RESIGNS POST  
AS SCHOOL HEAD

Dr. H. S. Bridges is Succeeded by S. A. Worrell.

Salary is \$3,600—Beaconsfield Matter to Be Gone Into on Friday

At the meeting of the School Board last night it was reported that at a special meeting the resignation of Dr. H. S. Bridges, superintendent of city schools, was respectfully accepted and a retiring allowance of \$2,600 per annum was granted.

It was decided that Dr. Bridges be appointed superintendent emeritus. Such an appointment could be made, and there was warm expression of appreciation of Dr. Bridges' services. S. A. Worrell, who has been acting superintendent for about two years, was appointed superintendent with a salary of \$3,600.

The meeting unanimously voted that Dr. Bridges be paid a glowing tribute to his work for education and courtesy shown himself and also thanked the Board for confidence in himself. Applications for positions on the teaching staff were received from Mrs. Lawrence, who has resigned from the teaching staff, and Miss Elizabeth Cowan, who was granted leave of absence.

Mrs. George McA. Bland and Mrs. Vaughan wrote to draw attention to the fact that pupils in Victoria annex must use a toilet in the main school and cross the schoolyard without putting on outdoor clothing. Mrs. Vaughan also asked if it was necessary to have two grades in one class room. This matter was referred to the teachers' committee.

The Saint John Debating League wrote to thank the Board for the use of the High School Assembly Hall for the Imperial team debate.

## ARCHITECT WRITES

H. Claret Mott, architect wrote asking favorable consideration of the Board contemplating further building. It was decided to inform Mr. Mott that there was no new building contemplated at present.

A communication informed the Board that the Beaconsfield ratayers had appointed a committee headed by Dr. J. B. M. Baxter, Premier of New Brunswick, to wait upon the School Board to see if an agreement could not be arrived at so that the Saint John School Board might take over the operation of that school.

The secretary's statement reported showed 8,765 pupils belonging, of whom 4,248 were boys and 4,517 girls, the average daily attendance was 81 per cent of the enrollment. Teachers made 800 visits. The Board of Health reported 21 cases of measles, two of diphtheria and two of scarlet fever.

The report of G. Herbert Green, trustee officer, gave statistics of the month's work. He reported 108 visits, 108 schools visited, 16 cases in court, 11 home on account of sickness, 44 excluded by the board, 21 lack of clothing, 16 temporary removals, 284 away temporarily, 7; not at any school, 11; past the age of 14 years, 21; not attending, 9; truants, 13; habitual truants, 3.

Mr. and Mrs. W. E. Raymond have received word of the death of Mrs. Ernest DaCosta, in Toronto. Mrs. DaCosta was very well known here, having lived in Saint John during her girlhood. She was a daughter of Thomson Raymond of Toronto, who was a brother of the late Thomas Raymond of the Royal Hotel.

There will be no inquest into the death of Arlons Antons, chief engineer of the S. S. Valterra, who was found dead in his bunk on board the ship here yesterday morning.

Self-Poisoning Takes Huge Toll

Many Fail in Life Through Sheer Neglect of Fundamental Rule of Health

Thousands of men and women are today victims of their own neglect. Crouching, listless, quickly tiring, suffering from headaches and biliousness, they spend enormous sums in medicines without avail. They would give much to regain their old vitality.

Can it be done? Yes! How? Simply by recognizing the importance of one fundamental rule of health—the proper elimination of the bowels contents. Poisons that are allowed to remain in the system quickly locate the stomach, weaken the nerves and thus pave the way to ill-health. Stop this self-poisoning by taking *Najol*, the scientific lubricant that completes the work of Nature's lubricant when, through modern living conditions, the natural supply fails.

*Najol* can be taken indefinitely without injury to the system. Try *Najol* today. Ask for it at your nearest drug store, but remember there is only one *Najol*. Watch for the name "*Najol*" in red on the label and package.

35 Accused Plead  
Not Guilty of Plot

NEW YORK, Feb. 8.—Thirty-five of the 61 men, including William W. Dwyer, former owner of the Mount Dwyer Race Track at Montreal, who were indicted on January 28, in charges of violating the prohibition law, today pleaded not guilty and were held for trial in Federal court on March 1. The remaining defendants failed to put in appearance and bench warrants were ordered issued by Judge Howe.

