HONORS FOR SUBSEX LADY
(Sackville Tribune)
Miss Jean Allison of Sussex, a graduate of Mount Allison Conservatory of Music, who is taking a post graduate course in Germany, has lately been highly honored by receiving an invitation to play the Great concerto at a concert to be given in Berlin in April by the Philharmonic orchestra which is composed of eighty members. Miss Allison's teacher is Lusenko, under whom Prof. Brunton, head of Mount Allison Conservatory of Music, studied for a number of years. The invitation to play a solo at the coming concert is a very signal honor indeed and would not have been possible were it not for the excellent orchestral training which Miss Allison received while at Mount Allison. Miss Allison expects to join the staff of Mount Allison Conservatory next September.

ALL BRITISH EXHIBITION

The special committee of the Board of Trade, appointed to deal with the suggestion for the arrangement of a made-in-St. John exhibit met last evening. A. H. Wetmore presiding.

A delegation consisting of R. O'Brien, C. B. Allen and Horace A. Porter, from the St. John Exhibition Association, suggested that better results might be obtained by devoting more attention to the local exhibition.

A communication was received from the president of the All-British Exhibition Association, stating that no allotments of space for the exhibition to be held in London in 1915 have been made and the committee decided that they could not go ahead until they learned what space was available. The proposal for the organization of an exhibit of local manufactures for use at exhibitions throughout Canada was referred to the industrial committee of the board of trade.

The London Opera House was burnt in 1789; Covent Garden, September 1808; and Drury Lane, February 1809.
