## Fables On Health

**HOW TO KNOW APPENDICITIS**  
USUAL symptoms of appendicitis are pain, low down in the right side of the abdomen; tenderness at the seat of the pain; rigidity of the muscles; rise of temperature; vomiting and either constipation or diarrhoea.  
Appendicitis is the result of infection which usually extends from the colon to the appendix. This is proven by the fact that appendicitis sufferers frequently have been long sufferers from colitis, or infection of the colon.  
When a person finds himself suffering from symptoms, suggesting appendicitis, he should go to bed at once, and take a large warm compress, and have hot applications made over the lower abdomen.  
If the symptoms are not speedily relieved, that is within ten or twelve hours from the beginning of the attack, or if nausea and vomiting are present, an operation probably is required.  
Delay in cases where the need of an operation is indicated is often extremely dangerous. Even when pain and perhaps other symptoms

BYE, YOU AUGHT TO BELONG TO THE FIRST SETTLERS CLUB. YOU HEV T' PAY CASH FER WHAT YOU GIT FROM THE MAIL ORDER HOUSE.

THE girl with a pretty ankle, like a boxer, depends a lot on her foot work.

## Adventures of the Twins

By OLIVE ROBERTS BARTON.  
OVER SEVEN MOUNTAINS TO TWELVE TOES.  
"I want you to go to Twelve Toes, the Sorcerer, and get me the most beautiful balloon in the world," said the Sour-Old-Woman to the Twins. "It has all the colors of the rainbow in it. Indeed, it belonged to the fairies in Rainbow Land, and one day when they were playing football with it, it rolled down the rainbow to the earth."  
"Is that how you are to get your fortune?" asked Nancy.  
"What?" shrieked the Sour-Old-Woman. "Who told you that?"  
"The Green Wizard," answered Nancy. "He said that a fortune teller had told you that you were to get a fortune through a balloon."  
"Oh, well, it doesn't make any difference after all, I guess. Yes, it is true, my dear. I hope to get my fortune through a balloon. And as this balloon knows where the pot of gold is at the foot of the rainbow, I am sure it is the one I am seeking. When it reached the earth it bounced four times and they say that everywhere it touched there is a pot of gold. The fourth bounce took it to the house of Twelve Toes, the Sorcerer, and he guards it like a dragon; if you can get it for me, I shall give you the key you are seeking—the key to the secret cupboard in Little Cave."

"We'll go right now," said Nick. "Come along, Nancy."  
"There are three things you must watch out for," said the Sour-Old-Woman, "even if you do get the balloon. Old Twelve Toes won't let you get far without putting something in your way—thorns, fire and wind most likely. All three are enemies of a balloon, and you will have to carry it very carefully."  
"We will—will be careful," said Nick. "Come on, Nancy. Hurry up or we'll never get there."  
The Sour-Old-Woman showed them the path and set them free.  
"It goes over seven mountains," said Nick.

To Be Continued.

## Seven Arraigned In Boston Club Disaster

BOSTON, July 13.—Seven men were arraigned in Suffolk Superior Court, before Judge Lummus, today, on secret indictments returned by the grand jury which last week investigated the collapse of the Plickwick Club building on July 4, in which 44 persons lost their lives. Six of the indictments charged manslaughter.

## FLAPPER FANNY

## NEARLY HALF OF PUPILS FAIL

135 Out of 260 Moncton Students Pass High School Entrance.

Rev. H. D. Cormier Welcomed Back From Rome and is Presented Check.

MONCTON, July 13.—Out of 260 candidates who wrote the High School entrance examinations here in June, 135 were successful and 125 failed, according to the official statement given out today. Mary Kincaid, of Miss Hazel Alward's department, Victoria School, led with a total of 387 marks out of a possible 1000. Allan Ramsay, of Mrs. Lawson's class, Aberdeen School, came second with a total of 380, and James Davison, of Sister Immaculata's department, Mary's Home School, was third.