SCHOOL FINANCES  
UNDER DISCUSSION

Trustee Says City Hall Responsible For Overdraft—Ask About Vocational Grant

At the School Board meeting last night Dr. L. M. Curran, chairman, brought up the matter of school finances, which he said must be discussed in view of the publicity they had received lately.

Dr. Curran took exception to a statement by Commissioner Bullock that trustees telephoned to any one they wished to employ and ordered repairs without any contract or estimate. Dr. Curran declared no trustee had power to spend money. A visitor to a building in consultation with the chairman of the buildings committee, could incur an expenditure up to \$50 for repairs. Exception was made, he said, in the case of a pressing emergency, but the regulations required that tenders be called for any expenditure over \$50.

He gave the bank's statement of the average monthly overdraft as being \$10,000.00 in 1925, and \$10,000.00 in 1924. This showed a reduction of more than 50 per cent, last year he claimed, and last year the board had lived within its estimates.

Mrs. Nagle said City Hall was responsible for the overdraft, because when the Board assessed to cover an overdraft the City Council cut down the estimates. City Hall, he said, should let the Board add \$50,000 to wipe out the overdraft instead of cutting off \$10,000.

There were just two ways of wiping out the overdraft, he said, by assessment or bond issue.

On the motion of Mr. Nagle, seconded by Mr. Cross, it was decided to write to City Hall asking for a definite statement on the matter of financing vocational education, as no money had been placed to that credit account.

It was stated by Mr. Nagle that the schools in Saint John cost less per pupil than the schools of any city of similar size in Canada. He did not believe it was a matter for congratulation but nevertheless, he said, he thought the matter should be made known.

HART, Tasmania, Feb. 8.—(via Reuters)—Forty-four steamers have been listed to load apples and pears during the forthcoming season to an approximate total of 1,200,000 bushels. This is an increase of nearly 500,000 bushels compared with last season.

TAX APPEALS HEARD  
BY CITY HALL BOARD

Wignore Opposes Full Relief as Unfair to Man Who Pays His Bill

The first meeting of the appeals committee of the common council was held yesterday afternoon and twelve cases were heard. In one measure of relief was granted, while others were laid over for further consideration.

Full relief in any case was opposed by Commissioner Wignore, who took the stand that it was not fair to the men who paid their taxes, to allow those, who let their taxes stand for two or more years, come to the council and get the full amount rebated.

He said that if the council was to adopt the principle that men earning \$3 a day or less were not to pay taxes, when in arrears, then, the act should be changed to exempt all incomes up to \$1,000.

One man appeared because the chamberlain had notified that he would collect the rent of the tenants and asked that he be allowed to pay \$30 a month. The council decided to leave the matter in the hands of the chamberlain.

WAS BEST YEAR IN  
CHURCH'S HISTORY

Annual Meeting of St. Bartholomew's at Goldbrook—Officers Are Elected

Reports presented at the annual meeting of St. Bartholomew's church in Goldbrook last night showed the year 1925 to have been the best in the history of the congregation. Total receipts were \$1,198.47, of which the Sunday school raised \$106.75; the Women's Auxiliary \$50 and the Band of Love \$10. The W. A. members had given a new carpet for the chancel and the men, by voluntary work, had redecorated the interior of the building and provided new linoleum while the Sunday school had provided a new furnace. A text over the chancel had been inscribed by A. Thorne, a member of the congregation. Rev. R. Taylor McKim, the rector, presided and congratulated the congregation on the progress. Regret was expressed at the absence of G. Buckley through illness. The annual election resulted as follows: Wardens, G. Buckley and P. Williams; vestrymen, J. Scott, A. Boyle, K. Broom, I. Phillips, A. Shand, P. Piers, T. Renshaw, T. Parker and A. Thorne.

GOOD SHEPHERD  
TRIDUUM ENDS

Three Days of Special Exercises are Brought to Close

Vespers, Benediction and Excellent Entertainment Given By Children of Institution

The triduum at the Monastery of the Good Shepherd in honor of the canonization of Saint John Eudes was brought to a happy close yesterday afternoon with singing of solemn vespers by Very Rev. J. Sibellet of the Eudist College at Church Point, N. S., who also officiated at Benediction, in the chapel of the monastery. Rev. F. Cronin of Holy Trinity church was deacon and Rev. E. Reynolds of the Cathedral, chaplain of the monastery was subdeacon. Rev. T. M. Nichol again was the master of ceremonies. There was a large gathering of friends and benefactors of the Good Shepherd in their work in Saint John. The altar made a beautiful picture with its lights and lovely flowers.

