

THE EVENING TIMES, ST. JOHN, N. B., SATURDAY, SEPTEMBER 22, 1906.

IN THE WORLD OF SPORT

BASE BALL

SMALL GOES TO MONTREAL

Ed. Small signed a contract yesterday with the Montreal team, of the Eastern League. Joe Page secured small and thinks he will make good during the coming season. Small will receive \$125 a month and reports for work early next spring.

NATIONAL LEAGUE

At Boston-Boston, 5; Pittsburgh, 1. At Philadelphia-Philadelphia, 1. At Brooklyn-Brooklyn, 3; St. Louis, 2. At New York-New York, 5; New York, 4.

NATIONAL LEAGUE STANDING

Team	W.	L.	P.
Chicago	107	54	152
New York	98	54	152
Pittsburgh	85	54	139
Philadelphia	85	54	139
Cincinnati	83	59	142
Brooklyn	69	83	152
St. Louis	59	93	152
Boston	45	96	141

American League

At Cleveland-Cleveland, 1; Boston, 1; second game, Boston, 4; Cleveland, 1. At Chicago-New York, 3; Chicago, 1. At Detroit-Detroit, 5; Washington, 4. At St. Louis-St. Louis, 3; Philadelphia, 3 (called 9th inning, darkness).

Boston	45	96	141

Eastern League

At Buffalo-Buffalo, 2; Baltimore, 1. At Toronto-Toronto, 0; Newark, 1. At Montreal-Montreal-Jersey City post-poned, rain. At Rochester-Rochester, 3; Providence, 2 (9th inning).

Chicago's Victory

(N. Y. Herald.) Half to the Chicago base ball team as the new champions of the National League of professional base ball clubs. The result of yesterday's games settles the fact of 1906. While we would have been pleased to see our own "Giants" win the championship again, we must congratulate the Chicago team upon the splendid feat that brings a pennant to the "Windy City" for the first time since 1905.

FOOTBALL

TODAY'S GAME

The Marabons and Beavers are playing the football game of the day today at the Victoria grounds this afternoon. The line-up is as follows:

Team	Position	Player
Marabons	Goal	Marabons
Beavers	Goal	Beavers
Marabons	Half back	Marabons
Beavers	Half back	Beavers
Marabons	Quarter back	Marabons
Beavers	Quarter back	Beavers
Marabons	Full back	Marabons
Beavers	Full back	Beavers
Marabons	Line	Marabons
Beavers	Line	Beavers

Canadians Football Guide

This month's issue of Spalding's Athletic Library is the Official Canadian Football Guide for 1906. The guide has been edited by the Rev. A. F. Barr and Dr. W. H. Hendry, and is without doubt one of the most complete football guides ever published in the interests of Canadian sports. The book contains group photos of the leading teams of Canada, as well as full page pictures of R. T. Shillington, E. M. O'Brien, John B. Hay, John Davidson, S. S. Macdonald and W. A. Hewitt, as well as pictures of the Rev. A. F. Barr and Dr. W. H. Hendry. Interesting data is published in this volume, past officers and a list of the Canadian champions, as well as the official rules governing the game. The book will be sent post-paid by A. G. Spalding & Sons, 443 St. James street, Montreal, Canada, upon receipt of the price, 10 cents.

THE TURF

Sweet Marie Tries It 2nd

Columbus, O., Sept. 21.—Sweet Marie, in front of the largest crowd ever gathered at the Columbus track, today was successful in not only leaving her record of 1:08 but in establishing a new trotting mark for a second better than the time Cronquist made here in 1901, when he became the champion trotter of the world. Sweet Marie was accompanied by a runner, but there was no real race to be seen.

One of Three Things Always Cause RHEUMATISM

Do you know the system risks itself of waste matter through bowels and kidneys? Yes, but by the skin as well.

As a matter of fact, the skin risks the system of more urea than the kidneys do. A more variable quantity.

If the skin, or bowels, or kidneys are unhealthy—they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to joints and nerves—causing Rheumatism.

One never inherits Rheumatism. One does inherit weak kidneys, irregular bowels and bad skin action.