Rev. H. D. Cormier, pastor of L'Assomption parish, who has returned from a pilgrimage to Rome, was given an enthusiastic welcome in the auditorium of Sacred Heart Academy last evening by his parishioners. Rev. Edgar LeBlanc, acting pastor of L'Assomption church, presided and seated with him on the platform were Father D. Legre, of Shediac. The L'Assomption Band, under the talented leadership of Ferdinand Malenfant, was also in attendance.

A Sorrowful Admission.

Parliament Butler—"You will get tired of rejecting me some day."  
The Girl—"Yes, all pleasures come to an end."

## Children Cry for

MOTHER—Fletcher's Castoria is a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

## Smart Pumps

THESE pumps have achieved distinction by finding a new spot on which to concentrate the decorations, which are bits of patent leather applied to form a design. They are of white kid.

## MAN BREAKS RIBS AND OTHERS SUFFER

Auto Reported Crowded Down Embankment by Reckless Driver.

WOODSTOCK, July 13.—An automobile accident attributed to careless driving and disregard for the safety of others occurred Sunday at Marv's Brook on the Consett Road, when a light touring car, occupied by Mr. and Mrs. Fred Grant and their two children, St. Stephen, was crowded off the road and over a five-foot embankment by an approaching car.

Mr. Ingle, who was pinned under the car, was the most severely injured, suffering the breaking of two ribs, while Mr. Grant suffered body abrasions and nasty cuts about the hands. With the exception of Mrs. Grant, whose ankle was badly sprained, the other occupants escaped unscathed. The car was considerably damaged.

## NO QUORUM

There was no Board of School Trustees' meeting last evening owing to lack of sufficient members to form a quorum.

## \$29,000 Is Voted For Schools In Bathurst

BATHURST, N.B., July 13.—The ratepayers of School District No. 2, held the annual meeting in the Grammar School this evening. The secretary, James J. Power, called the meeting to order and B. C. Mullins was

appointed chairman. Trustee F. B. Bond submitted a report of the Trustees and advised that there be no change in the teaching staff for the coming term. The board asked for an assessment of \$18,000, which was granted. The board also asked authority for an additional amount of \$11,000 to enable them to complete the new school building and this was also granted.

## FREE 10-Day Tube

Note Coupon

Hygienic teeth are gloriously clean, glossy, and white. Make this remarkable test and find out.

## Dazzling, White Teeth

Here is the quick, new way dentists are widely urging

Make this unique test. Give your teeth high polish and fresh new color simply by removing the dingy film that coats them and invites decay and gum troubles.

THIS offers you a simple scientific test—one judged the most remarkable of all dental tests.

In a short time you can work a transformation in their color and their luster.

Modern science has evolved a new and radically different method which successfully removes the dingy film that imperils healthy teeth and gums.

Simply send the coupon. Don't think your teeth are naturally "off color" or dull. This will prove they are not.

Film—the enemy of beautiful teeth and healthy gums.

Run your tongue across your teeth, and you will feel a film . . . a viscous coat that covers them.

That film is an enemy to your teeth—and your gums. You must remove it.

It clings to teeth, gets into crevices and stays. It absorbs discolorations and gives your teeth that cloudy, "off color" look. Germs by the millions breed in it, and they, with tartar, are a chief cause of pyorrhea.

Tooth troubles and gum troubles now are largely traced to that film. Old-time methods fail in successfully combating it.

New methods remove it. And Firm the Gums.

Now in a new type dentifrice, called Pepsodent, dental science has discovered effective combatants. Their action is to curdle the film and remove it, then to firm the gums.

Ordinary methods fail in these results.

Harsh, gritty substances are judged dangerous to enamel.

Thus the world has turned, largely on dental advice, to this new method.

A few days' use will prove its power beyond all doubt.

Mail the coupon. A 10-day tube will be sent you free. Why follow old methods when world authorities urge a better way?
