## TORONTO HOCKEY TEAM WANTS GAME IN ST. JOHN

Ronald Stockton Writes For Match With Osgood  
Hall Septette—Lamy the Skater Still Regarded  
as Under Suspension—Sport Gleanings in  
Many Departments

Here is a chance for the St. John hockey team to arrange a game with a fast Toronto team to play Ontario Hockey Association hockey. The sporting editor of this paper has a letter from Ronald P. Stockton, a former St. John boy, who is in law in Toronto, asking what arrangements could be made for the Osgood Hall team to play a game here and possibly with some other New Brunswick team. He asks some questions with reference to the financial end of the matter, and makes some suggestions which would appear quite reasonable. The letter can be seen at this office.

Among the last ones on the team are Davidson, Conway and Ebbs, who are among the best amateurs in the game.

Harry Smith, well-known all over Canada, is on a visit to his relatives and friends in Ottawa, and announces that he has finally signed with Halesbury at a pretty good figure. Mr. Smith, who has seven sons who play hockey, came launching his family team this season, as he has often threatened to do, but illness interfered.

Sprague Cleghorn, who is in Montreal on a Christmas visit to his people, has told his friends that he is not going back to New York this winter, but is to play with Cobalt. His brother, Odie, and Smeton, are going back to play with the New York Wanderers.

**The Ring**  
The action of Gov. Carroll in holding that it is illegal to exhibit moving or other pictures of a prize-fight has caused a decided sensation in sporting and theatrical circles in Iowa.

In a fifteen minute handicap wrestling match in St. Louis, Mo., Saturday night, Frank Gotch failed to throw Con. O'Kelly, of Ireland. Dr. Roller and Raoul de Rouen wrestled fifteen minutes without falling. The police refused to permit James J. Jeffries to box Sam Barret.

**Skating**  
Edmund Lamy, the speed marvel on the ice, still stands suspended by the Eastern Amateur Skating Association, notwithstanding that the National Skating Union lifted the ban a few weeks ago. A meeting of the eastern body was held, and the officers decided that unless Lamy returns the prize he won while under suspension, he will not be allowed to compete in any championships held in the east.

The trouble originated at Cleveland on January 26, 1908, when Lamy competed without sanction. This was a direct violation of the rule of the E. A. S. A., and they notified Lamy to return the prize and explain his action. He has refused to abide by this ruling, and according to the officials, is still outside the fold.

**Aquatic**  
In reply to the offer by African sportsmen of a purse of £1,000 for a world sculling championship race on the Zambezi River, near Victoria Falls, in August next, between Richard Arnet, the holder, and Ernest Barry, the English champion, Arnet has called to the editor of the Sportsman as follows:

"Sportsman, London—Two-fifty: Barry side wages five hundred and thirty, as expenses and a side wage of £300 in addition to the £1,000 already offered as prize money.

## STOMACH MISERY JUST VANISHES

Indigestion, Gas, Heartburn  
and Dyspepsia Go and You  
Feel Fine in Five Minutes

As there is often someone in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapensin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formulae printed on these 50-cent cases of Diapensin. Then you will readily see why it makes Indigestion, Sour Stomach, heartburn and other distress go in five minutes and relieves at once such miseries as Belching of Gas, Eruptions of acid, flatulent food, Nausea, Headache, Dizziness, Constipation and other stomach disorders.

Some folks have tried to find relief from indigestion by the common out-of-door stomach pump, but this common every-day remedy is not only inefficient, but it is also dangerous. It is a case of "never touch a cat by the tail."

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach is waiting for you as soon as you decide to try Diapensin.

playing of young Allan was a surprise. He made a world's record for a high run when he broke Grant Ely's record of 78, by making 85. The match ended 100 to 281.

## MORNING NEWS OVER THE WIRES

In connection with the death of Charles A. Sutherland, of Piquash, N. S., yesterday, physicians say there are traces of carbolic acid.

The twelve year old son of Horace McLean, of Milltown (Me.), was drowned yesterday while skating on the St. Croix river.

**MORNING LOCALS**  
About 600 seamen listened to an excellent program in the Seamen's Institute last evening. Rev. Dr. Campbell and W. H. Thorne delivered addresses, the former taking for his subject the Christmas story, and the latter, the life of Christ.