FRUIT-A-TIVES

will positively cure Rheumatism because they increase the eliminating action of skin, kidneys and bowels—and make these three organs so vigorous and healthy that there can be no urea or waste retained in the system to poison the blood and irritate the nerves.

FRUIT-A-TIVES are fruit juices, combined with tonic—the whole forming the most effective cure for Rheumatism.

30c. a box or 6 boxes for \$4.50. Sent on receipt of price if your druggist does not handle them.

FRUIT-A-TIVES LIMITED, OTTAWA.

WHY NOT A MADE IN ST. JOHN DAY?

Maritime Merchant Suggests Practical Plan for Booming St. John's Manufactures.

(Maritime Merchant.) Some time ago the Merchant suggested a "Made-in-Halifax" store for Halifax, and a "Made-in-St. John" store for St. John, and like stores for other communities which have manufacturing industries of importance within their borders.

Now the idea was given to St. John, and we do not know, but at any rate no one seems to have thought it worth while to adopt it. Perhaps, however, the suggestion is worthy of serious consideration by the reader as within the reach of everyone in the larger places, one that can be carried out, not only without trouble, but very successfully. We will put the suggestion in the form of a receipt of something that recently happened in Vancouver, where they have a "Hundred Thousand Club" that has excellent ideas.

Vancouver had a "Made-in-Vancouver" day on which occasion the stores all made a display of goods "Made in Vancouver," and on which the people of Vancouver, having the idea advertised to them for some time, were very well shopping with the idea of buying "Made-in-Vancouver" goods. The idea of the Hundred Thousand Club was that the public would have an opportunity of seeing the nature and variety of the city's industries, and how many of the articles of ordinary consumption are produced in the city and produced in a degree of perfection on a par with similar productions from abroad.

The club had the further idea that once the public saw the exhibit of the city's capabilities, and discovered the greatness of the quantity and the excellence of the quality of Vancouver's manufactures, they would be inclined to do better than after "Made-in-Vancouver" day had passed. It can be imagined that such a demonstration would appeal to the people.

Now, what is to hinder such exhibits being made in Halifax, for instance, or St. John, or some other large centre in the Maritime Province? We believe that if someone were to start the movement it would be taken up eagerly by the merchants and manufacturers. If we make a further suggestion for Halifax, a function to be held in the Dominion Exhibition dates! Thereby not only the city people, but outsiders would be impressed as well.

A RECORD PRICE ON CHEESE BOARDS

Thirteen Cents at Woodstock, Ontario, and an Eighth Higher at Picton and Peterboro.

(Montreal Star, Thursday) Dealers generally anticipate continued firmness in cheese and butter markets. The present cost in the market, dealers cannot estimate, as the market is so quiet. The quotations here without losing money. One has makes are quoted at 12c. this being about the best obtainable, although a fraction more has been realized for finest during the past few days. Tonnages are still quoted at 12 to 12 1/2c. and Ontario at 12 1/2 to 12 3/4c. best quality being obtainable at the latter figure.

WOODSTOCK, Ont., September 20.—The meeting of the Woodstock cheese market yesterday will go on record as being the most important from the standpoint of high prices ever held in this district. Practically the entire output of the board was disposed of at 13c. per lb., the highest price ever paid for cheese in this section. In all 1200 boxes of colored and 100 boxes of white were offered by 15 factories. There were 21 buyers present, and from the outset a keen struggle was maintained. Bidding was unusually brisk, 12 1/2 to 13c. being the prevailing price. At these figures about 3000 boxes changed hands. The weather during the past ten days has been anything but favorable for cheese making. It has been extremely dry, little or no rain, falling, while the local milk has been greatly decreased. The supply of milk has been greatly decreased. It may also affect the quality of the cheese. Dealers in cheese and butter are trying in their power to keep up their milk supply. A view of the phenomenal prices. Cheese sold at 12 1/2 to 13c. at our board. Butter unsold, unless heavily reduced. 22c.

LAWRENCEVILLE, Ont., Sept. 20.—At the Lawrenceville cheese board 1700 boxes of cheese were boarded. The market price of cheese was 12 1/2 to 13c. sold. PICTON, Sept. 20.—Thirteen factories boarded 165 boxes of cheese. The market price of cheese was 12 1/2 to 13c. sold. Buyers: Miller, McEwen, McEwen, Thompson.