## WORK IS PRAISED

Rev. J. O'Reilly, C. J. M., superior of the Holy Heart Seminary in Halifax, was the preacher and he delivered a deeply interesting, eloquent and touching discourse on the work of the Good Shepherd Sisters among unfortunate girls and women. He paid a notable tribute to the work and to the unobtrusive way in which this great endeavor for the salvation of souls was being carried out by the Sisters.

The Te Deum was joyously sung at the conclusion of Benediction and the triduum was ended.

## NICELY ENTERTAINED

All then gathered in one of the large rooms in the new wing of the building and there a very interesting program was given by the children. There were pretty drills and well sung choruses but the outstanding event was recital of events in the life of Saint John Eudes. This was given by a group of the children, each suitably dressed in character, and it closed with a striking religious tableau that won the admiration of all. One of the girls, who represented the saintly founder of the order, gave a representation that made all marvel.

There were hearty congratulatory words by Fathers Reynolds, Sibellet and O'Reilly and the national anthem concluded the highly successful program. The attendance of visitors was large and all felt that they had been privileged to assist at something that they would always recall with great pleasure.

ST. PETER'S CHOIR  
WELL ENTERTAINED

Rector Host at Banquet Which Also Included Ligonian Orchestra

Rev. James Cloran, C. S. S. R., rector of St. Peter's church, was host at a banquet given by the choir of the church and of the Ligonian orchestra at a banquet in St. John's hall in appreciation of the excellent services of these two musical organizations in the parish. A toast list was honored at the banquet and there was a delightful program of musical selections. William Gramman was toastmaster.

The toast to the king was responded to by the singing of the National Anthem. Father Cloran replied to the toast to the church. The choir then sang a song by Felix S. A. McMullin, that to the Cecilia Choir, by F. J. Joyce. A toast to the ladies was proposed by Edward Corkery and replied to by Miss Ada Williams.

Musical numbers included selections by the Ligonian orchestra and vocal solos by Harry McCarthy, P. S. A. McMullin and Harry Dever and selections by the Moore quartet and a grand Moore gave a short address. The evening was very greatly enjoyed and hearty thanks were tendered the host.

## Deaths

Herbert E. Gould

In the death of Herbert Everett Gould, city horticulturist, yesterday afternoon, a gentleman held in high esteem here, in Sussex, and wherever known, passed away. He had been in the General Public Hospital for several weeks, and had undergone two operations.

Mr. Gould was a highly respected resident of the community in which he spent most of his lifetime. He was in his 88th year and took a great interest in everything that pertained to the welfare of the town. He was one of the organizers of the Sussex fire department and was outstanding in the Masonic life of New Brunswick. A past master of Zion Lodge No. 21, Sussex, he was one of the most active members of that organization. He was also a member of the Scottish Rite and an exponent of his work in the Grand Lodge of New Brunswick was manifested in his selection as deputy grand master.

Mr. Gould was also a prominent member of the Rotary Club of Saint John and his loss is keenly felt by that progressive body. He was also a member of the Chisholm Lake Fishing Club and his work in connection with it was always helpful.

Mr. Gould was a son of the late William M. Gould, who established the business which was later carried on by his son and Ella A. Gould, who survives him. His wife is a daughter of the late George Dobson, of Sussex. Mr. Gould is survived by his wife and by one son, George, who resides at Sussex.

The funeral will take place on Wednesday from his late residence at Sussex on the arrival of the train leaving Saint John at 1 o'clock.

As city horticulturist, he was responsible for the extraordinary beauty of not only King square, but also of the horticultural gardens and all the city parks.

Working entirely without monetary reimbursement, but entirely for his love of beauty, and his desire to see the city of Saint John compare favorably with other towns in regard to public parks, the deceased gave freely of his time and energy, with the result that few, if any other cities in the Dominion have such well kept and pretty parks as there are in Saint John.

As a man who gave his best for his fellow citizens he will leave a vacant place very difficult to fill.

William John Irving was well known in the Maritime Provinces, having traveled in this territory for a number of years. His son W. T. R. Irving said this evening that he had received no particulars concerning his father's death and that he concluded that he must have succumbed to a sudden attack of heart failure as he had not been ill previously.
