FOOD OF THE GODS.

Prof. Robertson Urges More Scientific Treatment in Cultivation and Care of Apples—Improvements in Storage.

Toronto, Aug. 9.—The Apple Shippers' Convention was addressed by Prof. Robertson of the Dominion Department of Agriculture at the Pavilion yesterday afternoon. He said to many people start growing apples without taking the trouble to learn how. It required education to be successful, but not the education of the professor who boasted of being able to name 150 varieties at sight. One grower boasted that he had 600 varieties in his orchard. This was suicidal, as mixed shipments were not so salable as selected grades. He believed that, as a district, say, as large as from Toronto to Owen Sound, north of St. Catharines, apple growers should devote themselves to growing more than 10 or 12 varieties, which would give, in the various districts, over 100 Canadian varieties.

After giving some practical advice to the delegates to act as educators rather than censors in preventing fraud, he explained the Canadian arrangements now in operation to protect shippers from careless handling of consignments on the railways and steamships.

Prof. Robertson put in a plea for illustration stations, and said that a two-acre lot, under a superintendent, in each district, would be of great value in teaching the best methods of growing, grading, packing and shipping.

He believed the bill which came into effect on July 1 would have a valuable influence in preventing fraudulent marking of shipments.

Canadian officials were engaged in England, watching the unloading and prompt delivery of apple shipments, and after this month, the names of steamers, in which consignments were negligently handled, would be published in an official bulletin by the Department of Agriculture.

A number of steamers going from Montreal were being provided with specially ventilated storage accommodation for apple shipments, and only required united effort on the part of Canadian growers, packers, buyers and shippers to greatly increase the prosperity of this great branch of the agricultural industry.

W. H. Barnes, Secretary of the Kansas Horticultural Society, described the great success of that State as an apple-producing State.

G. T. Powell, Director of the School of Practical Agriculture and Horticulture, of Harcourt Manor, N. Y., gave a short history of the possibilities of apple culture. He declared it to be a safe, sure and profitable calling for the young men of Canada and North America.

Committees were appointed and Secretary Patch reported a membership of 215. Treasurer Wagner reported total receipts for the year \$188.67. He recommended an increase in the fee to \$5. This was referred to the Finance Committee.

The delegates this morning will meet to elect officers and pass committee reports.

AT FRIEDRICHSHOF.

Simple Funeral Service Over the Body of Late Dowager Empress.

Cronberg, Aug. 9.—The remains of the Dowager-Empress were placed in the coffin yesterday morning.

The funeral service, held at Friedrichshof, late yesterday afternoon, was performed, at the request of the late Dowager-Empress, by the Bishop of Ripon, her own chaplain, assisted by the Rev. Thomas Teignmouth and Canon of Worcester. The coffin stood in the centre of the church, covered with a long black pall, and strewn with white roses. At the foot, with bowed head, and slightly in advance of the other mourners, stood Emperor William, the uniform of the Black Hussars, the regiment of the late Dowager-Empress. Just behind him, were all the other members of the Royal Family, except Prince Henry of Prussia.

The service was conducted entirely without music. It consisted of a portion of the burial service of the Church of England, the 90th Psalm, a reading from the First Epistle to the Corinthians, and the Benediction. The congregation rendered the responses. Immediately after its conclusion, Emperor William and the Empress drove back to Hamburg.

WILL THE BOERS KILL

The 25 British Prisoners Captured at Sabi River?

KRUGER'S MENTAL CONDITION.

Specialist in Nervous Diseases Summoned from Berlin—A Small Post Surprised Twenty-five Men of Steinsacker's Horse Captured by the Boers—Reported That Lord Kitchen's Health is Bad.

Toronto, Aug. 9.—Isaac N. Ford called The Globe this morning as follows: Lord Kitchen has reported a small reverse, which seems to represent the maximum capacity of the Boers for offering resistance to the British arms. This is the surprise and capture of a detachment of 25 soldiers at Sabi River. The magnitude of regrettable incidents has been magnified by the capture of 25 British soldiers. While as many as 80 British columns are operating in the three colonies, and picking up the chance of success, the Boers have been in surprising force. There, small isolated detachments. Interest in this petty achievement at Sabi River will be increased if evidence be offered that the Boers are carrying out their threats and ordering reprisals for the executions conducted among the Cape rebels.

British Captured.

London, Aug. 9.—Lord Kitchen, in a despatch from Pretoria yesterday, announces that a post of 25 British soldiers, belonging to Steinsacker's Horse, on the Sabi River, has been surprised and captured by the Boers.

Lord Kitchen reports also the surrender at Warm Baths of Commandant Revelliers, who was second in command to Boers.

Mr. Kruger's Mental Condition.

London, Aug. 9.—A special despatch from Rotterdam says the mental condition of Mr. Kruger, is arousing serious apprehension. A specialist in nervous diseases has been summoned by telegram from Berlin.

Kitchener is ill.

Paris, Aug. 9.—Rappell, in a Cape Town despatch yesterday, asserts that General Lord Kitchen will shortly return to England on account of the serious state of his health.

Victoria Crosses Received.

Ottawa, Aug. 9.—The Militia Department learns that the officer commanding the Imperial forces at Hall's post has received the Victoria Crosses earned by Lieut. Cockburn, Toronto; Lieut. Turner, Quebec, and Sergeant Holland, Ottawa, with instructions to distribute them. An effort will be made to have the Duke of Cornwall at York present the coveted decorations.