PETERBORO, Ont., September 20.—There was a shortage of 344 cheese from the last sale. Yesterday's bidding was 304 colored cheese. The price was the highest of the season, being 12 1/2 to 13c. per lb. factories not sold returning the lower price.

The London Daily Mail says: "Is there a corner in cheese? Despite increased stocks in England and increased imports from Canada, the price is much higher than a year ago—indeed, it is a record. Apparently the revolution from Chicago turned foods into an increased demand for cheese."

IN THE WORLD OF LABOR

Longshoremen in Boston are on strike.

The United Brewery workers held a convention recently in Toronto.

Several hundred laborers employed as scow trimmers at the various docks of the New York city street cleaning department, are on strike for an increase in wages from \$5 to \$8 a week.

It is a well known fact that whenever general improved wage condition has been affected in any occupation among industrial workers during the last half century in America, it has been brought about by the trade unions.

The 10th annual convention of the Workingmen's Federation of the State of New York, convened at Binghamton, N. Y., Tuesday, September 11.

There is in existence in America an organization based almost exactly upon the same principles as the labor unions of the wage-workers in various crafts, a farmers' organization. At the present moment it has 200,000 members in the United States, it is nearly three years since it really started, but it has local and state organizations in every state in the union, except Nevada, and five of the New England states.

Piano and organ makers in convention at Irish Temple, Chicago, took up the proposed plan of establishing a union piano factory. It was referred to the general executive board, which will draw up plans and submit the matter to the referendum vote of the 10,000 members.

Ottom mill agents in Providence, R. I., say there is a shortage of experienced help, probably amounting to ten per cent. in that section.

Owing to the restriction of Chinese immigrants in Canada during the past few years, large numbers of Hindus have been coming into the port of Vancouver and securing work as laborers in mills and mines.

Laborers at Montreal, Quebec, had their wages increased to \$1.75 per day; the increase was not general, but a number of six contractors were paying the new scale.

Twenty workmen unions of the town of Bojart, Spain, have addressed a circular to the presidents of American republics, begging them to provide ways and means to enable their air-borne to emigrate and establish colonies wherever they may be wanted.

A strike which threatens to throw 3,000 operators out of employment has been begun at the Rotch mill, New Bedford, Mass., one of the largest cotton mills in New England.

The strictest censorship is observed in regard to the Spanish strike news, but it is known that the movement is extending at Santander and Bilbao.

The New Jersey State Federation of Labor has indorsed unanimously the proposition of the American Federation of Labor for political action at the coming election.

Presidents, Cal., unionists contemplate the erection of a labor temple.

More than half the membership of the San Francisco Cigar-makers' union is back at work.

American First Glass Workers' Union had a balance in the treasury on May 31, 1906, of \$110,000.20, a gain of \$20,752.91 since the last report.

CRAMPS CURED.

I was troubled with Cramps for a long time, and had several doctors attend me, but their medicine did not seem to do me any good. I got three bottles of Dr. Fowler's Extract of Wild Strawberry, and it cured me. It is the only medicine I can recommend, and I would not be without it in my house.

A. DEMERCHANT, Bath, Ont.

WEAK BOWELS CURED.

After a severe attack of Typhoid Fever my bowels were left in a very weak condition, and I could get nothing to do me any good until I commenced taking Dr. Fowler's Extract of Wild Strawberry. I take a great deal of pleasure in recommending it to all sufferers from bowel complaint.

Mrs. J. M. STEWART, Little Current, Ont.

DIARRHOEA AND CRAMPS.

I take pleasure in telling you what Dr. Fowler's Extract of Wild Strawberry has done for me. I was taken with Diarrhoea and severe Cramps in the Stomach. I secured a bottle of your medicine and had only taken a few doses when my trouble disappeared. In the future I will always keep it in the house ready for use.

Mrs. M. JACKSON, Normandale, Ont.

BABIES TEETHING.

Ever since my mother first knew of the wonderful curative qualities of Dr. Fowler's Extract of Wild Strawberry, it has always been kept in the house. She says that it always acts like magic, and especially when given to teething babies.
