairly active, after the holiday lull. Wholesale drygoods firms continue a steady trade. In common with tailors face the prospect of an impaired trade in men's goods, because so many have left, or will leave, for the front. This is significant when it is noted that 30,000 men have gone steadily from Toronto. The situation is partly balanced by army equipment. In ladies' wear, business is brisk and good, the latter showing improvement over a year ago. Collections are more satisfactory. Leather firms are busy now filling orders for the government. Export orders have also been heavy, chiefly to the United States. Wants of boot and shoe firms have been fair, and the Canadian west has entered the local market for harness leather. The commercial horse trade has recovered somewhat after a stagnant year, several cars being shipped to the prairie provinces. Prices while below 1914 are slightly better than during last fall. The volume of grain selling for domestic account has been moderate this week. Operations on shell orders are going forward satisfactorily. The rise in the price of silver metal during the past few months from 16 1/2 cents per ounce to 57 cents, has given new impetus to the Ontario silver mining industry, and gold mining companies are prospering materially.

LIVERPOOL MARKETS.

Why Pay a Big Price for a Diamond?

Instead, pick out one of the glorious radiant Gophir Gems, set in solid 14kt. gold, and get it on a 5 days' free trial. Wear it to the ball—on the street—to work—everywhere—for 5 full days—then decide whether you wish to buy or not. If you are not fascinated by its radiance—if you consider its splendor a trifle less than that of a mined diamond—send it back at our expense. You don't pay us a penny for the trial. If you decide to keep it, pay the rock-bottom price (1-30th as much as a diamond costs) as you can afford. Terms as low as 5¢ a day (50¢ a week), without interest. No red tape. Your credit is good with the Gophir Diamond Co. Send coupon for new jewelry book.

Marvellous New Discovery

A problem of the ages has been solved. Science has at last produced a gem of dazzling brilliance. They are called Gophir Gems, and resemble mined diamonds so closely that many people of wealth are preferring them to stand fire and acid tests and cut glass today. Wear it before you decide to buy. Gophir Gems are the master products of science—the realization of a dream. They are never set in anything but solid 14kt. gold. Write for the new catalog and see the exquisite new settings for yourself.

Send the Coupon Put your name and address in the coupon on a letter or a postcard and send it to us at once for the big new book of exquisite Gophir Gems. Read the fascinating story of how at last Science has conquered Nature and has produced a gem whose dazzling brilliance is actually a marvel to behold. They cost but 1-30th as much as diamonds, but far forever. Do not delay an instant. Put your name and address in the coupon now—get the free book immediately while this greater offer lasts.

THE GOPHIR DIAMOND CO. OF CANADA
Dept. W7, 140 Yonge St., Toronto
Gentlemen: Send me, absolutely free and prepaid your new Jewelry Book and full particulars of your free trial, easy payment plan.

Address
Call for catalog, if convenient, and see the exquisite Gems. Entrance to office from 6 Temperance St. Hours 9-6.

DR. JULES WATERBURY APPEARS IN NEW ROLE

Man Caught in Montreal Has Been in Trouble on Other Occasions.

NEW YORK, Jan. 15.—After the arrest of "Dr." Jules Waterbury at Montreal yesterday, it became known that the New York police have been looking for several months for a man who victimized several residents of this city by obtaining \$200 subscriptions to "life membership" in the Grind-iron Club.

In nearly every case in which the man known as Waterbury has been arrested in the past the charge against him has had to do with some sort of newspaper or magazine enterprise. He was sought several years ago at Newport, R. I., and Bar Harbor after funds belonging to an artist's association by which he was employed disappeared. After his last arrest in New York in 1914 he was turned over to the police of Kingston, N. Y., but jumped his bail bond of \$100. Investigation indicated that he was living on a farm near Ithaca, N. Y., was virtually worthless. The mortgage was given to a surety company to secure the bond, this concern furnished for him at Kingston.

Going to New York, Waterbury, alleged confidence man, wanted in several cities in the United States, particularly Chicago, San Francisco and Kingston, N. Y., agreed to go to New York this evening with Detective McDonough of the last-named city. Waterbury appeared before Judge Choquette this afternoon and waived extradition to New York. He gave the police to understand that he would not have gone back so easily to some other state where he is wanted. The charge against him in New York is larceny.