At a meeting of the N. B. Historical Society last night an interesting paper was read by Dr. R. D. Jack on the life of Rev. John Sayre, the Loyalist, physician and preacher. The paper was prepared by Rev. Dr. W. O. Raymond and was greatly appreciated. Dr. O'Brien, vice-president, occupied the chair.

In Centenary church on New Year's morning a mass meeting of Methodists will be held at 10:30. The meeting will be more especially for Sunday school pupils of the Methodist churches in the city but those from outside churches are also invited. Messages will be read from similar gatherings in other parts of Canada.

A horse owned by Wm. Corbett was thrown to the ground yesterday afternoon in Mill street by being caught in the rail way crossing, where the street railway intersects. The animal was badly shaken up.

H. E. Road of Sackville returned home last night from Montreal. He said he had arranged to have the disappearance of his son, Herbert, advertised in the War Cry, the Salvation Army paper.

Yesterday a horse owned by Melvin Gibbons ran away on the Marsh road and collided with a freight train. The wagon was demolished but the horse escaped unhurt.

An entertainment in connection with the main street Sunday school was given last evening. A large number of the congregation were present and enjoyed the excellent programme furnished by the members of the school. The programme consisted of drills, songs, duets and recitations. A collection was taken for missionary funds.

## A CURE FOR WEAK MEN

Every man who is weak and "going back" knows that there ought to be something that will restore that old "steam" to his physical body. He has tried the usual drug method and found that a fizzle, and yet he knows there must be something.

I know it, too, and I've got it. It's Electricity. You can't name anything more likely to have that force which a weak man lacks. It's a natural power. I can pump it into a weak man while he sleeps, and make him feel like a Sandow in no time. It's the fire of life.

If you have been paying money to doctors and taking nasty drugs for years, and after getting no benefit from it all, you find a new lease of life after using my Belt for a month, you will be enthusiastic. You will be out on the highways and shout, and you won't care who knows that you were a weakling, because now you are cured and a man again.

My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no stinging or burn, as in old-style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

What the Cured Say

"I am enjoying better health at present than I have for many years. I would recommend your Belt to any one suffering from Rheumatism or any form of nervousness."—J. HARRY DEN, TON, Trenton, Ont.

"Your Belt cannot be beaten for curing weakness and Varicose veins."—D. JANNISON, Steelton, Ont.

"I found a cure for stomach, heart, kidneys and nervous troubles by using your Belt, and have not experienced a day of any symptoms in two years."—JAMES ED. JONES, Tuelon, Man.

Every word you said turned out true. I could not have believed it myself that your Belt was as good as it is.—ALEX. McDONALD, Dunmore, N. S.

## ONE LONE WEEK OF HAPPINESS IN HIS MARRIED LIFE, SAYS BROKAW

MRS. M. E. BROKAW LISTENING TO THE TESTIMONY OF HER HUSBAND

W. GOULD BROKAW ON THE WITNESS STAND

New York, Dec. 29—Just one solitary week of happiness, unmarred by trouble, was recalled in the supreme court of Minola, N. Y., by W. Gould Brokaw when he spent the entire day telling of the tempestuous periods through which he had passed since his marriage to Miss Mary Blair, who is now seeking a separation, with alimony.

During the last remainder of the time they lived as husband and wife, he swore that quarrels were so numerous that he could not remember them, and that he

had only called his wife a "damned liar" when she accused him of seeking the society of other women.

According to his testimony, when he came in with flowers as a love offering, she immediately called for a timeclock check on his movements, and accused him of wrongdoing. That he averred, always checked a tumult, until his entire married life appeared to him a series of quarrels.

Mr. Brokaw evinced a strong disposition to say things about his father-in-law, who he charged with having threatened to kill him, and with precipitating a quarrel with his wife over her refusal to let him go to the city where he was staying upon Mr. Brokaw's yacht. During the long day of examination through which his attorney, John F. McIntire, put him the witness told of his wife smoking cigarettes, of surreptitious cocktails, of her frequent and bitter verbal assaults with him, and then he said:

"I loved her devotedly; in fact, I was crazy about her, or I would never have so often forgiven her and made up our quarrels."
