MORNING NEWS OVER THE WIRES

Two more Conservatives were appointed to the senate yesterday. They were A. Claude MacDonnell, M.P. for South Toronto, and Olive Pringle, the well known Ottawa solicitor and parliamentary agent.

Senator Poirer of New Brunswick, resuming the conscription debate in the senate, disputed the contention of Senator Dandurand that the reason French-Canadians had not enlisted more freely was because they had been 200 years in Canada. The reason they had not enlisted, said Senator Poirer, was because they had been misgided and misdirected.

Hon. P. E. Blondin, Hon. Albert Servey and Deputy Speaker J. H. Rainville, M.P. for Chambly-Vercheres, were burned in effigy on the Champs De Mars last night by the Federation of Labor Clubs of Montreal, in the presence of 500 or 400 people.

A large steamer from overseas went ashore yesterday just off a Canadian Atlantic port. She had on board 546 returned soldiers besides her crew. A

half dozen steamers and tugs promptly responded to the call for aid and all on board were taken off in safety. The vessel registers about 6,000 tons.

GIVEN under my hand and seal at Fredericton the thirtieth day of July in the year of our Lord one thousand nine hundred and seventeen, and in the eighth year of His Majesty's reign.

By command of the Lieutenant-Governor.

ROBERT MURRAY.

Proclamation

Mayor's Office, Saint John, N.B.

PROCLAMATION Having been requested by his Hon. the Lieutenant-Governor of New Brunswick requesting the assembling on August the fourth instant, the third anniversary of the declaration of war by Great Britain, of the loyal citizens of the province for the purpose of passing the following resolution approved by the Central Committee for National Patriotic Organizations, namely:-

"That on this the third anniversary of the declaration of a righteous war, this meeting of the citizens of Saint John records its inflexible determination to continue to a victorious end the struggle in maintenance of those ideals of liberty and justice which are the common and sacred cause of the allies"; and also enjoining that in view of the gravity of the situation and the solemnity of the occasion, the day be also observed by holding meetings of a religious and intercessory, as well as patriotic character.

I would therefore request that on Saturday afternoon next the fourth day of August, the business houses of the City of Saint John be closed and that all loyal citizens attend the religious services which will be held in the various churches at the hour of two o'clock; and afterwards repair to the King Square where the occasion will be observed by patriotic addresses and where the aforesaid resolution should be passed.

ROBERT T. HAYES, Mayor.

A Single Application

Removes Every Hair

(The Modern Beauty).

Here is how any woman can easily and quickly remove objectionable, hairy growth without possible injury to the skin: Make a paste with some powdered talc and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine talc.

## Further Gains

Further gains have been reported to have been made by the British on the right but St. Julien and Westhoek's reported last on the left centre. Five thousand prisoners were taken on the first day of the offensive.

In the official British summary issued last evening in London there is noted a falling off in the loss of British merchantmen, by submarines, only eighteen large vessels being sunk last week.

HOW WE CAN ALL HELP

(Bradstreet)

This work of helping the nation to prosecute the war can be accomplished by eliminating waste, by being less ready to spend money on frivolities, and by eschewing the expensive habit of

dining out, a practice to which many Americans have become strongly addicted. Visits to popular resorts do not give one the impression that the country is at war, even though more men in uniform are to be seen. Bating goes on just as if peace reigned. Perhaps when drafted men leave for training, sober views will prevail. Anyway, some sacrifices could be made without damping the currents of trade, and some old-time customs might well be resurrected-the habit of marketing in person in lieu of by phone, the taking home of non-bulky goods instead of having them delivered, and the carrying of home prepared lunches to work.