LITTLE TEDDY A bright orphan boy who will soon have a home.

KINDHEARTED PEOPLE WANT TEDDY AND RUTH VOTE ON CONSCRIPTION IN THE LABOR UNIONS

Winnipeg Trades and Labor Council is Forwarding Petition to Labor Congress.

OTTAWA, Jan. 15.—Sections of the International labor movement in Canada are evidently watching the conscription situation in the British house and appear to think that the passage of the limited conscription bill there may shortly be followed by a move in the same direction in Canada.

The Winnipeg Trades and Labor Council has forwarded a petition to the executive board of the Canadian Labor Congress of Canada asking it to immediately take a vote of its affiliation with the conscription question.

The labor congress at its Vancouver conference last September declared the duty of labor to be to resist conscription to Britain and her allies, carried a strong pronouncement against conscription or "even the remotest attempt at an enlistment," as it was declared, "as antagonistic to the labor interests and at variance with the fundamental principles of freedom."

MURDERED CANADIAN NATIVE OF WOODSTOCK

J. H. Woom, Victim of Mexicans, Once Worked There as an Electrician.

Special to The Sunday World. WOODSTOCK, Ont., Jan. 15.—It has been learned that one of the sixteen murdered by the Mexicans last week was J. H. Woom, a former Woodstock young man and an Englishman. The father, John Woom, three years ago was employed with Ray & Co., and the last word from him gave Houston, Texas, as his address. The son was employed here three years ago as an electrician. He was a member of the Central Methodist Church choir and of the Y.M.C.A.

MAKE SMALLER LOAF. Liverpool Bakers Cut Down Size Because of Increased Cost of Production.

NEW YORK, Jan. 15.—A Liverpool despatch to a News Agency here today says: "Because of the increased cost of flour and labor the Liverpool Bread Dealers' Association today voted to reduce the size of a fourpenny loaf of bread by two ounces."

DEAD NUMBER FOUR. WASHINGTON, Jan. 15.—Rear Admiral Fisher reported shortly after 5 p.m. that the number of dead from the explosion was four, and seven others were seriously injured. Three of the dead were navy yard workmen, and the other an enlisted man. His despatch said the storage batteries were being slowly discharged when the accident occurred.

QUESNEL, B.C. BURNED. VANCOUVER, B.C., Jan. 15.—Most of the Town of Quesnel was burned this morning. The buildings burned included hotels, sawmill and bank.

THE CREAM OF ALL FILMS AT THE STRAND

THE manager of the Strand Theatre has an important announcement to make. For weeks and weeks he has been going backwards and forwards between New York and Toronto, looking for the best—the very best, and only the best—in the world of photo-playdom. In his view, it is "The Big Four," as it is called, and he is "some" judge—he has secured what he wants in some of the magnificent offerings of the V.L.S.E., or "The Big Four," as it is called. The first V.L.S.E. production to be shown at the Strand will be "The Juggernaut," with Anita Stewart and Earl Williams, which will be presented on Thursday, Friday and Saturday next. The excellence of this photo-play will be just a forecast of the plentiful good things in store for patrons of the Strand, and which cannot fail to ensure the fullest appreciation by those patrons. Following is a list of some of the masterpieces which it is in contemplation to present in the near future: "Gravitation," "The Isle of Regeneration," "The Raven," "The Man Trail," "In the Palace of the King," "The Blindness of Virtue," "The Rosary," "The White Slave."

U. S. SUB BURST, TWENTY KILLED

"B-6" Boat Blown Apart—Cause Not Known—Many Injured.

NEW YORK, Jan. 15.—The United States submarine E-2, was today blown up and partially sunk in the New York navy yard. The body of one man killed in the internal explosion was recovered, and a report to police headquarters said seven others were killed.

The cause of the explosion, which was said to have opened up several plates of the craft could not be learned sometime after the occurrence. Several crew members which undertook to enter the submarine, were driven back by heavy gas fumes.

Several officers who were lowered into the craft, were pulled out after becoming unconscious. The one body recovered was found near a hatchway.

Newspaper men were barred from the yard and it was with much difficulty that the report of the explosion could be confirmed thru yard officials and all details concerning the wreck were refused. It was reported that engineers in the yard were testing one of the new Edison batteries installed in the craft at the time of the explosion. These batteries were intended to obviate the danger to the crews of submarines from gas fumes. Recently submarine batteries were reported to have made successful trips with the batteries in use.

Later reports that came from the navy yard were to the effect that 12 men were killed and 20 with lighter injuries. They were removed to the naval hospital in the yard.

The explosion occurred while the submarine's batteries were being recharged, according to a statement made at the naval hospital by one of the injured men. It was caused by hydrogen gas, he said.

Men working near the E-2 heard a terrific detonation and then saw a great burst of flame shoot from one of the hatchways. One man was killed outright and at least nine others were injured, according to a navy yard employee who was near the scene of the wreck.

Official reports to the navy department say three men were killed and 11 injured in the explosion on the E-2 today, at the New York Navy Yards.

The submarine E-2, was built in 1910 and displaced 400 tons. The E-2 was 160 feet long, and 13 feet beam. She was driven with two screws and was equipped with four torpedo tubes. She was capable of making four knots on the surface, and eleven knots when submerged. The commander of the submarine was Lieut. Charles M. Cooke, Jr.

GREEKS WILL PROTEST AGAINST CORFU LANDING

Complaint is That Troops Arrived Before Note of Allies Was Answered.

PARIS, Jan. 14.—A despatch to the Havas Agency from Athens states that the Greek Government has decided to protest against the landing of troops at Corfu, alleging that the disembarkment took place before the arrival of the Greek answer to the notification of the entente allies of their intention to occupy Corfu. To this, the allies replied that no answer was expected to an institution of the decision due to necessity, an intimation, moreover, which announced that they had no intention of infringing upon the Greek sovereignty of the island.

NEW CANADIAN NICKEL FROM ORE OF COBALT?

Government is Considering Proposal Put Forward by Mining Interests.

OTTAWA, Jan. 14.—Cobalt mining interests are urging upon the government the mining of a Canadian five-cent piece manufactured from Cobalt ore. The coin in question would be made of an alloy similar to that of the American nickel. It is pointed out that the present Canadian five-cent piece is so small as to be unhandy as a piece of currency. It is further pointed out that the manufacture of a new Canadian nickel from Cobalt ore would stimulate the industry very considerably.

The matter is under the consideration of the finance department, and it is not certain whether the proposal will be accepted. The proposal, however, is said to meet with considerable favor in many quarters.

SCHUMACHER MILL BEING SPEEDED UP

Ten Thousand Tons of Ore Reported to Be in Sight.

Special to The Toronto World. TIMMINS, Jan. 15.—The Schumacher mill is being steadily speeded up, and is now milling about 110 tons a day. Drifting has been started on the 600 foot level, and is being continued on the 400. Stopping is in full swing on the 100 foot level. It is estimated that there are 3000 tons of ore in the dump and 7000 broken ore in the stope.

ENTERS ON PAROLE. WASHINGTON, Jan. 15.—Late today Commissioner-General Caminetti was advised by the immigration authorities at New York that Mrs. Pankhurst had been paroled. While appeal is being decided, in the meantime she may enter the country. Mr. Caminetti said.

SOLDIERS AT FRONT NEED NOT PAY RENT

British in France Declared to Be Under No Liability.

The British Chamber of Commerce issued a note regarding rents payable by British subjects who have enlisted in the British army. It says: "In reply to questions which have been received as to the question of the payment of rent, we may say that the orders despatched at the Palais de Justice inform us that the term 'mobilized' in the different decrees concerning rent is considered as applicable also to persons who have voluntarily enlisted, and in consequence British subjects with the colors cannot be called upon to pay."

"With regard to the question of sums paid by such persons who on active service, there is no present means of obtaining restitution, although it is very probable that the arbitration committees, which it is proposed to set up, will judge all cases individually, and order a reimbursement if it is justified."
